EDITORIAL:

Well, Christmas and the New Year are upon us and I take this opportunity of extending best wishes to all club members and their wives and families.

Due to this time of year, I have not been able to get the "Reel Talk" out as early as I would like and with the postal rush, this issue may be a little late getting to you. My apologies if this eventuates.

This past month has seen the start of one of the most important issues (in my opinion) confronting club anglers for some time, and it will be awhile before it will be resolved, I feel. This is the impending ban (according to the press) of 4-wheel drive vehicles and beach buggies on the beach by the Gingin Shire. Wanneroo has such a ban in operation already and if Gingin Shire follows suit, it will restrict the activities of angling clubs dramatically in the area and possibly start a chain reaction amongst Shires.

Our club has forwarded a letter to the Shire requesting permission to be represented at a meeting between the Shire and the W.A. Beach Buggy Association. The W.A. Division of the A.A.A. has also been on the job and is a member of the new Recreational Vehicles Association which will be represented at the meeting. This new Association was formed to unite anglers, 4-wheel drive clubs, dune buggy clubs and trial and endura clubs in their efforts to look after their recreational activities without clashing with one another. I thought this was a very sensible approach to the problem. However, we will have to wait and see what eventuates.

As Tony Smith hasn't been able to get his report to me on time, I will make a few comments on the social activities. Tony has been a very busy boy this last month as he had a committee members and their wives function, which was held at this home, to cater for, and also the club Christmas meeting. The first was most enjoyable to those in attendance and I extend thanks to Tony and Margaret on behalf of those present. They left no stone unturned and making their home available for the occasion was appreciated. The club meeting function was, as usual, enjoyed immensely by members. This is a great social occasion in the club and members appreciate the work Tony put into it.

Vice President, "Lofty" Griffiths chaired our last meeting in the absence of our President, Tom Corcoran, who arrived later to announce that he was a father of a little girl.

"Lofty" did a good job, but possibly might have rushed it a bit as our Social Organiser had to give me the "stall" signal when I gave the A.A.A. of W.A. report, as the caterers weren't ready.

I would just like to mention, for the benefit of those members who are interested in our building fund, that they ought to be present at our next meeting as our President has some encouraging news.

I have been a bit dissappointed of late that members haven't been giving me articles to put in the "Reel Talk". Most members would like to know about the fish you caught whilst on your holidays, plus it saves me a lot of writing!! So how about it chaps?

From now on members should display a little more care on the beaches with regard to vehicles on the beach, speed and litter. With the situations with the councils and public on these points, we do not want to give any cause for the bone to be pointed our way, as we should set a good example. Take note of Eric's comments on the last venue.

I am personally pleased to see some of our older club members going on venues with different and more youthful parties than they normally go with. This is great to see and only more enjoyment and greater club spirit will eventuate. Hope this sets an example to others and possibly create a new trend.

Don't forget to chip in and help your fellow club members, whether it be on a field day or at drycasting. It is appreciated you know. A good opportunity to do this is with transport at Flinders.

George Holman

GOT THE RIGHT IDEA:

One of our more senior members in Gerry Laffeber has got the right idea. Gerry has purchased a property at Port Gregory and intends going into semi-retirement and spending some time in Perth and Port Gregory as he wishes. Of course, knowing Gerry, he will be giving the fish a bash every time he stays at the latter. I would say a lot of members wouldn't mind being in a similar position. Good luck Gerry.

MORE LEAD NEEDED:

Our good friend Arch Ticklie has run out of lead from which he makes the sinkers which are available to club members at a very nominal charge. If you have some lead you don't want, bring it to the meeting and give it to Arch and he will look after it from there. You get the benefit all round as, other than cheap sinkers, the money raised goes towards our trophies.

A GOOD PRE-CHRISTMAS HAUL:

DECEMBER VENUE: LANCELIN/WEDGE ISLAND

I think everyone who attended this venue were rewarded with a good feed of fish, mainly Mulloway and Tailor, and a few Herring and Dart. We had an attendance of 49 anglers (down quite a bit on the previous month- 70) for a total of 741lb 5oz.

