Ph 242 3344

### LIFE MEMBERS

D. Brown; J. Strong; B. Klein; \*N. Knight; D. Edwards; V. Davis; G. Holman; L. Dunn; E. Parker.

## CLUB ETIQUETTE

### MEETINGS

The monthly GENERAL MEETING is usually held on the second Wednesday of each month at 8pm. All members should endeavour to attend the meeting so as to keep up with club matters.

### DRYCASTING

Casting is usually conducted on the first Sunday of each month. Instruction is given to all new members and a competition is conducted to improve and maintain the standard of our members casting.

### FIELD DAYS

These normally follow each general meeting on the ensuing weekend. It is compulsory for anglers to attend both the sign-on and the weigh-in. Anglers who cannot attend the sign-on for work or other unavoidable reasons may make prior arrangements for a late sign-on. However, only under very exceptional circumstances will failure to attend weigh-ins not be penalised with the loss of points acquired during that field day.

It is the Field Day Officer's duty to inform the committee of any anglers who fail to attend the weigh-in. It is the committee's duty to decide what action is to be taken.

Disputes may be taken to the committee.

Entries for Game Fish Badge, Club Records and Open Fishing Competitions must be lodged with the Recorder within 30 days of capture.

### COMMITTEE MEMBERS

Please notify the Treasurer and Reel Talk Editor of any change of address or phone number.

### GENERAL ETIQUETTE

If you intend to resign from the club a letter of resignation should be forwarded to the Secretary.

Please assist the Treasurer by paying your subscription with-in 28 days of the Annual General Meeting. Arrears of 3 consecutive months may cause forfeiture of membership.

CLUB ACTIVITIESFEBRUARY GENERAL MEETING

- WHERE - St KIERANS CATHOLIC CHURCH, Cnr Cape Street and Tyler Street, TUART HILL
- WHEN - WEDNESDAY, 16th February, 8.00 pm.
- INSTRUCTION - There will be a talk on reading the beach and fishing conditions with comments relating to our Bluff Creek venue.

FEBRUARY DRYCASTING DAY

- WHERE - YOKINE RESERVE
- WHEN - SUNDAY 7th February 1993, 8.30 am
- EVENTS - 112 gram Level Line D/H Accuracy  
112 gram Artificial Bait S/H Accuracy

FEBRUARY FIELD DAY:

- WHERE - HILL RIVER - JURIE BAY
- WHEN - 13th & 14th February
- SIGN ON - 1.00pm at Park near Shell Garage at Cervantes.
- WEIGH IN - 9.00am at the above location.
- BOUNDARIES - Cervantes - South Point Jurie Bay.

FEBRUARY LOCAL FIELD DAY:

- WHEN - 13th & 14th February
- SIGN ON - Phone in to the FDO by 8.00pm on the Friday night.
- LINES DOWN - 1.00 pm on the Saturday.
- LINES UP - 11.00 am on the Sunday
- WEIGH IN - By 12.00 am on the Sunday at G. Holman's house. Scales will be available on his back patio. Weights must be witnessed by an adult. Results to be phoned in to the FDO by 8.00 pm that night.
- BOUNDARIES - North Mole to Mindarie Keys.
- F.D. MONEY \* To be left at scales in envelope with members name or no points will be awarded.

MARCH FIELD DAY:

- WHERE - BLUFF CREEK
- WHEN - L.W.E. 27th February to 1st March
- SIGN ON - SATURDAY at 1.00pm. Bluff Creek camp site.
- WEIGH IN - SUNDAY 9.00am at the same location.
- DIRECTIONS - See item elsewhere this issue.

