CLUB ETIQUETTE

MEETINGS

The monthly GENERAL MEETING is usually held on the second Wednesday of each month at 8pm. All members should endeavour to attend the meeting so as to keep up with club matters.

DRYCASTING

Casting is usually conducted on the first Sunday of each month. Instruction is given to all new members and a competition is conducted to improve and maintain the standard of our members casting.

FIELD DAYS

These normally follow each general meeting on the ensuing weekend. It is compulsory for anglers to attend both the sign-on and the weigh-in. Anglers who cannot attend the sign-on for work or other unavoidable reasons may make prior arrangements for a late sign-on. However, only under very exceptional circumstances will failure to attend weigh-ins not be penalised with the loss of points acquired during that field day.

It is the Field Day Officer's duty to inform the committee of any anglers who fail to attend the weigh-in. It is the committee's duty to decide what action is to be taken.

Disputes may be taken to the committee.

Entries for Game Fish Badge, Club Records and Open Fishing Competitions must be lodged with the Recorder within 30 days of capture.

COMMITTEE MEMBERS

Please notify the Treasurer and Reel Talk Editor of any change of address or phone number.

GENERAL ETIQUETTE

If you intend to resign from the club a letter of resignation should be forwarded to the Secretary. Please assist the Treasurer by paying your subscription within 28 days of the Annual General Meeting. Arrears of 3 consecutive months may cause forfeiture of membership.

PRESIDENT'S REPORT

On behalf of the Committee and the Club I am pleased to report the decisions and actions now taken as a result of the last General and Committee meetings re the following:-

Two great fun Social events which are detailed in this Reel Talk have now been booked - see "A fishing flavour" and "A Fishing Favour".

We need the full support of all club members to make the numbers required which includes each of us inviting a friend to attend these social functions and make a great fun night out for all the "Fishing Flavour" is a family fun night and we look forward to seeing all members with their families and friends at this social and fund raising function being our main social event for 1993. Bookings at the ensuing general meeting on Wednesday 10th of March.

NOTICE OF SPECIAL GENERAL MEETING
ON WEDNESDAY 9th MARCH AT 8 pm
AT ST. KIERNANS HALL CNR. CAPE AND
TYLER STREETS, TUART HILL.

"All club members requested to attend".

The charter for Surfcasters for 1993 is "Fun" - "Fishing and Drycasting" and recruiting which in part has been addressed by the previous announcement of two social events.

This special meeting on Wednesday 9th of March will address one of the most important areas of the club being the Field Day fishing venues for the forthcoming 12 months season.

A separate section of this Reel Talk is devoted to this end and shows the recommendation of the sub committee for the May 93 to April 94 Field Fishing Trips for discussion with members.

No specific dates are shown as these proposed venues which are in month order will when finalised be reassessed utilising club experience and computer technology using solar, lunar and barometric (ie: moon/tide and prime fish feeding times the so called maori or polynesians fishing systems). This means that the field fishing trip dates won't necessarily follow the general meeting dates as is the current practice.

Consideration will also be given to the current costs of the club and the means to which the club needs to address to meet those costs

We need to have at this special meeting all club members. Please make every effort to attend. Looking forward to working with you to make this year 1993 a fulfilling and fun year.

FIELD DAY REPORT
HILL RIVER to JURIEEN BAY Feb 93

I awoke at 7 am and put the final preparations into my gear. Malcolm arrived at 8 am and we loaded up the Hilux and headed for John's place. We drove in convoy, taking it easy and arrived in Cattaby in approximately 2 hours. A quick bite to eat and on the way again.

We arrived at Shell Cervantes for the sign on around 11.30 am and discussed the game plan for the venue. The attendance was poor with 6 members, 1 junior, 1 mini-junior and 1 visitor.

We all departed at 1 pm and in Ian's haste to catch Tony he left his all important Field Day Record Book behind. Mal spotted it, so in the back of the Hilux it went. All in pursuit of our fearless leader Ian, we went trudging through the bush heading for Kalgoorlie not the beach.

With great concern for rod tips and runners, Malcolm and John decided we would make our way to the beach with or without Ian and Bandit. With a little back tracking we found a well defined track with no risk to our terminal tackle and in 10 minutes we were at our spot.

John, Scotty, Mal and myself parked the 4x4's behind a spot we thought was called Black Rock. The big rocks gave great shelter from the strong South Westerlies and made a basic camp.

With all the gear ready we began fishing around 3 pm and a very slow afternoon session provided no more than 2 or 3 undersized Whiting. Evening came with myself, Mal and John all landing 1 Herring and 1 Tailor each. Little Scotty had a tussle with what he thought was a small Mulloway which threw the hooks right on the beach.

