NEXT GENERAL MEETING

Our February General Meeting will be held in the R.S.L. Hall, Bay Road, Claremont, on Wednesday 12th February 1969, commencing at 8 p.m. sharp.

INSTRUCTION PERIOD.

Alf Rutland has offered to give a talk on the refrigeration and the preservation of fish caught on fishing trips by means of ice. Alf has given this talk before, and for new members I can assure them that if you wish to bring their catch home in good condition, the lecture will be most informative.

LAST COMMITTEE MEETING.

This was conducted at the R.S.L.Hall, Bay Road, Claremont, and seeing that President Jack celebrated his birthday on this night, it did not conclude until about 11 p.m.

NEXT COMMITTEE MEETING.

Will be held in the R.S.L. Hall, Claremont on February 20th and will commence at 7.30 p.m. sharp. The Committee will invite two membersto attend if they submit their names at the General Meeting.

FIELD DAY SWEEPSTAKES.

Due to popular demand at the last General Meeting, this has been altered and will now read --

- 1st. HEAVIEST SCALE FISH.
- 2nd. HEAVIEST SHARK.
- 3rd. HEAVIEST BAG OF SCALE FISH.

PLEASE NOTE CHANGES TO CASTING AND FIELD DAYS.

+++++

FEBRUARY.

Due to being unable to use Floreat Park Oval on the 2nd February, CASTING will be conducted on the following weekend - FEBRUARY 9th.

MARCH.

Due to the long weekend - Field Day will be swapped with CASTING DAY.

CASTING. 9th March

FIELD DAY. 1st, 2nd, and 3rd March - Murchison River.

APRIL.

PLEASE NOTE CORRECTION. Easter Weekend falls on 4th, 5th, 6th and 7th April, but we are unable to change date of Casting, so unfortunately this will have to be held on Easter Sunday the 6th April.

FIELD DAY. At Yallingup. Will now have to be held on our normal weekend the 12th and 13th, NOT as previously advertised on the 19th and 20th.

CALENDAR.

FEBRUARY CASTING 9th.

MARCH. FIELD DAY 1st, 2nd and 3rd.
CASTING 9th.
CLUB PICNIC 15th.
A.F.A. (PRESTON) 23rd.

MARCH DRYCASTING 6th
FIELD DAY 12th and 13th.

CASTING NEWS.

Holidays, heat, and perhaps the odd fishing trip, absented some members from January Casting. 25 braved the 108° to attend.

A gala atmosphere was lent by a few beach umbrellas, Liquid containers of various hues and red faces, some of the latter resulting from bail arms not being placed in the cast position.

Bob Tichbon and Brian Leicester had a "smashing" day. Bob uncorked the makings of a fine cast, only to have the butt part company from the rest of the rod. Brian dispelled the rumour about his Rangoon by breaking the tip in similar effort. Perhaps the heat was to blame.

John Devitt got away the day's longest cast of 437 ft. in L.L. Distance. This event was won by Eric Parker. Eric also scored 99 points for the day, one behind the winner Bob Tucker.

After missing the first in D.H. Accuracy, George Holman settled down to score 52/80 with three good casts. Hew Hoy Yew finished four behind with 48/80.

Bob Tucker's famous "spring back" acc. casts, in which he has perfected the art of stopping in mid flight, and pulling back to scoring range a certain cast over, brought him the S.H. accuracy winning score of 23/40. Hew Hoy Yew scored with all four casts for 22/40. Rudy Lerch made his in 3 with "Yewy" for second place.

Although cooped up with chicken pox, Ron Johnson could afford a cackle over his lead in the D.H. open. We wish you a speedy recovery Ron. Next month's D.H. Open may give you a score to really crow about.

LANCELIN/WEDGE ISLAND FENUE - January 1969

The first venue of 1969 was conducted at Lancelin/Wedge Island on Saturday 11th January, and a good roll-up of members attended (64). The weather during the week had been a little rugged, but eased by the weekend, although a fairly strong South-Westerly was blowing as the boys ventured to their chosen fishing spots.

There seems to be a continuing line of new faces among our ranks, augers well for the future of the Club. Good to see Bob King and his two boys getting the cobwebs off their gear at this outing. See what we can do about making the fish co-operate a little better at our next venue Bob. Syd Bannister (who donated our mystery poundage prizes for this month) has yet to catch one of those scaley things to put in his bag, but nevertheless seemed to enjoy the outing. Third venue lucky Syd.

The F.D.O. and party travelled in style down the beach this time per media of a beach-buggy. It may look a little like the Flintstones hitting the beach, but it sure beats walking, and what's more it goes. Eric Hill take Note!!

Back at the weigh-in on Sunday morning things were looking a little grim, and the F.D.O.'s party looked like they might be in the swim, until the boys from Wedge Island arrived. As some of the less fortunates had remarked earlier, that they were beginning to wonder what a bag of fish looked like, they were quite envious of the bags weighed in from Wedge. Good Mulloway and Dart were prevalent, although the Tailor were on the small side.

