NEXT GENERAL MEETING (August)

Our August General Meeting will be held at the National Fitness Council Pavilion, 50 James Street, Perth, on Wednesday the 7th August, 1963 and will commence at 8 p.m. SHARP.

INSTRUCTION PERIOD

Recently one of our members, Bill Bridger, who is well known by his prowess of "sending the sinker" at Drycasting has just returned from a holiday trip to Manilla, Hong Kong and Singapore and whilst away is reported to have sported himself a new camera, projector etc. and if Bill can take pics. as well as he can cast I am quite sure that we will have a most interesting evening of viewing some of the highlights of those faraway places that quite a few of us might never see.

In the event of Bill not being able to make this evening Alan Bunnett will give an explanation on our Drycasting Rules for the benefit of new members and answer any questions that might arise.

LAST COMMITTEE MEETING (July)

The last Committee Meeting was held at the residence of Bob Tichbon and his good wife Pat, to whom we are indebted for their hospitality. Our many thanks Bob and Mrs. Tichbon and also to the other ladies who helped with the supper. The business of the evening was quite extensive and was not concluded until 12.40 p.m.

NEXT COMMITTEE MEETING (August)

The next Committee Meeting will be held on Friday, 16th August at the residence of :-

Ken Wiggins

22 Bishopsgate Street,
VICTORIA PARK.

ANNUAL GENERAL MEETING & ELECTION OF OFFICERS

This meeting, as of previous years, was held in the Cricket Room at the East Perth Football Club Rooms, Loton Park, and although the night was cold and damp it did not dampen the enthusiasm of the 70 odd Club members who attended and it speaks well of their interest in the Club to have such a good roll-up on Election night. Though the night was cold and damp the atmosphere inside, after the Business of the evening was concluded was anything but cold - maybe just a little damp and at one stage pretty murky - what a knave to burn the pastry.

It is indeed gratifying to see new names coming up for election and the way I see it this is an indication of interest being shown by the members in our Club. Something that is essential and absolutely necessary for if any organisation is to progress it must have new blood, new ideas coming into the Committee to stimulate and boost it along and to those members who missed out I would like to offer my thanks for offering and add that maybe next time may be your turn. The voting which was counted by our immediate Past-President, Bob Tucker and scrutineered by our two only Life Members in attendance, Doug Edward and Noel Knight was exceptionally close.

Your Committee for the ensuing year is essentially the same as the previous year with the addition of two new members, Hugh Gregory and Ron Shirley whom I am sure will be an acquisition to the Committee and the Club in particular. The Club welfare in the ensuing year should be well attended to as most members on Committee have had quite a few years experience and are well aware of what is needed to keep our Club functioning as successfully as in the past.

Without going into details as regards Offices the full composition of your Committee and their duties can be seen on page 1 of "Reel Talk" as well as members' addresses and telephone numbers.

The new season has commenced ; Subscriptions
are now due and payable.

DRY CASTING - 7TH JULY, 1963

An excellent roll up of 31 members and 3 juniors made the morning an outstanding success. Firstly the attendance was the most we have had at a casting day since January, 1961, and then to top it all off we had six records either equalled or broken including the longest cast ever recorded by a member and that was Bill Bridger's 434ft. in the Open. This was a mighty effort, but judging by Alan Bunnett's 422ft. there won't be any let up in this event in future Open competition.

In the Distance Event Alan and Bill were again outstanding both equalling the record of 408ft. held by Noel Knight. Bill was a little unlucky as his sinker hit the fence. John Bellman is starting to regain his old form with a nice cast of 378ft. Bill Bridger top scored for the event with 403 - 111 - 514 with Ken Wiggins next with 294 - 180 - 474 and Hugh Gregory 290 - 180 - 470.