MARCH LOCAL FIELD DAY:

- WHEN - L.W.E. 27th February to 1st March
- SIGN ON - Phone in to the FDO by 8.00pm on the Friday night.
- LINES DOWN - 1.00 pm on the Saturday.
- LINES UP - 12.00 pm on the Sunday night.
- WEIGH IN - By 12.00 am on the Monday at G. Holman's house. Scales will be available on his back patio. Weights must be witnessed by an adult. Results to be phoned in to the FDO by 8.00 pm that night.
- BOUNDARIES - Hillarys Marina to Yanchep Lagoon.
- F.D. MONEY \* To be left at scales in envelope with members name or no points will be awarded.

APRIL FIELD DAY:

- WHERE - ESPERANCE  
 WHEN - Times set for State Championships  
 SIGN ON - Prior to start of State Championships  
 WEIGH IN - Immediately after State Championships weigh-in.  
 \* Fish will have to be gutted and gilled as per normal club rules.

APRIL LOCAL FIELD DAY:

- WHEN - 10th & 11th April  
 SIGN ON - Phone in to the FDO by 8.00pm on the Friday night.  
 LINES DOWN - 1.00 pm on the Saturday.  
 LINES UP - 11.00 am on the Sunday  
 WEIGH IN - By 12.00 am on the Sunday at G. Holman's house.  
 Scales will be available on his back patio.  
 Weights must be witnessed by an adult. Results to be phoned in to the FDO by 8.00 pm that night.  
 BOUNDARIES - Cockburn Sound to Mindarie Keys.  
 F.D. MONEY \* To be left at scales in envelope with members name or no points will be awarded.

## ~ BLUFF CREEK FIELD DAY ~

Bluff Creek is only accessible by 4WD and is East of Albany. Beach access is easy and there is kilometres of good fishing water. The camp site is near a fresh water creek, "great for muddy little urchins" (or washing off the salt), with other camping spots nearby if you wish for some solitude. Fish species range through Silver Bream, Herring, large Trevally, Flathead, as well as other varieties. This all makes it ideal for children.

One method of getting to Bluff Creek is to go down the Albany Highway to Mount Barker and then East on the Mt Barker/Porongurup road. Then go South on the Chester Pass Road approx 20 kms and turn onto the Kalgan/Napier road. After 6 kms you turn onto the South Coast Highway. Continue on through Manypeaks and approx 30 kms further on you turn South on to Warriup Road. (DON'T go down Bluff Creek Road which is before Warriup) Go approx 18 kms and you will come to a turn off to the right which goes to a quarry, with a farm entrance and a lake to the left. A couple of hundred metres more and you come to a poorly defined track going off to the right. This we hope to mark with a club flag with the first person going down on Friday. Take this track and you will come to a fence line. Drive with the fence line on your right and you will eventually get to the camping area.

NEW COMMITTEE MEMBER

Bob Hardie has sent his resignation in, regarding his position on committee, because he and his family are now moving to Kalbarri. We therefore need a volunteer for committee and it would be even more appreciated if said volunteer would be prepared to do the cheese and biscuits and raffle at our general meetings. Contact Derry Barber our President.

JANUARY DRYCASTING

SUNSHINE...SUNBURN...Yes, it's that time of year, you know what I mean...SUNBURN. A possible new member found this out at our January Drycast. He put suntan lotion on all but his feet, an area that we don't really think about. This oversight put Lou off work for two days with first degree burns to the top of his feet.

I would like to commend the members of the club who gave assistance to Lou on the day as he had only had his fishing rod for three weeks. He started casting 20 metres out and 50 up but by the end of the morning Lou was casting 70 metres...not bad!

Attendance was down for January due to the holidays and one member was attending a wedding. I hope to see you all at the February cast as you will enjoy good company, gain more distance and accuracy in your casting which benefits your fishing...just ask Lou!!

Regards, Mark Philpot

## PRESIDENT'S REPORT

Welcome to 1993, the year that Surfcasters promote "Fishing, Drycasting and Fun" with the commencement from February of our recruiting drive supported by the Buddy System which will be the future and lifeblood of the Club.