The check in behind the Lancelin Inn saw a number of the boys waiting for our arrival, consisting mainly of 4-wheel drive vehicles endeavouring to get along the beach before the tide came in. There were soon checked in and were then away followed by the conventional vehicles who tried getting over the desert. GEORGE HOLMAN and REG NOBLE'S parties had a busy time in their buggies helping them over this sandy spot before they too travelled along the beach. At 1 o'clock we were away to the South Reef at Wedge to fish off our stands.

ROY LUNDY and young BRETT NINA fished at Narrow Neck and did really well, getting amongst the tailor.

However, most of the boys fished North of Wedge and good catches came from this area. Leading the field (and winning the field day) was DENNIS GREEN with a bag of 50lb, closely followed by GEORGE HOLMAN 41lb. Other good catches from this area came from HEW YEW HEW 34lb; G. DOVE (V) 30lb 12oz; TERRY O'HARA 30lb.

The weather was, on the whole, quite good, but looked very much like a thunderstorm in the afternoon and a little rain was experienced later at night causing some inconvenience to a few of the boys.

One noticeable feature of the venue was that a few of our more senior members went fishing with more youthful counterparts. One of these was DOUG NEWTON who fished with RON KILDAHL and BILL MORROW. Even though Ron and Bill had their stands out in the water to fish from and Doug was relegated to the beach, he was nearly left at Wedge because he caught an 18lb mulloway which was the heaviest scale fish for the venue. Congratulations to Doug on a fine effort.

Three visitors who did well- and we hope to see them join our Club- were G. DOVE 30lb 12oz, MICK GEDDES 25lb and E. BAILIE 23lb. Pretty good efforts by these chaps.

The morning saw a good weigh-in with DENNIS GREEN taking off the heaviest bag 50lb; DOUG NEWTON heaviest scale fish 18lb and the junior with the heaviest bag was RAY REID 14lb 4oz (beating his Dad who managed 13lb4oz). Keep it up Ray.

Although this report is short, I, as your F.D.O., have the awful job of throwing some nasty punches. These being; RUBBISH! I saw members throwing beer cans, chicken bones, paper and bags around where the weigh-in centre was! PLEASE have some sense and keep the place tidy and uphold the name of the Club.

Secondly, beach buggies and 4-wheel drive vehicles:- watch those speeds on the beach.

Thirdly, in future, sign on times will be strictly adhered to. If the F.D.O. is early for a weigh-in, fish will be weighed in early because of hot weather.

On a happy note, I would like to wish you all a Happy Christmas and New Year and see you all down at Flinders Bay.

ERIC & STAN

MULLOWAY SPECIALIST:

One of our members seems to be specialising in one species of fish- the Mulloway. He is none other than Jack Harvey (as you all have probably guessed). Jack has been pretty consistent of late and his latest effort was a capture of 46lb Mulloway at Golden Bay on Friday, 8th December. He was using 15lb line and an old mullet head- take note of the bait fellows. This, in theory, is 3 to 1 and I wonder if Jack has had a line test, etc. to qualify this fish.

Next time Jack goes fishing I'm sure he'll have a few buddies trying to learn more about how to catch the BIG ones!

FLINDERS BAY:

13/14TH JANUARY:

Boundaries:

East and West as far as you can drive along the beach.

Registration:

Will be between 12-1 p.m. on Saturday at the campsite behind the beach at the end of Cambrake Road.

Fishing:

Will commence at 2 p.m. Saturday and cease at 7 a.m. Sunday.

Weigh-in:

At registration point on Sunday between 8-9 a.m.

How to get there:

Take the Brockman Highway south from Nannup. At approximately 24 miles from Nannup, you strike a junction where Stuart Road junction meets the Brockman Highway. From the junction, take the Cambrake Road south. At approx. 12 miles you cross the Scott River Bridge, continue on for approx. 1 mile then take a left hand U turn through a gate. From the gate the track carries you to the sandhills.

NOTE:

At the 'U' turn, a road veers to the right. DON'T TAKE IT. Signs will be erected.

A GIRL CORCCRAN!

Well our worthy President, Tom Corcoran, and his good wife Margaret, have finally done it after a number of tries- produced a GIRL!

This bouncing little beauty weighed in at 6lb 13oz according to Tom and they have named her Julie Robyn. The date of arrival was the 13th December and the time 8.30 p.m. - just in time to let us all know at our General Meeting.

Congratulations Margaret and Tom.