Bob Tichbon with an excellent score of 60/80 just managed to pip Bob Jensen 59/80 in the Double Handed Accuracy and they were followed closely by Alan Bunnett 56/80. Bob Tichbon finished his score with a nice Bull and John Bellman not to be outdone did likewise. Eleven members scored with all four casts which also is an improvement by competitors in our Accuracy Competition.

The Single Handed Accuracy was a runaway win to Bob Tucker with an excellent score of 27/40, which was just one short of the record. Bob Tichbon was the only one within striking distance with 22/40, followed by Ron Kildahl with 18/40. No Bulls were scored and only five members managed to score with all four casts. Bob Tichbon, Bob Tucker and Hugh Gregory scored with all eight casts in the accuracy events.

Once again the improvement in the distance event is obvious by the number of handicaps to be reduced as can be seen by the following list :-

W. Bridger	111 - 47	K. Wiggins	180 - 149	L. Tate	176 - 170
A. Bunnett	81 - 69	M. Doscas	161 - 151	B. Payne	180 - 171
J. Bellman	105 - 83	H. Gregory	180 - 153		
		J. Strong	174 - 155		

After three months, Bob Tichbon still going strong holds the lead with 295, an excellent total averaging nearly 100, but there is still a lot of chaps just waiting for him to weaken. Following is a list of scores with the July scores in brackets :-

R. Tichbon	(92)	295	B. Payne	(61)	164
R. Tucker	(99)	275	N. Clark	(63)	158
A. Bunnett	(110)	274	L. Tate	(57)	138
R. Jensen	(80)	254	M. Doscas	(87)	137
K. Mulvay	(81)	250	J. Bellman	(79)	136
N. Knight	(59)	248	W. Bridger	(81)	135
R. Lilly	(64)	243	J. Harvey	(25)	98
G. Greenham	(61)	229	W. Utting	(15)	97
R. Kildahl	(39)	223	H. Gregory	(87)	87
A. Livesey	(53)	218	N. Wilkerson	(a)	81
R. Shirley	(60)	217	A. Horton	(35)	79
J. Strong	(62)	204	G. Clohessy	(73)	73
H. Neil	(49)	201	K. Wiggins	(72)	72
I. McLennan	(69)	197	E. White	(26)	69
D. Beadon	(57)	171	T. Smith	(a)	65

The Open Distance started off with some excellent casting and Bill Bridger again leads in this event but it appears certain he won't have it all his own way this year. Following is a list of scores as they stand now :-

W. Bridger	434	R. Kildahl	317
A. Bunnett	422	L. Tate	312
N. Knight	389	K. Mulvay	301
J. Bellman	384	B. Payne	298
R. Tucker	377	H. Neil	298
H. Gregory	363	D. Beadon	292
R. Lilly	335	M. Doscas	289
K. Wiggins	334	J. Strong	286
G. Greenham	333	E. Sullivan	283
R. Tichbon	329	K. Martin	280
A. Horton	325	I. McLennan	230
R. Jensen	318	J. Harvey	201

JUNIOR SECTION

There were only three juniors present but these boys are good and going by the records broken each month they are improving all the time. Don Bridger really had a day out as he top scored in the Open with a cast of 287ft. He broke the record in the Double Handed Accuracy with a score of 57/80 and also broke the record in the Single Handed Accuracy with a 24/40. Congratulations Don, this was an outstanding effort. Also congratulations to Rick Jensen who equalled Ken Hunt's record of 300ft. in the Distance event. Well, the juniors are still having quite a tussle and following is a list of their scores :-

JUNIOR TOTAL POINTS

Rick Jensen (114) 334 Don Bridger (127) 299 Ken Hunt (68) 256

Rick also reduced his handicap from 171 to 162.

The events for the next casting day, August 4th, starting at 10 a.m. are as follows :-

As we created new figures in attendance this month here's hoping to see you all again next month.

