

Dry Casting Report - 7 February 2016

This was going to be the type of day that was going to test us with the temperature expected to reach 40 degrees along with a good moderate north easterly wind at 30km/h, almost head on.

The new laser is working well and is quite easy to use.

There are a few of the old faces back again, which was great to see. Bob Henderson, Shane Wignell and Geoff Raftis were a welcome sight. This might be a good sign for the future.

With only 2 in the mens division it wasn't hard to pick first and second. Shane Wignell had the longest 56gr at 103m along with the best 112gr at 122m.

Jeff Hewton had the longest artificial bait at 104m. Shane also won the double handed accuracy at 98.

We had a visitor on the day by the name of Allan Davies, who I have been trying to get for quite some time to come along to have a cast. He has always sounded quite interested, so I am hoping to see more of him in the future.

Some interesting scores in the vets double handed accuracy with the lowest being 131. Bob Henderson took out the honors with 153 followed by myself with 148.

There were 4 bull's-eyes on the day, Geoff Raftis had one in the double handed accuracy, Bob Henderson had 2 in the double handed and 1 in the single handed accuracy. Bob and Gary shared first place in the single handed accuracy with 27.

In the Vets distance I had the longest 56gr at 133 and 137m. The artificial went to myself with 118m and Gary with 103m. I had the longest 112gr with 151 and 145m.

A big thank you to all who helped with the packing up.

Just a reminder that you must sign the book along with the slip provided and pay your fee. This should be done as soon as possible to allow me enough time to organize the casting and score sheets. It is not up to me to remind people about this ongoing problem.

Ron Thomas, Dry Casting Officer 2015/16