APPLICATION FOR MEMBERSHIP:

The following applications for membership to our Club has been received. Any member having any reason(s) why these persons should not be accepted as a member of this Club, are invited to contact a Committee Member.

WELCOME BACK:

Doug Savage has now returned to the "BIG SMOKE" for a twelve month stay, after being a resident at Geraldton for some time. Doug informed me that our December General Meeting was the first club meeting he has been able to attend for five years. He has been transferred to Perth by his Company.

I am sure I express the sentiments of fellow Club members Doug, in saying it is good to see you back with us, even though you have managed to keep in touch during the past period, and hope your stay in Perth will be enjoyable and successful.

A.A.A. OF W.A. DELEGATES' REPORT:

We have had a busy time during the last month with the usual monthly meeting and a special meeting arranged for interested bodies at the Mt. Hawthorn Civic Centre. This particular meeting was called to unite and help to solve any problems between the A.A.A. of W.A. (Anglers), interested bodies, dune buggy clubs, 4-wheel drive clubs and trial and enduro clubs. The issue is mainly on the pending ban of 4-wheel drive and beach buggies by Gingin Shire. The aim of the new body which was formed, The Recreational Vehicles Association, is to retain the use of the beach for transport from point A to point B for anglers and to obtain suitable land for the operation of the dune buggy and trial and enduro clubs. George Holman, from this club, was appointed Publicity Officer.

The committees have been formed for the Preston Beach Competition (to be held on 24th and 25th February, 1973) and the Boat Championships (to be held on 18th March).

The Preston function will be basically the same as last year, but there are a few alterations to the boat championships. The main one affects the teams event. The members of the various teams nominated will have to fish from boats supplied by the A.A.A. of W.A. and positions in the boats will be by ballot as in the Australian Championships. A fee of \$5 will be charged to each team member to pay for the charter of the boats. Individuals may use their own boats and fish where they wish depending on the section they enter.

All records passed by the W.A. Division which are Australian records will now be recognised, as South Australia has taken over recording these records. Our Division has now only to forward these on to S.A. to be accepted.

There were numerous other points dealt with but these are the ones which affect us most.

The President and Delegates from A.A.A. to W.A. extends Season's Greetings to all Surfcasters.

GEORGE & LOFTY

LEGAL LENGTHS OF FISH:

Recently the A.A.A. of W.A. was asked for suggestions re amendments to the legal lengths of fish by the Fisheries Council. The two main species they recommended altering, and which the Fisheries Council accepted and passed, were Tailor from 9 inches to 10 inches and Mulloway from 13 inches to 15 inches. The cover on "Reel Talk" will not have these alterations on it for some months as we have quite a number printed which we have yet to use.

DECEMBER CAST:

Despite the Weather Bureau's threat of a "stinker", conditions were reasonably good for the 29 members and one visitor who arrived at Floreat Oval for the monthly cast. Prevailing northerly winds, while assisting to some extent the level line casters, played havoc with accuracy performances. In some cases, results were disastrous!

LES REID really excelled in the level-line section with three casts all in, and averaging 404'. A truly commendable performance. E. PARKER could only manage 2 casts before he returned to form and broke off. However, both of Tiny's casts were 405ft. Poor old D.C.O. and JOHN DEVITT had costly B.O's (or C.U's or S.U's or something) also. We heard the whip-crack twice and Social Organiser, Tony Smith, was really in form. Must make mention of W. UTTING who had trouble early with 315ft but recovered to put 400ft away with his last cast. G. GILDERSLEEVE, chasing 20 cents that he had lost previously to the President, put down a very dainty 329ft - what some fellows will do for money. The computed results show L. REID with 40pts, followed by G. HOLMAN 39, D. GREEN 37, T. O'HARA 37, B. LEICESTER 37, W. UTTING, R. TUCKER and the President managed creditable scores of 35.

