JULY FIELD DAY:GARDEN ISLAND.

A total of fifty members (consisting of three Juniors, three Visitors and forty four members) attended our Garden Island venue over 11th and 12th July. Although the fish didn't co-operate as well as we hoped the weather was very pleasant and was a welcome change, particularly after the June venue.

The major portion of anglers got away to an early start leaving Palm Beach jetty on the 9.30 boat, the remainder arriving on the 11.45 a.m. and 2 p.m. boats.

Having a look around the Island before lunch it was noted that the water on the south side of the Island looked very promising, however weed had taken over at the back beach.

ERIC PARKER, ALAN McLAUGHLAN, NORM RENSHAW, NEVILLE RISBEY and VAL PEREIRA set sail for "The Guns" area and got down to the serious business of catching fish. It was noted next morning at the weigh in that they were well up in the tallies.

"LAUGHING" LEICESTER, DOUG TALBOT, DENNIS GREEN, TOM CORCORAN and GEORGE HOLMAN, ventured North to the "Caves" area and for a change (so they reckon), George Holman didn't get top bag. A small sweepstake on the side for the largest fish went to Tom Corcoran who collected the money; stashed it at 5 o'clock Saturday for the winner, and forgot to collect it next morning. I venture to say someone will be having a beer on Tom.

During the course of the competition, SNOW TATE did battle with a very large marine creature at the south end. Whilst ballooning some 300 yards off shore, Snow got a strike from something he wasn't angling for. It measured approximately 26 feet - a survey launch. Just as well the line wasn't suitable for telephone conversation as some of the vocabulary that Snow was using could have been understood in any language!

Next morning, after the trucks had arrived back from up North, JIM STRONG proceeded to weigh in the fish caught and there didn't appear to be many of them. HEW HOY YEW took off the heaviest scale fish with a salmon weighing 8lb 2oz - a bit of a change from Buff Bream! Heaviest bag of scale fish went to RON SHIRLEY with 15lb of Herring and the Junior Section went to a visitor - GEORGE GOLDENER with a bag of 7 $\frac{3}{4}$ lb.

After the huts were tidied, the boys all went down to the jetty to await the arrival of the boat. There they watched fish being caught by an expert in MARK TUCKER, (when his Dad let him have a go). Skippy and Salmon Trout were falling prey to this angler - to the envy of all present and I don't think Mark wanted the boat to arrive, but arrive it did and thus ended another Field Day.

PRESIDENT'S REPORT

Another year has passed, another competition has been concluded. No record catch this time, but still keenly contested by all members. Altogether a total of 510 Seniors and 43 Juniors attended Field Days giving an average of 43 Seniors and 4 Juniors for each Field Day.

Total poundage of fish was 5,126 which averages out to 10 lb of fish per member attending. (I don't know who caught my share, because since I became one of the 4-wheel drive boys, I certainly haven't caught many fish) Altogether a most enjoyable years fishing.

Dry Casting - This was again a keenly contested competition only being won on the last day. Attendances slipped slightly - average of 27 members. (29 last year). Altogether 52 members attended at least one Dry Casting Day - the biggest attendance for one day being 36. There was only one new record created, John Devitt's 482 feet in the L.L. event. Members can learn a lot at casting to help them in their fishing and I urge all members, new and old, to attend.

Meetings - have been well attended, 65 being the average rather than the exception and have been a pleasure to preside over.

Membership - has increased overall by 6, giving a total of 162.

Trophy Donors - Without them there would be no competition. My thanks both to members and to the Trades who have supported us. Also to Henry Bester for his display at the Annual Dinner. Special thanks to one member who has spent a lot of time making sinkers and donating all money from the proceeds of sale towards our trophies. (Thanks Arch).

Committee - Thanks to the Committee for the way they have performed their various jobs over the year. I wouldn't say it has been harmonious but all committeemen have had the interest of the club at heart and I hope they are all on the job next year.

Without wishing to single out any Committeeman, I must mention George Holman and John (Lofty) Griffiths, for taking over the Reel Talk after the passing of our editor, Syd Bannister.

SURF CASTING AND ANGLING CLUB OF W.A. (INC.)

TREASURER'S REPORT FOR YEAR ENDED 30TH APRIL, 1970

Mr. President, Gentlemen,

Attached to this report are statements of Income and Expenditure, Receipts and Payments and Balance Sheet for the General and Building Funds for the year ended 30th April, 1970 which I submit for your approval.

During the year Income has increased by 59.00 overall, and there has been no major increase or decrease in any particular item. The total expenditure of 1612.00 this year is exactly the same as the amount expended last year.

Comparing the costs for the two years the major increases and decreases are as follows:-

REEL-TALK:-

The costs incurred this year are 28.00 less than that of last year. It was not necessary to purchase covers this year although the paper purchased increased by 11.00.

