NEXT GENERAL MEETING:

The next General Meeting will be held at the Buffaloes Hall, Onslow Road, Shenton Park on Wednesday, 13th December, 1972 at 8 p.m. sharp.

INSTRUCTION PERIOD: This is one of the more pleasurable instruction periods for the year where we partake of some liquid refreshments and eats and generally enjoy ourselves. After the last two such periods being taken over by our constitution, there should be some thirsty members about after all the talking they have done. See you all there and enjoy yourselves.

NEXT COMMITTEE MEETING:

The next Committee Meeting will be held at the Buffaloes Hall, Onslow Road, Shenton Park on Thursday, 21st December, 1972 at 7.30 p.m. sharp.

DECEMBER FIELD DAY: 16/17TH:

WEDGE ISLAND:

Boundaries from Lancelin rubbish tip - north - Flat Rock (or as far as you can drive north along the beach).

Signing on will be from 12 - 1 p.m. Saturday

Fishing commences 3 p.m. Saturday

Fishing ceases 8 a.m. Sunday

Weigh-in will be between 9 a.m. - 10 a.m. Sunday at WEIGH-IN POINT.

Registration and weigh-in will be behind hotel. Signs to be erected.

DON'T BE FOOLS - USE FLAGS ON TRACK FOR EVERY VEHICLE.

DECEMBER DRYCASTING:

This cast will be held at Floreat Park Oval on Sunday, 3rd December commencing at 9 a.m. Events conducted will be the usual L/L Distance, D/H Accuracy and S/H Accuracy. Come and get your casting tuned up for the Christmas break so you can reach the "big ones"!

EDITORIAL:

Well firstly the news that a lot of you have been waiting for (but not half as much as me) it's a boy - Heath Rhodes! My wife, Lesley, presented me with a 6lb 14oz son on the 4th November at King Edward Memorial Hospital. Mother and son are both well.... and so is DAD! A little gaff boy.....

Now that I've done my bit of bragging, I had better get back to club activities.

It's good to see the excellent attendances on our field days (although a number of visitors takes the tally along), but there is room for some more of the less frequent faces I feel. Even though the weather was far from good fishing wise at Jurien, those who attended still enjoyed themselves.

I managed to have a spot of bother with my buggy as it ran out of "suds", and a visitor friend in RON FLYNN towed me out behind his buggy. I wonder who was showing who around? I think Ron and his mates, Tony Snelling and Mick Geddes, enjoyed themselves though and have "got the bug"!

It's good to see the boys fraternising as well as they are at present and I hope to see this continue in the future. We go on our venues to catch fish and enjoy the company and perhaps this is why we have such a good name among the clubs.

One thing though- some of those mulloway that were caught on the weekend were close to minimum legal size, so if you think they are close to the minimum, put them back - they'll grow bigger for next time. Small mulloway taste lousy anyway!

A point that was raised at the A.A.A. of W.A. Presidents' and Delegates' Meeting on the 17th November, was the wastage of fish. This has received a deal of publicity in the press of late in reference to an alleged incidence down south concerning another club. Don't let our club name be mentioned at any time in this regard.

Remember, a good policy is catch only what you can use, or give them to the less fortunate club angler- but don't waste them or leave them on the beach to rot. If (and it's a big 'if'), some fish go off, dispose of them properly- by burying them.

Getting on to the social side, I must congratulate Tony Smith (our Social Organiser), on his first effort in this capacity. "A car trial with a difference" would be a suitable summary, as the difference was that about half of the contestants had to open the envelopes and the other half are close to divorce! Sure made you think though. The barbecue side of it appealed to everyone, and the races and that cricket match fetched their fair share of laughs. A very enjoyable outing.

Drycasting continues to go along smoothly (for some people only according to our D.C.O., Graham Baskerville). Ask Graham how easy it is to go from first to fourth on the ladder in one day! Still that's the way it goes. Graham reckons that now he has got rid of the bad one all the rest should be beauties. That reminds me, I must be due for a good one too. Our President, Tom Corcoran, was absolutely "burning" at the last cast as were a few others. It's good to see how much our newer drycasting members improve and in how short a time so we can see the worth of coming down to drycasting each month. There is also the social side too that makes it a very pleasant morning, although we must be due for some good weather.

Our Constitution is still progressing nicely at our "special" meetings and another bite or two should see it finalised so that the next stage can proceed.

I don't know whether I'll be able to get the next "Reel Talk" in the mail in time for Christmas, But I will try. However, should I fail, I will take this opportunity to wish you all Best Wishes for Christmas and the New Year and tight lines.

GEORGE HOLMAN

A LITTLE ETIQUETTE:

Once again I have been asked to remind members of our Clause (i) under the heading Field Day Etiquette.

- (i) "On the beach don't crowd your fellow anglers. Leave a reasonable amount (15-25 yards) of room between you and your fellow angler".

A very simple rule and makes for more enjoyable angling.

GREETINGS AND BEST WISHES:

Because this may be the last issue you will receive prior to Christmas, our President, Tom Corcoran, wishes to extend to members and their wives and families, on behalf of himself and the Committee, all good wishes for the Festive Season and everything you wish for in the coming 1973 year.