Well, as mentioned before, the humid conditions and a cross wind played hell with most casters efforts in the double-handed accuracy section. It was a dismal performance in the light of previous months when our best was only a shade over 50%. However, enough reprimanding from your D.C.O. whose 21% result was grim to say the least. TINY PARKER and D. TAYLOR had no small amount of trouble in this event - they could only manage zero! G. GILDERSLEEVE, sober for the first casting time, managed a creditable 43 and finished third to R. KILDAHL 56 and R. TUCKER who scored 44. Other scores only just worth a mention were E. SULLIVAN (only because he's my assistant) 42; D. GREEN 41 (only because its so rare) and D. LATTO 40 (who is really trying). L. REID was a little inconsistent in this event when after 3 misses he managed a lovely bull,

The single-handed accuracy revealed scores more in line with what we expect. Even R. KILDAHL'S zero was more or less expected. Consistent B. LEICESTER took out this event with 25, followed by G. HOLMAN 21, R. TUCKER 20, E. SULLIVAN 19, T. O'HARA 19, R. LERCH 19 and following in his Dad's footsteps, M. TUCKER 19 - and with Mark's big feet, that's quite an achievement.

With no open event, the day concluded early and another chapter was written in the saga of the "Decline of a D.C.O.". My 67 followed last month's 67 to prove how consistently bloody awful one can become.

The final counting and distribution of preferences resulted in a tie - the first under our new system. Both a very consistent B. LEICESTER (average 108.5) and R. TUCKER finished the day with 109 points.

They were followed by E. SULLIVAN 103 (not trying- on the contrary) very trying), out of the blue D. GREEN 102 and R. KILDAHL 98.

B. LEICESTER with his irritating consistency has established himself as clear leader in the overall competition and its my tip no-one will touch him- however, you never know! R. KILDAHL 844 is not too far away, nor is J. DEVITT 822. And who knows, if G. HOLMAN 805 starts trying, anything could happen.

Well chaps, see you next month where you can all do battle once more. Remember the oval and the time - 9.00 a.m. sharp.

(TIP OF THE MONTH FROM THE D.C.O. --- DON'T PRACTICE).

WANTED TO BUY:

PEN SURFMASTER NO. 250 OR SIMILAR
 REEL RING VIC DAVIS 71 3765

CLUB SCALES:

It was finally resolved at the last committee meeting that the set of scales that are to be purchased for hire to club members when they go on holidays, etc. will be 50 kilos.

A LITTLE CO-OPERATION:

Our Field Day Officer has asked me to mention again the point of 4-wheel drive and beach buggies helping the less fortunate members to suitable fishing spots along the beach.

The next venue at Flinders is an ideal occasion that this can be put into operation. It certainly helps foster good club spirit, so how about it chaps???

FISHING HUMOUR:

Tourist - "Good river for fish?"
Fisherman- "It must be. I can't persuade any to come out".

An enthusiastic angler was telling some friends about a proposed fishing trip to a lake in Colorado which he had in contemplation.

"Are there any trout out there?" asked one friend.
"Thousands of 'em," replied the angler.
"Will they bite easily?" asked another friend.
"Will they? Why, they're absolutely vicious. A man has to hide behind a tree to bait his hook.

"Boyoboy, did I catch a FISH! It was tremendous. Why, it was t - h - a - t long. I never saw such a fish!"

"I believe you".

JUST FOR THE RECORD MUM!!

Apparently three of our members are a little worried as their wives, when looking at the last "Reel Talk", found that their names were not listed among those in attendance. Probably had a multitude of thoughts as to what they got up to!!

Well to get the records straight they were in attendance girls and to mention their names, they are:-

Ron Mansfield - wasn't listed as present (but was) and had a lean time with the fish

Ted Savage - was there but couldn't even get a bite!

Snow Tate - was there (but not listed), caught his first fish for months and never even had it recorded!

Hope everyone is happy now and that the boys are allowed to go fishing!

THE TEN COMMANDMENTS OF HUMAN RELATIONS FOUND IN A SURF ANGLER:

1. Speak to People - ^{There is} nothing as nice as a cheerful word of greeting
2. Smile at People - It takes 72 muscles to frown and only 14 to smile
3. Call people by name - The sweetest music to anyone's ears is the sound of his or her name
4. Be friendly and helpful - If you would have friends be friendly
5. Be cordial - Speak and act as if everything you do were a genuine pleasure
6. Be generous with praise - Cautious with criticism
7. Be considerate - of the feeling of others- it will be appreciated
8. Be thoughtful - of the opinions of others; there are 3 sides to the controversy; yours, the other fellows and the right one.
9. Be genuinely interested in people - you can like everybody- if you try
10. Be alert to give service - what counts most in life is what we do for others.

Best wishes to all in the New Year.
