Notes from the A.G.M. 9th July

A good roll up of members attended the A.G.M. All positions vacant were not filled but have since been filled at the committee meeting.

Our congratulations to George on his election as president. His first committee meeting proved to be a baptism by fire. We wish him well and assure him of our support through the coming year.

Thanks to all members who have accepted jobs on the committee. We have a wide spread of interest in this year officers. Some old, some new members and we look forward with confidence to maintaining the past progress of the club in the coming year. Formal reports are inclosed in a seperate lift out supplement in this issue.

We were pleased to see the club pennant given prominence at the meeting, it makes the Buff's hall feel more like home.

I noted that "the Old Man of the Sea" has shaved off his beard!, it appears the moss's got into it!

Thanks to Henry Bester for the magic show. If anyone finds a yellow torana let me know - we believe it vanished when Henry waved a \$2.00 note over it!! Our thanks too, for the display stands at the Dinner, loaned once again by Henry. A special word to John Rowe who told me he has not been getting his Reel Talk, I hope you get this one O.K.

Congratulations to Tiny for the Game Fish badge. The secret, I believe, is first not to get up until your mates have got the water well burlie'd up, (around 10.00 am.) and then to have a parcel on hand tied up with the right sort of string!

Can anyone tell me who snores the loudest Lofty of Eric - only informed opinion please!

The \$2.00. board was won by "Froggy" Fredricks 1st time in how long Bob?

Social Organizer Ron Kildahl layed on a good supper and some refreshment after the meeting that was well received. How about the same each month Ron?

Will members please note coming event.  
Quiz night with the Offshore club in September.  
Should be a good social evening details later.

Bad weather and the threat of heavy rain was the bleak out look for the July cast but, 19 galaint casters turned up to brave the elements. As it turned out all that become of the bad weather was heavy cloud, with a little sun and a light drizzle which fell during the running of the S/H open.

One of the features of many a casting day is the coaching and heckling that goes on. Graham Baskerville was in usual form without the valuable assistance of D. Green and T. Corcoran who give a hand in this very popular pastime. I might add that these fine gentlemen are experts in this field. They have a really good time and add interest to the mornings cast. Keep it up!

Congratulations are extended to Terry Fuller and his lovely wife on having another fine young baby boy from all the casting gang. Terry and myself had a small wager and I won, so now Terry is going to buy the lottery ticket and we plan on winning a few grand. Terry also scored 105 pts on the day, this was second top score of the day, something for Terry to be proud of because over the last couple of months Terry has been giving it a go!

Winner of the day was G. Holman with a fine score of 130. Junior winner of the day was R. Lerch with a very fine score of 104. This was the 4th highest score of the day and shows how good our young juniors are.

Dave Latto managed to take of longest cast in the S/H open which was 8/m. way ahead of the rest of the field.

L/L distance was won by H. Hew on 37 pts followed by 3 casters in G. Holman, J. Griffiths and D.C.O. on 35 followed by B. Brown on 34 to take of 3rd position. G. Baskerville is back to his usual form in having one B/O. D/H Accuracy. This was won by G. Holman with a fine score of 57 pts to take first position for this event. Second place went to G. Baskerville on 50 pts and third was R. Lerch on 42 pts.

S/H Accuracy was won by G. Holman on 28, second went to J. Fuller and R. Kildahl on 27 and third was R. Lundy and J. Griffiths one 24.

Longest cast of the day was G. Baskerville with 132 m. H. Hew was in good form in the D/H accuracy he managed to score the minimum score of 0. It was said Hew is looking for a coach in this field. Believe there is an ad in the paper concerning this and is a lightly paid job. Any takers?

Our old ( not so old ) and faithfull friend Lofty is really turning on the pressure, his score for the day was 102.

Someone said the reason Tom Corcoran wasn't at casting was that he is required by South Fremantle football club for training in their football team, little league that is.

Hoping for better weather next month and more good scores.

July A.A.A. Report.

Jim Strong and Roy Lundy were the two delegates representing the Club at the July meeting.

The new State record sheets are now available. These records are up to the 18th of February 1975 and a number of these have been passed on to the secretary for distribution to those members who require copies.

The Kensington Police and Citizens Youth Club have made application for assistance in forming a junior fishing club. The help that they wanted was for talks on fishing and also for some senior fishermen to take the group on field days either for one day or for weekends about every five to six weeks. The A.A.A. has asked the South Suburban Club to follow this up, but if any of the members from our club would like to help out in this project they can contact the President of the A.A.A. Mr George Brown or your clubs delegates.

There was a query raised by the 4 wheel drive Club regarding the position of the legislation on the recreational and off road vehicles. The Secretary replied that the draft for the legislation had been prepared and that as soon as it was tabled in Parliament. A copy would be made available to the A.A.A. as none of the contents can be revealed until it is tabled.

Fred Lynch from the Independant also asked if the Clubs could please pass on more information as some if the clubs only let them know what is coming up in Club activity's and not any of the results. If any member has any fishing news or catches he can be contacted on 962197 and if information could be in by Thursday nights please as he writes the column on Fridays.

Roy Lundy.

Dear Sir,

The Annual General Meeting has come and gone once again and a new committee has been elected. My congratulations go out to George Holman on his election as President, I know the club will benefit by having George in the chair. It was pleasing to see the number of members who stood for the various positions on the committee, with the numbers seemingly well balanced with half the committee having had previous committee experience with the club and half the numbers made up of newer members.

The thing is though, that to function to the club's best interests, information needs to be fed to the committee. Any member of the committee would be only too glad to put up any suggestion from members at a meeting.

Thanks must also go to the retiring committee for the work they have done in the past year for the club.

Roy Lundy
