ASSISTANT SECRETARY.

WARREN MINNETT, 23 West Coast Highway, Mt. Claremont 3 7329

AUDITOR.

BOB KLEIN, 2 Ailsa Street, Wembley Downs 26 1123

NEXT GENERAL MEETING.

Our August General Meeting will be held in the R.S.L. Hall, Bay Road, Claremont on Wednesday 10th August, 1966, and will commence at 8 p.m. sharp.

INSTRUCTION PERIOD.

It has been some time now since we have had an instruction period on the geared or overhead Reel, and Don Webb, our new F.D.O. has offered to discuss this type of Reel at our next instruction period for a short time, and also to answer any questions members may have on using overhead Reels for different purposes, Ballooning etc.

Also, if it can be arranged, Terry DeJussing is now living back in Perth, and I believe has some more very interesting slides taken up North, and may be available for showing.

NEXT COMMITTEE MEETING (AUGUST).

PLEASE NOTE CHANGE.

Will be held in the R.S.L. Hall, Bay Road Claremont, and will commence at 7.30 p.m. SHARP ON THURSDAY 18TH AUGUST.

LAST COMMITTEE MEETING (JULY)

Was held in the R.S.L. Hall, Bay Road, Claremont, and with a fairly large amount of business to cover finalizing positions for new Committeemen, and settling them in etc., did not conclude until 10.20 p.m.

AUGUST AND SEPTEMBER FIELD DAYS.

The Ferry to Rottnest Island is not running until September, so our next Venue will be Garden Island again.

This is a little unfortunate, and was not realised when the planning for these Venues was made, but perhaps may be lucky as we appear to be having a late winter, and the accommodation may be welcomed by most members.

September Venue will definitely be held at Rottnest.

NOTICE TO MEMBERS.

REMINDER - MEMBERSHIP FEES.

"TO ANY MEMBER WHO MAY BE OVERLOOKED PAYING HIS ANNUAL SUBS. TO DATE."

Your Annual Subscription of \$ 6.00 was due at the Annual General Meeting. This subscription MUST be paid on or by SEPTEMBER General Meeting.

If any Member is not financial after September, we will have no alternative but to strike his name off the Mailing list for "Reel Talk".

It is essential that these Subscriptions be paid as soon as possible, to enable the Treasurer to make up his Book of Financial Members. So get those Subs in NOW members.

SENIOR NOMINATION \$ 6.

SENIOR SUBSCRIPTION \$ 6.00

JUNIOR SUBSCRIPTION \$ 2.00

NO NOMINATION FOR JUNIORS.

HOSPITALIZED. When members read this message, one of our most popular and well known members, Hugh Gregory, will, I hope, be well on the way to recovery after an unfortunate Motor-cycle accident. Hugh's enforced stay is in R.P.H., and I am sure would appreciate your visiting him. He is at the Annex, Shenton Park, hours weekdays 5.30 to 8.30 weekends - 2 to 8 p.m.

TREASURER'S REPORT.

Before submitting the 1965/66 Income and Expenditure Statements for your approval, there are two changes requiring explanation. First the Statements have been prepared showing amounts to the nearest dollar and second the 1964/65 amounts are also shown for the purpose of comparison. This has been done in compliance with the recommendation contained in last year's Auditor's report, and is designed to give Members a clearer picture of Club Finances.

During the 12 months under review, the action taken to correct the adverse trend reported last year has been successful with the result that Income exceeded Expenditure by \$164.00. In 1964/65 there was a deficit of \$90.00. This improvement has been mainly due to a \$280.00 increase in Income.

There was only a small increase in Expenditure, but this has been possible only with the help of our good friends who have been so generous in donating trophies both in cash and kind. This has already been suitably acknowledged by our President in his report. The net result was \$54.00 less expenditure on this item in 1965/66.

It was again necessary to subsidise Social functions this year but to a somewhat lesser degree. \$132.00 this year compared to \$196.00 last year. The balance to be carried forward includes \$116.00 Subscriptions paid in advance at June 30th, which is shown separately in the Summary as this amount is correctly income for next year. Nevertheless, in my opinion, we are in good financial shape. However our duplicator bought second hand seven years ago is giving trouble, and consideration will need to be given to its replacement in the near future. Expenditure on this may not be inconsiderable so the need to keep our finances sound remains constant.

The Building Fund has continued to grow, and towards the end of the year passed to \$1000.00 mark. It is my hope that we will continue to push this with vigour and enthusiasm.