Bob Tucker once again managed the heaviest scale fish - a Mulloway weighing 10 lb. 5 oz. Looks like you really have hit your straps Bob. The Mulloway seem to look for you.

Our smiling friend Hew Hoy Yew was absolutely beaming as he weighed in the heaviest bag of scale fish - 35.1/2 lbs. of Mulloway, Tailor, and Dart.

G. Ross once again took off the Junior section with 12.1/4 lb. of fish, although Drew Shaw is trying hard to stop his run.

Good bags were weighed in by Ted Savage (20.1/4 lb.) and his son Doug (18.1/2). Rick Rowland (19), R. Tucker (17.3/4), R. Lerch (19) and our old friend Lofty (31.1/4) got amongst them also. The total poundage finally reached 340.1/4 lb. of fish, which is an improvement on our recent outings.

The Mystery Poundage went to D. Talbot (biggest Malloway) R. Rowland (biggest Tailor), Eric Parker (3 lb.) I. Payne (5lb.) Charlie Adams (7 lb.) Brian Hanks (9 lb.) - these winners all receive a double pass to the Motor Show donated by Syd Pennister, one of our newer members. Thanks a lot Syd.

I would like to thank the boys who helped to put up and take down the Club Tent. It is a great help chaps, and much appreciated.

Thanks all for the January venue - look forward to seeing you all at Preston next month.

SUGGESTIONS FOR FIELD DAYS & CASTING COMPETITIONS.

If any members have any suggestions to help in running our competitions, they are invited to give their suggestions to the Hon. Secretary at the next General Meeting.

Also, it would be helpful to the Committee if members could give suggestions for our next Venues, and also the month they would like to fish these spots. This helps the Committee to select the venues for the coming year - May to April. See last page of Reel Talk and submit appropriate entries

i.e. MAY - GARDEN ISLAND
JUNE - ROTNEST.

etc.

NAME BADGES.

The response for the name Badges has not been very encouraging. This Badge is a means for the newer members to identify the older members, and for the older member to go up to a new member and help him to join in AS A CLUB MEMBER (it also helps to attend Casting Days and learn the fundamentals of this sport).

Name Badges (metal) will be obtainable in batches of fifty so place your order now -- 50 cents each.

3 IN 1 BADGE.

Members will be pleased to know that the Committee has finally selected a badge for this interesting competition. One of the entries submitted by Doug Talbot was selected. Details and a drawing of the badge will be given at next General Meeting. Many thanks Doug., and to all members who submitted entries. It gave the Committee quite a job and quite a few nights to select a design that we thought would please all members.

ANGLERS & GENTLEMEN.

The complete change necessary, regardless of a man's appearance character and association, to develop into an angler, and the comparison between an angler and a fisherman were discussed by "Marlin" in a recent edition of the Gosford (N.S.W.) "Times".

"Every angler is a fisherman, but a great many fishermen are not anglers; all anglers are gentlemen, regardless of their business calling, appearance, character and association.....The angler fishes for the sport of the game. The thrill of a big fish taken on a light rod and gear is something known only to the true angler... to them the number of fish caught matters little. The thrill that counts is the one of catching fish, which in many cases is pound-for-pound the same weight as the breaking strain of their lines, and sometimes even greater".

The thrill experienced by an angler in landing that big fish on light gear is far greater than that of a fisherman catching a dozen fish, especially when the odds are all in his favour. The angler's sport lies in pitting his skills against the cunning of the fish.

FALLACY OF FISH YARNS.

According to American Scientists, the old story about fish being affected by weather conditions is just another fish yarn. They reached the following conclusions investigating the conditions of the fish in relation to weather variations.

Fish pay no attention to the weather, and how many fish an angler catches has nothing to do with the barometer - whether it was rising or falling, the catch was about the same.

Experiments were carried out on catching fish on days of different wind velocities, sky cover or cloudiness, showers or steady rain, the results showed that such conditions have nothing to do with either good or bad catches.

FEBRUARY FIELD DAY

PRESTON BEACH.

This venue will be a relatively new area for fishing, as it has been some time since the Club has held a Field Day there.

The venue will take place on Saturday and Sunday 15th/16th February 1969. Fishing will commence at 4 p.m. on Saturday, and cease at 8 a.m. on Sunday.

The Club Tent will be erected on the parking area at approximately 1 p.m. and I will be in attendance until 3 p.m., to check you all in. PLEASE DO SO. Late arrivals let Lofty know or myself, at the meeting on Wednesday.

Weigh-in will be from 9 a.m. to 9.30 a.m. on Sunday. Please keep the camping area and beach tidy.

Lofty and myself would like to ask a small favour of those members who are fortunate enough to have four wheel drive vehicles, how about giving the less fortunate enough to have 4 wheel drives or buggies, a lift or take some of them with you if you have enough room? It seems a waste to see long wheel base Land-rovers (or short) with only two persons therein. By helping out your clubmates you are fostering a good club spirit, and this is what we want!

10 mile limit either way from weigh-in centre.

Good Fishing,

George Holman, F.D.O.