### FIELD DAYS:

A Sub-Committee has commenced working on a format for Field Days with the following as priorities:

- \* Venues and months of the year to which those venues have proven to fire (ie. White Hills - December/January)
- \* To tie in Field Days to suit both Moon and Tide, not necessarily the following weekend after a general meeting. Priority being the result, not set weekend dates.
- \* One large trip per year.
- \* Initial list to comprise of at least five venues and times to suit priorities apart from the above mentioned Annual Trip.
- \* To promote Fellowship, Comradeship and Fun, eg. Venues such as Bluff Creek where we can camp and fish within a reasonable vicinity and include a barbecue for all attendees - Focus on putting fun into the outing.
- \* To consider the above priorities ahead of other scheduled events - to prioritise the purpose for which we joined the club being to catch fish, enjoy comradeship and enjoy a fun time out.
- \* Watch travelling time, ie. to go deep South for a weekend is possibly asking too much.

What would you like the club to consider as a Field Trip, bearing in mind the following parameters?

- \* To promote fun and fellowship
- \* To promote competition
- \* Be different - Express a new idea

Devise your own format and conditions, eg. say a phone sign-on on Friday night, with a one day basically local fishing trip, either Saturday or Sunday, with competition rules being as follows;

- Two different sets of boundaries
- Optional starting time for first boundary
- All meet at second boundary at 4.00 pm and fish to 8.00 pm
- Weigh in and sausage sizzle at a designated venue, possibly a members home near the last boundary.

The above example is simply to assist the thought process. Use your initiative. We welcome your new ideas and are prepared to consider same. Give us your thoughts.

Looking forward to a Fun New Year!

DERRY BARBER  
PRESIDENT

PS: Please read the By-Laws previously issued and note your comments as it will be brought forward for acceptance by the members at the next General Meeting.

### \*\* BY-LAWS \*\*

Part of our next meeting will be taken up with the finalisation of the By-Laws of the Club. So to make it easier, peruse your By-Laws and make sure you are happy with them, or alternatively have your points for alteration ready. That way we won't spend all night on this topic.

**LETTER FROM THE HARDIES**

Dear Committee Members,

As you should all know by now that as from the 4th of February we will have pulled up stakes and moved on, therefore I have no option but to "pull the pin" as the saying goes on the committee side of things. The family and myself wish to express that this is not a parting of the ways - but an extension of the Surfcasters Association, working in ways to further expand the club's activities. I have enjoyed working with all the members, and will I'm sure, miss the down to earth discussions held at various members homes. I'm also sure they were well worth it, as I feel the club is becoming stronger and more mature because of them. I did feel sorry for the members who had to rise early the next morning for work.

Now a little for Rom, the new address is,

Lot 761, Glass Street, c/o Post Office KALBARRI 6536

Got to have somewhere to send the bill EH! Please tell the rest of the club members, so as when they arrive at Kalbarri they can receive the latest in fishing info and can then catch up on a few beers. Andy has been telling everyone he meets his new address is; care of the Beach, Kalbarri - via Wageo. See you'se all up there.

The Hardie Family

MANDURAH \$500

All the financial result is not available at this time but it would be fair to say it will be down on last year's figures. Attendance was less, we spent more on printing and advertising, the opening of the Marron season was heavily advertised for that weekend, along with other Mandurah Festival events. All in all though it was still a success and the location at the Peninsular Hotel was a plus. A lot of favourable comment from public and competitors on location and the efficient way the event is run along with the prizes, cost and format were received. Mike Roenfeldt's summary in the "West Australian" vindicated this.

Next year's event should be run on the weekend following the new year to get the holiday crowd and hopefully beat the opening of the Marron season.

A few bouquets: Firstly to Mark Philpot who not only arranged the \$500 shortfall in the main prizes but also through a lot of hard work got a lot of good trophies for the various sections. He worked his butt off. Eric Parker worked tirelessly as Treasurer and trophy co-ordinator and was also responsible with Mark for the great array of trophies available for the competitors...a real backstop!!