Membership at June 30th totalled 134 members, consisting of 125 Seniors and 9 Juniors. During the year 16 new members were admitted, and 10 members resigned or failed to renew their subs.

As I am not seeking re-election this year, I would like to thank you Mr. President, and Committee Members both past and present for the assistance and co-operation always given me, which has made the job a most enjoyable one.

AUDIT OF CLUB FINANCIAL RECORDS - 1ST JULY 1965 to 30TH JUNE 1966.

The financial records of our Club for the year ended 30th June 1966 have been examined and I report all entries appear in order. All receipts written have been entered in the Cash book, and money covered by those receipts has been correctly banked into one of the two bank accounts. The proceeds of lucky numbers not drawn during the year as recorded by the Secretary in the Minute Book, have been correctly accounted for by the Treasurer, and deposited into the Club's building account.

All cheques written have been clearly recorded and all accounts have been passed for payment by either the Committee or by members in monthly general meeting, and are supported by receipts from the people to whom the cheques were paid. I have sighted bank certificates covering each of the two bank accounts, and the balances of the certificates agree with the balances in the Cash Book, after allowing for unpresented cheque. The Club's bank manager has confirmed the bank is holding on behalf of the Club, Cert. No. 1293 for \$800 on fixed deposit with the Home Building Society. The Secretary's Petty Cash book has been checked and is in order.

The Statement of Receipts and Expenditure for the general bank account and the Statement of Bankings for the building account, as prepared by our Treasurer, correctly summarise the Club's financial transactions for the year under review. In keeping with suggestions made last year, the Statement of Income and Expenditure is in even dollars and comparative figures are shown. Adjustments were necessary to the figures for the 1964/65 to cover the comment in my audit report last year relating to subscriptions paid in advance at 1st July 1964. A property register has been opened, and worthwhile items have been insured for an All Risks Insurance cover totalling \$339.

The conversion of the Club's financial records to Decimal Currency was made in the Treasurer's usual efficient manner.

INSURANCE POLICIES.

1. Cash in transit \$200. The policy with Norwich Union has been mislaid, I obtained a copy direct from the Insurance Company and report this is in order.
2. All Risks on Club Property \$339. This policy with Continent of Australia Insurance Co. Ltd. was held by the Insurance Brokers, Simon Warrender (Adelaide) Pty. Ltd. I obtained it for examination and can report that it is in order.

AUDITORS REPORT CONT'D.

3. Personal Accident on Dry Casting Markers \$4000. This policy with Provincial Insurance Co. Ltd. was handed to me by the Treasurer for examination. It is in order as a personal accident policy to apply to members only, not the public, and only to members when they are acting as "Markers" at a dry casting function organised by our Club, and only while they are performing their duties as "Markers".

Gentlemen, like many other members, I was under the impression we were insured against dry casting accidents involving members of the public. We have NO Public Risk Insurance. The three policies listed are the only ones on which the Club pays premiums. It is my recommendation therefore that the members consider arranging Public risk Insurance. I also recommend we consider some arrangement for other events, such as dry casting with the Collie Club at a function organised by them.

REGISTER OF MEMBERS.

The Committee anticipated a suggestion I intended to incorporate in this year's audit report. At the October Committee Meeting they voted to institute a register of members. I was not aware of this until I examined the Minute Book. It was then too late to call for this register. Therefore I have not been able to check this record, but will do so and report to you later in a supplementary report.

CONCLUSION.

Gentlemen, I wish to again report that I have received excellent co-operation from our Treasurer. He, the Secretary and their assistants are to be congratulated on another excellent years effort on behalf of our Club.

R.G. KLEIN

F.A.S.A., F.C.A.A., A.F.R.I.M.
Honary Auditor.

DRYCASTING NEWS - JULY 1966.

For the middle of winter it was exceptionally pleasing to see such a good attendance at this month's dry casting at Floreat Oval. Thirty Members and one visitor were present, and scoring was of a very high standard, even though we did have the sun in our eyes.

We were very pleased to welcome Warren Minnett, Ray Ginby and J. Matthews along - you gave some nice casting chaps, but there are possibly finer points that you wish to know, and this is the place to find them. Many 'old' drycasting members will always pass on their knowledge and experience.

This week we held our first Open distance, and once again W. Bridger came up with a winning cast of 387 ft. This was followed closely by two members - A. Bunnett and R. Ellis with 378 ft., and K. Jones hot on their tails with 375 ft.