NOVEMBER FIELD DAY: 11/12TH:JURIEN BAY:

Whilst I have been honoured with the position of F.D.O., I have seen the field days producing more and more members to these venues. One of the many reasons I feel is the dedication the members have put into this side of the club's activities.

The Jurien Bay field day was no exception. Sixty-eight members signed on to what looked like being a very good field day, but the fish gods could only let us have a mere 245lb 10oz of tailor, mulloway and 3 sharks. Not to grumble, we all tried our best.

The final winner (with the heaviest bag) went to RICK ROWLANDS with 47lb 9oz of mulloway and tailor; a fine effort for Ric. A new member who on his first club run managed a creditable 28lb 8oz was Ric's father, BRIAN ROWLANDS, looks like a case of son teaches father a few fishing tricks.

Thirty members weighed in fish which was a good effort and these were G. Baskerville 23lb 1oz; R. Kildahl 23lb; B. Morrow 14lb 12oz; G. Gildersleeve 11lb; B. Marsh 10lb 8oz; J. Strong 9lb 12oz; G. Holman 9lb 4 oz; R. Noble 8lb 4 oz; H. Gregory 8lb 4oz; G. Sussemeyer 7lb 12oz; D. Savage 5lb 4oz; T. Savage 5lb; P. Neri 5lb; T. Stam 4lb 8oz; T. Snelling (V) 3lb; T. Gannaway (V) 3lb; J. Harvey 3lb; A. Norman 2lb 1oz; J. Speck (V) 2lb; B. Fredericks 1lb 12oz. These were just some of the members who caught fish.

Other mentions are extended to R. Kildahl who caught a 2 $\frac{3}{4}$ lb tailor to take heaviest scale fish for the field day and a new junior member in P. Jones with 1lb 1oz of tailor to lick the kids of the older juniors who couldn't stand the scorching pace set by him.

Good to see Doug Savage down from Geraldton with two budding fishing visitors.

Joke of the field day concerns our old friend Lofty. Word from the grapevine tells me that Lofty hooked into a big stingray on Sunday morning. Lofty, being the only one fishing, started to coax the rest of the group out of bed. We all know how Lofty "yah-hoos"-around; he did this for about fifteen minutes yelling "tailor on the bite", but this would not get Reg Noble, Bob Fredericks or Hewie out of bed because Hewie had sent young Paul Fredericks out to see what was doing. Paul came back to report no fish and Lofty was left to do his "yah-hoos" to himself and the seagulls; Lofty should try for "New Faces"!

The hardest catch of the day must go to Eric Sullivan with a hard, high flying tackle busting 12oz tailor; well done Ric,

So, until next field day at Wedge; good fishing.

FLAGS AVAILABLE:

Don't forget, as mentioned in the last issue of "Reel Talk", that Club Flags are available at between \$1.50 - \$2.50 each, suitable to put on cars, 4-wheel drives and beach buggies when on a venue and travelling on tracks and beaches.

Our F.D.O., Eric Parker, was a little disappointed with the boys on our last venue as there were not too many flags flying at all.

Do something about it!!

JUNIORS ON FIELD DAYS:

Due to some of our field days being held in reef clad areas, please observe the following.

1. Juniors MUST be accompanied on reef by parent or guardian.
2. Be careful at all times on reefs for BIG WAVES.

CLUB RAFFLE:

Our Treasurer, Dennis Green, has distributed a raffle book to each member and has a few left over for those who can sell more. He asks that you sell your book and return the butt and money to him as soon as possible, so that he can keep an eye on its progress without making it a hard job. There is nothing worse than chasing up raffle books at the last minute.

SOCIAL NEWS:

The trial on Sunday, 29th October, certainly had its moments. From the results many pulled the ripcord and I hear that one wife and assistants are up for sale - see LOFFY GRIFFITHS for details!

Many different interpretations came from the instructions (to me they seemed easy). We had "KILLER" KILDAHL heading over the Maylands traffic bridge - it's a good thing a bird told him he was on the wrong track - with several more moving down Canning Highway towards Fremantle. Overheard DENNIS GREEN saying he had now developed four pairs of eyes - it seems he was navigating and driving at the same time. TOM CORCORAN met up with another starter who decided to tag along, and for his effort got led on a scenic tour of Kalamunda and Mundaring.

Overall, I think everybody enjoyed themselves, even those who opened their envelopes. The winner of the trial was ROY LUNDY who lost 14 points, GEORGE "POTTY" HOLMAN was second with 17 points lost and DENNIS GREEN was third with 21 points lost. (It's amazing how these two stick together).

The cricket match ended up a complete fiasco for the President's 11+ who completely annihilated the ex-President's 11+. The main outcome from this match is that the social organiser needs specs. He was clouted by the first ball from speedster Baskerville and clean bowled with the next.

In the women's open, many of the female competitors collapsed round about the 50 yard mark - the finishing line seemed to be moving away from them - the true reason was that they just were not fit enough!

Early next year I hope to organise a night out at one of Frank Baden-Powell's eateries. If anybody has any better suggestions - let's have them!!