Peter Osborne as co-ordinator arranged the Healthways grant and the smooth running of the event which culminated in the good reports the club got. Peter knows the ropes and did a lot of work towards the event. You the members rolled up on the Sunday in particular, which was great to see and made the work-load easy. Working together is what it is all about and if we make a few dollars for the club even better still.

To Christine Osborne and her boyfriend Lewis many thanks for their help in signing people on and for selling the raffle tickets in the Hamper which gave us a good result.

A good effort by all for a good result. The club needs a function such as this for it's existence as without this financial result we would be in trouble. As we have a lower membership, the country's in recession and costs have gone up we need to keep a very keen eye on club finances.

If we want to be critical of the way the Mandurah 500 was run some members made the point that communication could have been better and felt that more should have been dealt with at general meetings so that more could have been involved and shared the work load.

All these points have to be raised so we are aware of them and can be taken into account if we run this event again next year. This will be the question asked of you the members at our next meeting.

If members feel they have had enough then they need to have an alternative money raiser as we can't run a club on nothing. You get back what you put in!!

---

NOMINATION FOR MEMBERSHIP

The following application for membership has been received and will be brought before the next committee meeting for approval. If any member has any reason for not accepting the new applicant, they should contact a committee person before then and state their reasons.

HAROLD HODGSON

DIANELLA WA 6062

FIELD DAY COMPETITION  
1992/93

## SECTION.

## DECEMBER

1) HEAVIEST SCALE FISH (1st 6mths)	- S Reeley M/J	SALMON	4.55 kg
2) HEAVIEST SCALE FISH (2nd 6mths)	-		
3) MOST MERITORIOUS FISH	-		
4) HEAVIEST SHARK (4.5kg min)	-		
5) HEAVIEST MULLOWAY (1kg min)	- J Reeley		4.25 kg
6) HEAVIEST TAILOR (1kg min)	-		
7) HEAVIEST SALMON (3kg min)	- S Reeley M/J		4.55 kg
8) HEAVIEST TREVALLY (1kg min)	-		
9) HEAVIEST MACKEREL	-		
10) HEAVIEST BAG - SCALE FISH	- J Reeley		15.00 kg
11) HEAVIEST BAG - MULLOWAY	- J Reeley		4.25 kg
12) HEAVIEST BAG - TAILOR	- M Head (Snr)		5.01 kg
13) HEAVIEST SCALE FISH S/H ROD - 4kg b/s Line max	-		
14) HEAVIEST SCALE FISH 2kg min - Other Than Sect 3 - 9, & 13	-		

SOLUNAR CHARTS

There will be some of these charts available at the next General Meeting at a cost of \$6.00 through the Anglers Association. Jim Strong will be the person to see.

OPEN COMPETITION 1992/93

- 1) MOST MERITORIOUS FISH
- 2) HEAVIEST SHARK - (4.5kg min)  
I Cook, 30.00 kg, Bait - Wrasse, Line 40lb, False Entrance.
- 3) HEAVIEST MULLOWAY - (3.0kg min)  
M White, 10.00 kg, 4oz sinker, Mulie 3/50 rig, 35 Vo line, False Entrance.
- 4) HEAVIEST SALMON - (3.0kg Min)  
I Cook, 3.80 kg, Mulie, 3.91 Pretest line.
- 5) HEAVIEST DHUFISH
- 6) HEAVIEST TAILOR - (1.0kg min)
- 7) HEAVIEST SAMSON FISH
- 8) HEAVIEST SCALE FISH - S/H Rod (4kg or 9lb line max)  
I Cook, 4.50 kg Snapper, Blue bait, 3.9 kg line, Causeway, Shark Bay.
- 9) HEAVIEST PINK SNAPPER  
I Cook, 4.50 kg, Blue Bait, 3.9 kg line, Causeway, Shark Bay.
- 10) HEAVIEST TARWHINE - (Silver Bream)
- 11) HEAVIEST MACKEREL  
D. Maxted, Spanish Mackerel, Balloon rig, Gardie, 40lb line, False Entrance.
- 12) HEAVIEST TREVALLY - (Southern 1.0kg min)
- 13) HEAVIEST TREVALLY - (Northern 1.0kg min)
- 14) HEAVIEST SNOOK/PIKE
- 15) HEAVIEST SCALE FISH - Other Than Sections 2-14 (2.0kg min)