In the L.L. Distance, this was won by a newcomer, W. Minnett, followed closely by another member who has been only attending for a short time, and who has improved his casting - R. Mansfield, and third place goes to R. Ellis. The longest cast in this event was made by W. Bridger with 373 ft.

In the D.H. Accuracy there was some mighty fine casting, and you had to be right on the 'bull' as R. Tucker was, scoring 65/80, with N. Knight second 55/80, and third place R. Kildahl 54/80.

S.H. Accuracy - R. Jensen showed us the way with very good scoring with 32/40, H. Hoy Yew second with 24/40, and three members coming for third place R. Tucker, R. Kildahl and N. Knight with 23/40.

There were six members who reduced their handicap this month, and if this good casting keeps up, more members will find their names in this section.

REDUCED HANDICAPS.

T.SMITH/E.SULLIVAN D.C. ORGANISERS

FIELD DAY VENUE, JULY GARDEN ISLAND.

An excellent attendance of 52 hopefuls arrived for the Field Day which was forecast as a few clearing showers. However the rain persisted, and a fairly strong Northerly wind blew for most of the time. Nothing daunted, Ron Shirley and Ted Savage had apparently been giving the fish a go since they arrived on the 9.30 a.m. boat, but with little apparent success.

The main body of members took the 11.45 a.m. boat, and very soon to the South End stalwarts, Eric Sullivan, Alan Livesey and others were on their way where it turned out that either you got yourself a bundle of Herring, or as Eric woefully reported, you got broken up by the one that was too heavy to hold. Better luck next time !! It was reported that one who shall remain nameless waded out to his waste to recover a very minute Skipjack that had hooked onto a rock. Some of these chaps are very keen.

At the evening weigh-in it seemed that the back beach area was the productive area where Alf Rutland had decided to bivouac down for the night as Terry and Paul Fisher, Jim Strong and a few others were getting into a few good Tailor, amongst which was a very nice $5\frac{3}{4}$ lb by Paul Fuller, the youngest of the group.

By about 7.30 one of the clearing showers was doing just that, it practically cleared the lads right back to the huts, and the others who were sleeping out were wishing they had their snorkels with them. The morning awoke somewhat rougher as by then the wind had turned to almost due West, but was still as strong. The back beach boys found the Tailor were fewer but bigger, whereas the South end had apparently dredged up a very little else was caught.

By about 10 to 9 Alan Livesey and yours truly seemed to have the fish in the bag, as it were with Bob Tichbon weighing in a nice Pike to knock Bill Minnett's effort off its Perch, when a Strange Hoke arrived with Doug Newton, both sacks bulging. The Scales told the story, after weighing in over a hundred pound of fish, as it turned out the Strange chap owned just over 60 lb. of them.

To finish off a good venue a commotion was heard outside the weigh-in hut and a 22 lb Snapper turns up carrying Alan Bunnett, or was it

contd on page 23

WHALER OR POINTER.

In view of the fact that the shark has existed almost unchanged for some 2000,000,000 years, it is a pity that most of us tend to misname the more common species of the genus of elasmobranchs.

How often do we hear in a person's account of an encounter with a shark, even when it consists of a line bitten cleanly through that the miscreant was a Blue Pointer? This and other more exotic sounding names such as the Tiger, or the Grey Nurse, are the ones that spring more readily to mind in the excitement of a hard strike and a screaming reel? How much more likely, though is it to be the Whaler, or one of its many sub-species!

The various members of this family to which we append such names as Bronze Whaler, Black, Whaler, Blue Whaler, Grey Whaler, White Whale: and W.A. Whaler, abound on all parts of the Australian coastline, feeding close to the shore in channels and around the edges of reefs. Even an experienced ichthyologist would be hard pressed to readily identify some of these sub-species, and we could be excused for using the general term "Whaler" where only partial identification can be made.

In shark identification, simple keys can be applied which divide these predators into main groups, and the application of further keys quickly divide these groups into their various species. Of course, certain species such as the Thresher, Hammerhead, Wobbegong and Shovelnose Shark are so easily identifiable as to be excluded from the following lists:-

EYE - LARGE AND DARK COLOURED

White Pointer, Blue Pointer, Tiger.

EYE - SMALL AND YELLOWISH WITH NARROW BLACK PUPIL.

Grey Nurse, All Whalers.