Into the night and a few fishy stories were told when John hooked what he believed to be a stingray. Ten minutes later I gaffed a ray which John estimated at 50lbs, which was then quickly released. Half an hour later the same occurrence repeated with myself hooking up to a sizeable ray. Twenty minutes later John gaffed a ray estimated at 60lbs which had the hooks removed and was released. A quick tea was had and then off to bed around 11.30 pm.

With an early rise at 3.45 am, I began to make the coffee. 4.15 am and we began fishing with a good little bite on small Skippy and the occasional Herring.

Around 6 am Malcolm thought he had 1 species ahead of us when he landed a small Mackerel, but myself and John managed to settle the score with one each ourselves.

Tony arrived and we fished on with Tony landing a Gardie for species.

A quick clean of the fish and we packed up camp and were about to head for the weigh in when Ian arrived, so we had the weigh in at the spot. A slightly distressed Ian was asking if we had seen the Field Day Book which we all denied. A frantic Cookie was ready to head back to Cervantes when someone gave in and handed the book back to him. A relieved FDO continued the weigh in and John, Mal and myself weighed in around 1 dozen Skippy, 1/2 dozen Herring, 1 Tailor and 1 Mackerel each.

Ian weighed in a small bag along with Scotty's nice bag when Tony pulled out a good bag of fish including a nice little Black Tip Whaler.

We packed the fish away and headed back to Cervantes to pump up the tyres and head home. A quick stop at Cervantes and we set off again. At Cattaby we had a quick bite to eat and then headed towards Perth.

A few kilometres down the track and we found Bob and Matt Henderson with visiting friend Graham on the side of the road with a blowout. After a quick tyre change we were on our way again. After about two hours of steady driving at around 90-100 kph we were home and Mal dropped me off and we unloaded the car. So overall a good trip with good numbers of small fish but a pity about the attendance. Let's hope there's a better turn out for Bluff Creek.

ROTTNEST FIELD DAY

15TH - 16TH MAY 1993.

" Come and join use for a fun and excitment filled wsekend. "

This is one of our clubs most enjoyable field days and has a history of producing very good fish captures. The species caught are very varied and there is the chance of some large salmon and yellow tailed kingfish. Some of the fairer sex of the club have caught very good bags in the last few years. It is also a great trip for close comaraderie as we fish together and are able to socialise back at the settlement. The anticipation of looking down onto Radar Reef when we arrive at West End never fails to quicken the heart beat on the bus trip out. The heart beat is very quick after the climb back up heart attack hill. If the weather is good it is magical to watch the Dolphins surfing and see the first salmon leaping on the end of your line.

The format for this F. D. will be similar to the last year. E.T.D. Hillarys 0830 on the Saturday, E.T.A. Hillarys 1700 on the Sunday. Bus times will be advice at the MAY general meeting.

* NOTE

A firm commitment as to the number of people who will be attending and **payment** will be required at the **APRIL** general meeting, for bus and accomadation. If the numbers are insufficient then the field day will be cancelled. Cost will be in the range of \$35 -\$42 for accommodation and transport depending on the number of members that go. Ferry cost as at the current rate of \$34 /head. Members who pay early will have first option to go. If we are resticted in not having multiples of 6 we will hold a ballot at the April meeting.

Proposed format will be similar to the last August field day.

** BOTTLES & CANS **

APOLOGY

An apology from the Editor for the leanness of this issue. All the articles and reports that were coming are still coming!!

* * LATE NEWS * *

I was requested to check with Angus Horwood re Mackerel Islands for 1994 as a planned Club event.

He recommended April or August to get the better fishing off the shore and it would enable some concession on tariffs. He is forwarding details which will be available next General Meeting. The tides play a big part in the fishing off the Island as it is mostly Reef country, but as the tide comes in excellent lure and baitcasting is available. The other benefit is small tinny fishing off the Island. The tinnies come with the accommodation and the surface and bottom fishing is excellent.

BOB HARDIE REPORT

Had a phone call from Bob Hardie, who along with his family have moved to Kalbarri to live.

Bob informed me that he will endeavour to give us a report on Kalbarri each month via the "Reel Talk" so that he can keep us informed on what is happening up there and what fish are being caught so that he may give us the.....pip!!

He just happened to mention that a few Mulloway around the 14kg mark were caught that week and that Tailor were still around. Also good Whiting in the river along with small Bream in plague proportions!!

We wait with "baited" breath Bob!!