SOCIAL ORGANISER'S NEW (WORK) TELEPHONE NUMBER:

The work 'phone number for our Social Organiser, Tony Smith, is 25 5055. The reason for it not being changed on Page 1 is that a supply has been printed of this page and it will be a month or two before his new number will appear thereon.

NOVEMBER DRYCASTING:

Twenty-Six members turned up for the November cast, once again threatened by cloudy conditions. However, fine weather prevailed throughout the morning.

The first event underway was the Level Line Distance in which much interest arose following a B.O. by JOHN DEVITT, thus leaving the rest of the field a chance. Scores were closely contested - D.C.O. 40 pts, getting the feel of his new rod was D. GREEN on 36, together with B. LEICESTER and W. UTTING & G. HOLMAN 35.

It is interesting to note that in the father and son combinations, competition is very keen in this event with two of the 3 juniors having the edge.

In the S.H. Accuracy, BOB TICHBON closed the gate on the rest of the field by scoring with every cast for a total of 30, followed by D. LATTO 25, knocking on the door with an amazing burst D. GREEN 24, RUDY LERCH and JIM OXLEY 23. Others to do well were B. LEICESTER, R. KILDAHL, W. UTTING All with 20, B. TUCKER and F. LUCAS with 19.

One amused marker was B. LEICESTER who stated after D.C.O.'s brilliant effort of 11 from 2 casts, "When sliding down the tree you seem to get bark under the finger nails". (How true it is!)

The D.H. Accuracy event saw some brilliant casting from a select few. J. DEVITT was out to make up for the B.O. in the earlier event and finished with a total of 60 points. B. TUCKER, often having been away sick, was making his presence felt by a return to form with a 58. Also to score 58 was the "Pres", slouch hat and sunglasses, but however with one exception - skiting with a bulls eye for the last cast. Inquiry being conducted into this!

L. REID did well to score 43 with 3 casts and one of our junior members, RALPH LERCH, scored exceptionally well with 42 from 3 casts, taking a leaf out of the "President's" book to score a bull with the last cast.

At the other end of the scale in "Mugs Alley", D. GREEN who had the feel of his new rod (or he must have done as he registered a good score of 36 in the L.L. Distance), turned in a maximum effort to score with one cast for a total of 2 points and then had the audacity to turn around and say to his fellow casters "cheap rod \$10 for sale". A close rival for the booby prize in this event was D.C.O. who could only make half the distance with 2 casts, needless to say, not scoring, but then after finding the distance, ending up with 6 points - also has rod for sale.

It is the opinion of many that 10 points should be awarded to these two for effort and concentration!! Please write in with your opinions.

The S.H. Open which is always a Tucker/Holman competition saw G. HOLMAN turn the tide with a cast of 310'; B. TUCKER with 293' plus borrowed sinker and D. LATTO 261'. Others to do well, J. DEVITT 252'; T. CORCORAN 246' and D.C.O. 50 plus B.O.!

Day winners - B. TUCKER, as earlier stated with a return to form 121. Hot on his heels, T. CORCORAN 116, followed by J. DEVITT 107 and the little man B. LEICESTER with 104, who incidentally is on top of the wozza now!

Junior Day winners - RALPH LERCH 84, which is an extremely good effort, G. RENSHAW 69, M. TUCKER 67 and D. TAYLOR 56.

The longest cast of the day - J. DEVITT with 429'.

See you all next month.

A.A.A. OF W.A. PRESIDENTS' & DELEGATES' MEETING:

On Friday, 17th November at the North Perth Hotel, the A.A.A. of W.A., held its inaugural Presidents' and Delegates' Meeting.

We were represented by our President, Tom Corcoran; Vice-President, George Holman; Secretary, Terry Fuller; Jack Harvey (representing Northampton); Jim Strong and Phil Neri.

Also present were two of our Northampton friends, George Puls (President) and Tunny Barnlon (Immediate Past President). It was good to have a chat and an ale or two with them again.

The total attendance at the meeting would number around fifty from as far South as Albany to Northampton in the North.

A variety of subjects were discussed and for those members who are interested they were as follows.

- "The operation of the Australian Angling Association.
- The Operation of the Australian Angling Association (W.A. Division)
- Combined headquarters building for all clubs in the State
- Uniformity of fishing rules
- Fish Conservation
- Fish Records (Boat and Shore)
- Angling Facilities
- State angling championships (Boat and shore)
- Australian Angling Championships (Boat, Shore, Estquerine, Casting)
- General".

FIRST AID AND SICKNESS AND DISABILITIES:

I have been asked to mention this point again as apparently the response from members has not been good.

Firstly we wish to know those members who hold First Aid Certificates or similar qualifications who may be called on in an emergency should it arise on a venue or outing.

Secondly, those who have any disability or sickness that may require some attention or special attention at some time or another, are asked to notify the F.D.O. or Secretary.

Terry Fuller would like members to oblige (as it's for their benefit) by giving him the above details in writing as soon as possible.

It's better to deal with possible trouble before it occurs, or at least know how to meet it, than to regret not to be able to later.