CONGRATULATIONS

Though it's a fact most anglers don't mind hooking a denizen of the deep it is not often they like being hooked themselves which has happened to well-known young Club member Eric Sullivan, for I believe Eric has been caught in as much as only recently he became engaged to a lass in Rivervale. Congrats. Eric to both you and Heather, though I fail to see the connection between a new engagement ring and your new Penn Squidder. I hope it is not a case of bribery.

TREASURERS REPORT FOR TWELVE MONTHS ENDED 30TH JUNE 1963.

The following brief analysis highlights some aspects of Club Finances.

REEL TALK In relation to subscribing members at 30TH June, Reel Talk is now costing 17/7 per annum for each paid subscription including Junior members. This will need the consideration of your Committee this year.

TROPHIES The expenditure on trophies for the twelve months under review was £22-12-11 greater than for the previous twelve months. This comparison is not completely correct as all the cost of bait boxes has been borne this year whereas seven bait boxes were completed and used as trophies for the 1961/62 Competitions. Expenditure on trophies for 1963/64 is expected to be much lower.

SOCIAL ACTIVITIES Expenditure exceeded income by £59-6-3. The majority of this deficiency was accounted for by the Annual Social, the total cost of which was £158-15-3 against paid subscriptions of £116-11-0.

BADGES A fresh supply of Club Badges was procured during the year at a cost of £21-11-3. This expenditure should not be necessary again for several years.

BUILDING FUND This was inaugurated early in the 1962/63 year and has grown to £78-7-2 at the 30TH June 1963. Perhaps not an impressive figure at this stage but at least a good foundation on which to build.

MEMBERSHIP During 1962/63, 29 new members were accepted. There were 6 resignations and 6 members failed to renew their subscriptions despite reminders in "Reel Talk" and a circular letter. This gave us a net gain of 17 in membership for the year. At the 30TH June membership totalled 133, consisting of 6 Life Members, 108 Senior Members and 19 Junior Members. There are several more applications for membership in hand yet to be accepted.

Finances generally will need the close attention of your new Committee to ensure a healthy state of affairs for the future progress of the Club.

AUDIT OF CLUB FINANCIAL RECORDS 1st July 1962 to 30th June 1963.

I have examined the financial records of your Club for the year ended 30th June, 1963 and report that with the specific exceptions detailed below all entries appear in order.

All receipts written have been entered in the cash book and money covered by those receipts has been correctly banked into one of the two bank accounts.

continued on Page 12.

AUDIT OF CLUB FINANCIAL RECORDS continued from Page 9.

All cheques written have been ~~correctly~~ recorded and with the exceptions mentioned below all accounts have been passed for payment by either the Committee or by members in monthly general meeting and are supported by receipts from the people to whom the cheques were paid. I have sighted bank certificates covering each of the two bank accounts and the balances as those certificates agree with the balances as the cash book after allowing for unrepresented cheques.

The Statement of Receipts and Expenditure for the General Bank Account and the Statement of Bankings for the Building Account as prepared by your Treasurer, correctly summarise the Club's financial transactions for the year under review.

SPECIFIC EXCEPTIONS

Receipt No. 23 dated 8th August, 1962 in favour of R. Lilly for Two pounds two shillings (£2-2-0) for 1962/63 subscriptions has been cancelled. However the cancelled original of the receipt is not attached to the cancelled duplicate.

Cheque No. 841 on the 8th August, 1962 for £5 petty cash advance to Secretary and Cheque No. 842 on the 8th August, 1962 for £25 bank transfer to the Building Fund Account, as well as Cheque No. 859 on the 22nd November, 1962 for £3 to Perth City Council were not authorised for payment.

However the system the Treasurer is now using is a sound one and should prevent any further omission of accounts being passed for payment. Receipt vouchers were not available in support of the following payments:-

HONORARY AUDITOR

FIELD DAY - GARDEN ISLAND - 20TH & 21ST JULY, 1963

Weather conditions:- Northerly winds, backing North East later, with a low tide and a swell on the back beaches, which were littered with drift wood. Only one Tailor was caught, which tells its own story, apparently the continuous unsettled weather has forced them into deeper water outside the reefs. Anyhow the lads were all hopeful for their return by the time the August Field Day rolls around.

