PRESIDENT'S COLUMN:-

Members,

Well October has passed us by, with Field Day before the monthly meeting it appears that way.

The October open Field Day had an average attendance by the reports I have received, but still could do with improvement. May be members were too confused on where to go. One reason for this I feel is members changing the Field Day the month before which does no good for the Club and attendances on Field Days. Hope to see a good roll up at our Wedge Island Field Day for November. Should be Taylor and Mullaway around I hope.

Congratulations to one of our new members Jim MacDougall on his recent marriage and make sure you get some fishing in whilst on your honeymoon Jim.

Had the pleasure of going upto "Wagoe" with Dick Stevens and the "Wirra King" with Tony Richardson. Generally the fish were hard to come by but Tony got stuck into some tackle busting Wirra's - ask Tony on how to catch these giant predators of the deep. Whilst on the way back from "Wagoe" Dick Stevens was heard to say "hope we get back on time", reason being it was Dick's 26th Wedding Anniversary - congratulations to you Dick and Mrs. Stevens.

Good to see John Reeley hopping around at the meeting, well on the road to recovery. His foot might be still sore, but hasn't lost his flare for talking. Hope to see you fully recovered very soon John.

Lets all make an effort to attend next months functions. Until then tight lines.

RIC PARKER

REEL TALK

OCTOBER CASTING REPORT

Sorry, no time for a decent report this month.

Briefly, conditions were shocking, with a howling cross wind.

This cast was combined with the 5th selection trial, and a lot of visitors attended to participate. The 6th and final trail will be December 2nd. Don't forget!

Due to time running out, and lousy conditions, the single-handed open was postponed till next month.

See you there.

KING GEORGE

FISHING HUMOUR AND TAILS

A blackfish is a luderick,
A beardie is a ling;
A jewfish is a mulloway,
And a prawn can be a king;
A nannygai's a redfish,
A morwong is a bream;
But a mullet is a mullet,
And that's good enough for him.

Said the mullet to the herring,
'Does your brother have a flipper
Said the herring to the mullet,
'I am not my brother's kipper.

The smallest Australian fish is the Goby which measures half an inch when fully grown. He has a brother in the Philippines which grows to a maximum of one eighth of an inch. The lightest Australian fish is the Floater, which lives in our coastal waters. If you can catch one in a fine gauze and find a scale delicate enough to weigh him, he will scale less than one-thousandth part of an ounce.

FIELD DAY REPORT - OCTOBER '84

For those members who attended the long week end Field Day at the 'S' Bend Caravan Park it proved to be most successful both from a social and Club outing.

On the social side, several Club members families camped at the park and appeared to thoroughly enjoy themselves as the owner (Robbie) organised a softball match on the Sunday afternoon where the surfcasters were pitted against two other fishing clubs namely the "King Fisher" and "Paradise" fishing clubs, unfortunately the surfcasters just lost the match by a couple of runs.

A barn dance was also organised for Sunday night and most of us attended and joined in the fun and games.

Robbie arranged a sheep-on-a-spit at Sunday lunch time wherein we all had a taste of Lamb with our beer.

On the fishing side most members and visitors all caught a few reasonable size Tailor each with George Holman and Frank Sutton adding to their bag a small Shark a piece, Ron Wintle caught a nice size Mullet and I managed to catch a 1.85KG Tailor.

George Holman caught the heaviest bag overall including the other two fishing clubs there, and Robbie has recorded the details for a trophy for George.

Members, families and visitors for the week end totalled about 30 and overall everything ran very smooth and even the weather was fine apart from a shower on Monday morning when we were preparing to leave.

O. WINTLE