## KALBARRI INTERLUDE

Hi once again fisher folk. As I do each year at around about this time, I've just spent 10 glorious days at Kalbarri - glorious in that it was good to get away from the rat race of the city and relax but not so good in that the weather was adversely effected by this meteorological aberration they call the El Nino Effect. Would you believe that at this time of the year we had a few days of gale force winds, pelting rain and near freezing temperatures. Despite this I still managed enough trips to the beaches to keep the freezer stocked with enough fish to last at least a few weeks. However if you look at the amount of effort involved, the hours spent fishing were not commensurate with the weight of fish caught. I guess that anticipation of matching the huge catches of bygone days is rather unrealistic when you consider the pressure on fish stocks these days caused by demand, undersize capture and the like. My total catch was 27 Tailor averaging 1/2 a kilo (a pound in the old currency) and two Mulloway of 4 and 5 kilos respectively. I hooked another fish, the weight of which I'll never know because after about 10 seconds it decided that Mulies these days don't taste like they used to and spat it out. I reckon though that it would have weighed around the 15 kilo mark.

Anyway, besides being an avid angler I'm also a lover of native flora and fauna and the National Park always has plenty of both to offer - so even if I hadn't caught a single fish I'd have been more than happy.

On the subject of happiness, I can't let this occasion go without offering congratulations to all the club members who have put so much of their time into refurbishing the house in Mallard St. Unless you visit regularly you probably wouldn't notice any great changes from the outside - but to me it was immediately evident that some fairly extensive clearing had taken place. Gone were all the fallen leaves near the fence and gone also were a number of lower branches from the two beautiful Eucalypts including one troublesome bough which inhibited the use of the front yard as a conveniently circular driveway. I must admit to a feeling of trepidation after Eric had told me that the busy bee included a session of extensive tree pruning. However my fears were quickly laid to rest as we rounded the corner to Mallard Street, there they stood in all their majestic glory - and in a tidier shape than on previous trips.

Once inside we were amazed at all the changes and improvements that had taken place. The most significant difference hits you in the face as soon as you walk in the front door - the paint job. All the walls have been painted a nice neutral creamy pastel shade and the ceilings white - in contrast to the old seasick green/turquoise that they used to be. To put it in more professional terms, Angela described it as tasteful designer co-ordinated colours!

**In The Lounge:** The strange partial walls (which looked like they once supported a curtain or a concertina door) have been removed, giving a feeling of spaciousness and allowing for a greater degree of individuality if you decide you'd like to rearrange the furniture for the duration of your stay. The bench seat which partially adorned two of the walls (another movement restricter) has been removed. A colour Television set has appeared. New neon light fittings have been installed. The door closer on the flyscreen has been fixed. The cracked pane of glass in the front window has been replaced.

In The Main Bedroom: A new bed head, bed spread and a board fixed to the base to improve the concave shape which all beds eventually assume (although we always bring our own thicker boards - we've got bad backs). The gap in the ceiling has been fixed and both neons work. The doors on the wardrobes in both bedrooms have been removed (at least you can now see at a glance whether you have left anything behind when you leave). The spare drawer which contained all sorts of hardware and sat on the top of the wardrobe since day one has gone!