26 members and 9 juniors attended the venue and even though many of the lads fished through the night, they just couldn't locate the Tailor. (Noticed Bob Tucker lying exhausted on the seat of the return boat, trying to recapture some of his lost sleep.) I was pleased to see Ernie White and Ron Flood making a reappearance on Field Days and Ernie weighed in two Skippy. Noticed Hugh Gregory armed with a hatchet, intending no doubt to use fair means or foul in his hunt for the elusive Tailor!

Norm Clark and Alan Bennett visited the Rifle range and while Alan stood around tearing out handfuls of hair, Norm demonstrated how to catch Skippy on a Tailor rig with a full mulie bait. In the morning Alan refused to leave his warm bed so Norm returned to the same spot and proved it was no fluke by catching a further 6 Skips. to take off the heaviest bag award.

An unusual catch (on rod and reel anyway) was made by Alan Liversey when he landed a crayfish. Ron Kildahl continued in fine form despite the dearth of fish and looks to be the one to beat for this year's competition. However as long as you've got a line in the water, you never know.

Bob Tichbon, Phil Neri and myself strolled over to the third bay and after 6 hours angling and still no takers we reached the decision that the Tailor were elsewhere. So with plenty of driftwood lying around we built a bonfire which many a householder would be glad of these cold nights. Incidentally the fury of the recent few weeks has washed ashore an assortment of debris, including plenty of craypots and floats and several huge planks about 16ft. long.

The loading and unloading of the boat went very smoothly indeed, all members giving a helping hand which is good team spirit. The hut was left in a clean condition, which is after all in our own interest and many thanks for the assistance I received. My Congratulations to the award winners and while on the subject of congrats., I would like to offer my best

wishes to Ron Shirley and Hugh Gregory on their election to the Committee.

I would also like to remind members that a First Aid kit is available to all at every Field Day. The next venue (August) is again Garden Island, with the timetable the same - boat departs Palm Beach jetty at 9.30 a.m. and 2.00 p.m. Saturday and weigh in between 8.15 and 9.15 a.m. Sunday morning. So although there are no changes in Field Day Awards I'm sure everyone had a good time and the poundage will be up next month - see you there.

JIM STRONG F.D.O.

P.S. As you can see I have been "strong armed" into the job again for another year, but this time with a very capable assistant, Norm. Clark.

SEPTEMBER FIELD DAY - ROTTNEST

The Committee is endeavouring to make arrangements for the trip to Rottnest for the September Field Day. The tentative set up is that the "Triton" will make a special trip for our members from Fremantle at 1.30 or 2.00 p.m. on the Saturday and we can return with the normal run at 4.00 p.m. from Rottnest on Sunday. The truck will run to the West End from the jetty and pick up again to return Bods. and rods in time for the boats departure.

The main issue at the moment is how many will be going as the Triton will obviously require a reasonable number for the special trip, so those interested, could you please give your names at the next (August) meeting. More details will be available then and in the next "Reel Talk".

RE LIFE MEMBERS

Life members are always assured of a warm welcome to our meetings, though apart for one or two we do not see too much of the other life members and most of us would not even know them. It would be most interesting if at some time in the future we could get them all together. Our two most consistant members Noel Knight and Doug Edward are of course well known, though for Doug to get along to our functions with his injured leg, etc., is exceedingly difficult, especially after a working day, and until he is enjoying much better health than he does at present, we can hardly expect to see him at our sporting activities etc.

ANGLERS

Somewhere I once read that all anglers are liars. I would just like to add to that and say that "all anglers are crazy liars". To substantiate that statement-when ten or so Bods venture over to Garden Island on a Field Day like the previous weekend when the weather was so bad that even the seagulls were grounded-is just plain " KRAZY !! "