Another identifying feature which is positive in separating the Grey Nurse and the Whaler is the nictitating membrane or third eyelid. This is a protecting membrane, whitish in colour, which in the species which possess it, slides across the eye to protect it during an attack when the shark is guided solely by its highly developed olfactory and gustatory senses. The whaler has this membrane but the Grey Nurse does not.

contd from page 11.

BLUE POINTER

TEETH. Long and pointed and slightly curved like those of the Grey Nurse, but without cusps at the Base, placed apparently haphazardly along the jaws but clustered most thickly in the centre

NICTITATING MEMBRANE -- absent

SIZE -- Up to at least 1200 lbs and a length of 15 ft.

FOUND -- In the open oceans of the world. Rarely encountered really close to the shore.

BLUE WHALER.

TEETH. Broad and slightly serrated in the upper jaw, narrow and slightly serrated in the lower jaw.

NICTITATING MEMBRANE -- Present

SIZE -- at least 500 lbs and a length of 10 ft. in Aust. waters. Up to 20 ft. in other parts of the world.

FOUND -- Open ocean. Immature species feed closer to shore along beaches and reefs.

Another feature of the Blue Whaler is the unusually long pectoral fin which is equal in length to the distance from the tip of its nose to the first gill slit. Misidentification is sometimes caused by the prevalence of black tips on fins and tail lobes of a number of sharks found in local waters. Those are sometimes loosely called Black Whalers, but most species of Whaler have black tips. Generally those are not so prominent on dorsal and pectoral fins as on tail lobes, however they are clearly marked on the Black Tipped Shark (*Mapolamia spallanzani*) a tropical species growing to 6 ft. in length similar in general build to the whalers.

A good rule when identification is doubtful and the specimen too large to convey to the museum, is to obtain profile photos of the shark and then to extract its jaws. This is a fairly easy job to do with a sharp thin bladed knife. The extracted jaws set hard in a few hours, and besides being a worthwhile trophy, may assist in positive identification of the species. Use great care when handling or working on shark jaws as some species i.e. Grey Nurse are razor sharp and can give you an unwelcome reminder of the owner's potential menace to all who live in the ocean.

GARDEN ISLAND VENUE 13/14TH AUGUST, 1966.

Boat timetable departs Palm Beach Jetty 9.30 a.m. 11.45 a.m. and 2 p.m. Departure from Garden Island 10 a.m. Sunday Morning weigh-in times 8 till 9 o'clock outside cottages at rear of General Store.

Members must notify F.D.O. if they require beds at General Meeting. Names will be taken. F.D.O. to telephone Jim Hawkins Thursday and advise him how many beds are required, and he will then reserve the necessary cottages, which are to be left clean and tidy before departing on Sunday morning.

Fees 20c Sweep, Beds 50c Registry 10c. Juniors 25c bed, 10c sweep.

Members are asked to assist carefully with unloading and loading of boats. All Gaffs must be covered and correct change if possible is a great help. Arrangements will be made with Committeemen to take the names of Members attending venue. Members travelling on first boat are asked to hand names and money to F.D.O. or Assistant on venue or leave list. Boat fare \$1.00.

Money received for cottages to be paid to Jim Hawkins on Sunday morning. Members requiring truck to North End can approach Jim Hawkins after 2 p.m. boat. All packs to be clearly marked.

Parking area available at rear of store Palm Beach, contact Jim Hawkins for charges. Petrol locking caps are an excellent idea.

APPLICATIONS FOR MEMBERSHIP.

The following applications for membership to our Club have been received. If any member or members should have any reasons why these Nominees should not be accepted as members of the Club, they should immediately contact the Secretary, or any member of the Committee.

SENIOR. SIDNEY CARL STEFKEN
38, BLACKFORD STREET,
MOUNT HAWTHORN.

JUNIOR. GORDON EDWIN NEWTON,
193 HENSMAN ROAD,
SUBIACO (13 YEARS)

The Applications for Membership of Mr. J. E. Blackwell, and Mr. R. A. Stockbridge have been received and accepted.

contd. from Page 9.

the other way around, Being caught after eight o'clock however, this fine specimen failed to take the Open Section by half an hour. you can't win them all Alan.

As a last word, I would like to thank everyone for their wonderful co-operation on my first day as Field Day Organiser, with special mention to Jimmy and Bob for their advice and help.

DON WEBB. F.D.O.

LADIES -- Please check your Furs If you have a stray Dark Brown Fur Stole, please ring Mrs. Mulgrave, 86 3590 because she has yours.