In The Kitchen: For the cook, the kitchen is now a positive delight to work in. New melamine bench tops have been installed and extended between the sink and stove and beyond. New wall tiles have been affixed above the bench top for its entire length. The mismatched crockery and cutlery has been discarded and new sets acquired. As far as the cook is concerned, the most useful inclusion is the microwave oven; there is also now a good quality stereo radio with which the fisherman can easily pick up the all important weather forecasts. The only thing I personally missed in the kitchen is the large freezer however, on this particular occasion (due to the paucity of fish) it was hardly necessary.

In The Second Bedroom: The bunks (including the one in the lounge) have had sturdy timber composite boards affixed to their bases. The mattresses have new covers and protectors fitted and new pillows have also been acquired.

In The Laundry: The battleship grey, Government issue locker has been removed.

In The Bathroom: A new wash basin/vanity unit with mirror and single outlet with dual taps. An exhaust fan and double power points have also been installed.

Finally, In The Backyard: The old bird roost, which could have passed for an OTC antenna or maybe even something on which to dry one's clothes, has been removed and instead - a real rotary clothes hoist.

There is also a brand new rubbish bin at the front with which the local Garbo had an unfortunate accident while we were there. In putting the bin out the night before, I had placed a couple of large rocks on top of it to prevent marauding dogs (quite a problem up there) from knocking it over. In the morning the silly Garbo tried to do an Arnie Schwarznegger and pick up the lid without first removing the rocks - result, he was left sheepishly holding only the handle. Our Kalbarri cleaning lady, Sandy Potter (for whom nothing is too much trouble) said she would have it pop riveted back on.

So all in all, though it is not yet quite five star class, it has progressed from being just a fisherman's hut to comfortable, functional, holiday accommodation.

John Lee

---

### KALBARRI COTTAGE

Members are reminded about bookings for our cottage at Kalbarri and that if you want a good cheap holiday contact our property officer, Eric Parker and make a booking. Also if you know of anyone (friends etc) who are contemplating a holiday....give them the good oil and tell them to contact Eric.

---

## ANNUAL DINNER & DANCE

This event will be held on Saturday, 26th June at the Wembley Lodge so with a bit of pre-thinking and planning it will be a real success.

Why mention it now you may ask? Well, one of the problems is cost or money so to offset this our Treasurer, Eric Parker, is prepared to take monies for the dinner now - you can pay it off at \$10.00 per month and make it easier. Cost of the dinner at this point looks like \$25.00 per head which includes 4 course Dinner, Sherries and nibbles at the entrance, hall, band, stewards and mixer drinks at the tables. Members will need to buy their alcoholic drinks. The club will be subsidising the dinner for around \$500 but because of the drop in membership and club costs we have got to watch our budget. This also means we can bring friends and relatives and it doesn't effect the club finances.

So hop in early...think ahead...and make this a good roll-up and night!!

### CANS

### CANS

### CANS

MEMBERS....Don't forget to save all your empty aluminium cans and bring them along to the club meetings and give them to MALCOLM HEAD. Mal knows what to do with them and through his efforts you (the members) receive the benefits come the annual dinner and dance.

SUPPORT MAL AND SUPPORT YOUR CLUB  
(Thanks Malcolm Head)

### "SMELLY FISH" A Letter to the Editor

I have it on good authority...that one of our members decided to clean his freezer so out went all the old fish. The decision was made that he would put them in the back of his HiLux and take them to the tip. Thinking he had got rid of all the oldies he went on his merry way.

One day...two days...a week went by with temperatures 35-39 degrees and a smell started to slowly filter out. Thinking it was his bin he spent the best part of a morning cleaning it. Great! All fixed!! Even a close friend was taking a deep breath and giving the HiLux a wide berth when walking near it! By this time the flies were even refusing to go near the white HiLux.

Our anonymous member (six foot tall) went to the shopping centre and upon returning to his vehicle finally realised the smell was in his HiLux. Upon lifting the canvas in the back he found one very green and smelly fish with lots of wriggles.

The moral of the story is eat all the fish you catch or at least count all the fish you put in your car, or you too can have green fish with white rice!!

# FIELD DAY VENUES

## 1992-1993