TROPHIES:-

29.00 more was spent in the current year than that expended in 1969 for this item.

RENT:-

An increase of 12.00 for the year occurred for the rental of the hall for meetings.

REPAIRS:-

In 1969 this item did not appear, but it was necessary to repair the club scales and gestetner during 1970, the total cost being 34.00.

TREASURER'S REPORT contd:SOCIAL:-

An increase of 65.00 for the year occurred, mainly due to the cost of the hall rental for the social increasing, and also with a larger membership this year than last year, the costs of our Christmas Social and Annual General Meeting were higher.

BADGES:-

This year the amount expended on Badges decreased by 108.00 as Club Badges were not purchased. Also last years figures included the name badges purchased by the club and then sold to Members.

AIR FARE:-

In last year's figures the amount of 35.00 was paid for George Holman's fare from Perth to Geraldton. This was an abnormal expenses and will not appear again.

The final result for the year was an excess of 191.00 income over expenditure as compared with 132.00 for the previous year. This excess of 191.00 is quite satisfactory.

The Building Fund increased by 270.00 for the year as compared with 599.00 in 1969. The decrease in receipts in the Building Fund is due to nomination Fees falling by 84.00 and a Club Raffle was not conducted **this** year. Last year 172.00 was received from this source. Also Interest decreased by 76.00 as interest from the Bank of New South Wales was not credited to our Account by 30th April, 1970. Interest from Home Building Society increased by 38.00 as our deposits with them are higher than the previous year.

Club Memberships totalled 161 at 30th April, 1970 as compared with 156 as at 30th April, 1969. During the year 21 new members were admitted to the Club, but 16 either resigned or failed to renew their membership. The total of 161 members is made up of 6 Life Members, 11 Juniors and 144 Seniors.

Finally, the Club has progressed satisfactorily during the past 12 months and it is hoped this trend will continue in the future.

D.V. SALT, A.A.S.A.
HON. TREASURER.

AUDIT OF CLUB FINANCIAL RECORDS

FOR THE YEAR ENDED 30TH APRIL, 1970

Gentlemen,

An examination of the financial records of our Club for the year ended 30th April, 1970 has been completed in the usual way and following procedures established in previous years. All entries for the year appear to be in order.

The financial statements prepared by the Treasurer and submitted to this Annual General Meeting of members for your adoption, do, in my opinion, correctly summarise the financial activities of the Club for the year under review.

R.G. KLEIN (F.A.S.A.)
HON. AUDITOR

USE OF DISTRESS FLARES:

The Committee has considered the use of mergency flares to be used on Field Days and is of the opinion that this matter is acceptable, but that members are responsible for their purchase. Those wishing to delve further into this matter are asked to contact Committoeman, Les Reid, for details of the various types and prices. The colour chosen is GREEN. Red, White and Orange are not to be used as they are International Distress Colours.

VALLANT EFFORT - by G. Baskerville

One of our keenest 3 in 1 badge aspirants in Graham Baskerville has been trying hard of late to make the award winning capture, and came close at the last Garden Island venue before the competition. Using 3 lb line he played and landed a salmon after about half an hour. It weighed 6 lb 2oz. Nice try Graham.

CASTING CAPERS

I thought that "Aussie Rules" was unpredictable, however after the July drycasting competition, I am not so sure.

Who would have thought that "SNAPPER" PARKER would come out and win the L.L. Handicap in such fine style. Three nice looking casts right down the centre, (no B.O's or penalties). This is not the Eric we know of old. Is Eric going to maintain this run? It shall certainly take some doing, but judging on recent form, he looks capable of giving his handicap a further nudge.

During this event any of five casters were in the running. BOB TITCHBON turned in another fine effort with his three casts, knocking spots off his handicap - twenty three of them at least! MIKE DAWSON was definitely trying and his twenty seven reduction of handicap was warranted. RUDY LERCH placed down his three consistent casts to give him an average of 402. A very pleasing effort. (Rudy lost sixteen from his handicap). GEORGE HOLMAN was another with a chance, and it has been some months since we have seen George cast this well. (We knocked nineteen off yours George). NOEL KNIGHT - many of the members know and respect his casting ability - (I had not seen him in action) figured prominently in the day's results. Noel lost thirteen for his appearance.

Another stranger to me was NOEL WILKERSON who could have done some damage, but for his second cast, which was found wanting (still lost eight).

"SNAPPER" (perhaps we should not call him thus), loses a nice round thirty nine from his handicap and now operates on the ton, (100).

Generally the L.L. casting standard was above average and except for a few lapses of concentration, (GRAHAM, RON and HEWIE had a taste of this), a few B.O's, (the D.C.O. had one, BRIAN LEICESTER registered a pair and BILL MORROW one), most members were happy with their results. (Well those that did not damage to handicaps anyway).

It would be preferable for members to take out their wrath on the wood heap or the lawn mower instead of coming down here and trying to clean up cars in Oceanic Drive with a lead sinker.

The culprit here was "LAUGHING LEICESTER", who on the way to the competition had to reprimand a motorist for a breach of the traffic code. Still dwelling over this when called upon to cast, (we were throwing from the North end towards Oceanic Drive) he wound up and sent down a beauty. The sinker finished up nearly 10 feet from the road, a B.O!!! (Brian says his swivel broke and he wasn't trying for cars). Anyway after this cast Brian calmed down to a certain extent managing a mediocre B.O. for his second; (anticlimax).

Most of the competition was conducted under overcast conditions with occasional drizzle and if anything, a slight tail wind (for L.L. Hep).

Twenty eight members fronted and were welcome, (the more the merrier). Young MARK TUCKER again gave the D.C.O. valuable assistance. One or two visitors were seen moving amongst the members, JACK KENDALL who looks likely to become a new member and BOB LESLIE from the SHENTON PARK ANGLING CLUB, were seen to be practising astutely.

Practise does not always make perfect as was borne out by the S.H. Accuracy results. During the warm-up period TOM CORCORAN, RUDY LERCH and DOUG TALBOT were heard to clobber the "BULL". On paper, "DEADLY DOUG" was the only one of this trio to fill a place.

Winning this event was the redoubtable BOB TICHBON whose score of 33/40 establishes the new mark for this year. This could take a while to catch. Bob was really in form and homed in on the target (like a guided missile), with his first cast, thereafter casting accurately. Second in this event was NOEL KNIGHT, who if he casts like this with limited appearances, what would he be like if he attended regularly. NOEL scored 32/40. Already mentioned was DOUG TALBOT with 29/40 in third place.

Others to cast well in this section were BILL UTTING (possibly unerved after the D.H. Acc.), GEORGE HOLMAN, RON KILDAHL and myself.

Unusal to members of the quality of IAN McLENNAN, RUDY LERCH, H.Y. HEW, BRIAN HANKS, TOM CORCORAN and JIM STRONG, they were strangely off target. Most of these casters have been past winners in this event.

There could have been members who scored a "bull" in the practise session of the D.H. Accuracy, if so they were not spotted.

This segment of the programme was won convincingly by RON KILDAHL with his 61/80 which also sets the mark to be beaten for the year. Congratulations Ron, well thrown. Deadheating for second was BOB TUCKER who with succeeding casts improved steadily, (glad we only have four casts). Bob usually fills a place in this one. BRIAN LEICESTER, whom we have already met, was deadly accurate, and if his second shot had followed the first? Anyway this duo managed a creditable 57/80. (I wouldn't mind it). Third in this event was NOEL KNIGHT, whose first shot was certainly not the equal of his other three. Noel scored 54/80. JOHN NUICH and BILL UTTING normally rate a place in this section, however, this was not their day.

Last but not least, was the placegetters for the day's points. The honours here went to NOEL KNIGHT, DOUG TALBOT and RON KILDAHL with scores of 148, 144 and 143 respectively.

With scores from the L.L. Handicap being fairly even, the members casting accurately at the discs must forge to the front. So practise on the S.H. and D.H. Accuracy, this is where the points come from.

The longest cast of the day was gained by GRAHAM ROSS with 426 feet. There is a slight shuffle in the "TOP TEN" with BOB and DOUG having a lead at the moment.

This month after the election of committee, we may see a change in the D.C.O.'s, so may BRIAN and I take this opportunity of saying thank you to those whose assistance was very much appreciated over the past twelve months.

Next month the events will be the L.L. Handicap, S.H. Accuracy, D.H. Accuracy and the S.H. OPEN. The starting time will probably be 9.00 a.m. Please turn up and have a cast.

Brian and Les.

LIMERICK OF THE MONTH

Hew Hoy Yew is well in the swim,
 and the best of oriental luck to him.
 Without too much cussin' and dammin'
 He caught a prize winning salmon.
 And said, 'It's a change from a Buffalo Bream'.

METHOD OF MEASUREMENT (Amendment to inside cover):

GARFISH are measured from the tip of the upper jaw to the end of the upper half of the tail; prawns are measured along the body from eye to the tip of the tail; CRAYFISH are measured along the mid-dorsal line from the anterior edge of the pronounced ridge which joins the front edges of the rostral horns immediately posterior to the eyestalks, to the posterior margin of the carapace; CRABS are measured from tip to tip of the posterior margin of carapace spikes; MARRON are measured from the tip of the rostrum to the posterior margin of the carapace along the mid-dorsal line; all other fish are measured from the point of the snout to the end of the tail.
