EDITORIAL:

Once again we reach the end of the club's official year with the election of our new office bearers at the next General Meeting (July). This year hasn't been a particularly smooth year committee wise, but a lot of good has come from it and quite a few changes. Also, that Constitution was finally ironed out. I personally hope to see a lot of members nominate for the various positions. Might even have a new Editor next month!

Possibly one of the most important announcements to be made with regard to W.A. angling is that of the allocation of the Australian Championships to W.A. for 1975. This is good in the respect that it will take a lot of work from all anglers and, I feel, will help bring the clubs closer together. I only hope that this club supports the event substantially as we have some very capable workers as well as competitors and I would like to see both do their bit.

Our Annual Presentation Dinner and Dance was a great success and credit must go to our Social Organiser, Tony Smith. The location, meal, band and all the trimmings was great. I'm sure all enjoyed themselves. I did!

I was pleased to receive a letter from one of our Members in Jack Harvey containing some comments in answer to a letter published last month by Ken Jones. This is the sort of thing I wish to encourage through "Reel Talk" as both gentlemen have put forward good reasoning and I feel it makes members think. I have published the letter herein.

At present I am making arrangements to get our team together for the State Club Championships at Yallingup on the 17th September. If any members are interested in going would they contact me and we will see what we can work out. I hope to see a good representation from this club.

I have an apology to make, I feel, as I did something last month I haven't done before- I didn't weigh in at the Jurien field day. I didn't have a fish until 7 a.m. on Sunday when I started to catch a few herring along with Mick Geddes, Ernie Bailey and Brian Mollett. Having no white bait I did a bit of bartering with Doug Newton for some white bait (this cost me a feed of herring) and stayed on to catch a feed. A little later I caught a few good skippy up to 2lb 14oz and then caught a nice Samson fish which weighed 16lb 10oz. Along with a good bag of herring, I felt it was well worth while. We were fishing North Head for those interested. All four of us ended up with a good feed.

To end this Editorial, I would like to extend my thanks to members for their co-operation over the past 12 months with regard to "Reel Talk" and hope to see it continue. I wish to express my appreciation for the assistance that "Lofty" Griffiths has given me over the last 12 months. He has been a big help and I'm sorry that he won't be able to continue with this work as he is not nominating for committee next year.

Look for the Editorial next month!

JUNE FIELD DAY: 16/17TH:JURIEN BAY:

After a bad start at Garden Island, amends were made at the Jurien field day.

A grand roll up of 53 anglers attended and caught 101 lb 10 oz of fish, comprising of tailor; skippy; herring, whiting, flathead and varieties of rock cods.

The F.D.O. and STAN RENSHAW left home about 9 a.m. and arrived at the sign-on centre at a little after 12.10 p.m., after a very good trip. My apologies for being late.

After signing on all the members, everyone left for their selected areas to fish the night and morning.

I must point out that at this stage, the weather was perfect and this is shown by the good catches recorded.

Most of the members fished the North head area while the rest journeyed to Greenhead area and a few ventured to the southern boundary of the field day - Booker Valley.

As usual, Sunday morning always comes too soon and the boys started coming in for the weighin with their catches.

The eventual winner was R. ROWLANDS with a good bag of tailor, skippy and whiting, to take out heaviest bag of scale fish. Ric also won the Jurien field day in November 1972. Keep up the good work Ric.

Most species of fish went to a visitor in A. GREED with 3lb 1oz of fish comprising tailor, whiting, flathead and herring. Heaviest scale fish went to RON MANSFIELD with a 2lb 5oz black snapper. Heaviest Junior bag went to little GEOFF RENSHAW with 5lb 9oz of skippy.

On a not so good note, two of the members had minor breakdowns. TOM SMITH smashed a windscreen in his Landrover and also broke a rear axle. Better luck for the future Tom. GRAHAM BASKERVILLE did a big end near Yanchep, but was able to be towed back to Perth, hop in his other car and drive up to Jurien for the field day. That's enthusiasm. Better luck next time Graham.

On a high note, GEORGE BLOOMFIELD, who was fishing with F.D.O., STAN AND GEOFF RENSHAW, and rest of the gang, was so excited at catching 4 nice skippy to the value of 6lb 2oz, that on Saturday night, we had a little celebration at the camp.

So, until Garden Island, good fishing.

ERIC & STAN

THAT TRIP TO CAPE CUVIER:

Since the return of a group of our Club members from Cape Cuvier last month, their trip has received a good deal of publicity in the media and a report was prised out of them, although somewhat reluctantly at our last General Meeting. I was hoping for a write-up from one of the participants, so maybe they might oblige for next "Reel Talk". They certainly caught some fish as the Open Section shows.

LAST INSTRUCTION PERIOD:

Doug Clegg, from Linnetts Sports Store, came along to our last General Meeting and officiated at our instruction period. He came well prepared with a lot of new fishing gear and gave a demonstration of the amount of pressure that can be applied with a double-handed rod (approx. 22lb with 48lb line). This was well received by members and a lot was learnt. To top this off, Doug donated most of the items shown to the club for trophies.

On behalf of all club members, thanks Doug.

SUBSCRIPTIONS ARE NOW DUE!

THE ANNUAL DINNER AND PRESENTATION NIGHT:

Saturday, 23rd June saw our 21st year of existence as a club celebrated at our Annual Presentation Dinner and Dance at the Wembley Lodge, Wembley.

It was a most enjoyable evening and I'm sure all those who attended will agree with me. Credit must go to our Social Organiser, Tony Smith, and his good wife Margaret, for all the hard work they put into it.

The weather wasn't exactly co-operative, but the function got under way on time at 5.30 with sherries and savouries followed by the dinner at 6.10 p.m. After the usual toasts, President, Tom Corcoran, welcomed all present, including our visitors, and gave a résumé of the club's past year's activities. This was followed by a very good meal.

The presentations were then made; the Field Day trophies by Eric Parker (our F.D.O.); the Open trophies by Bill Morrow (Recorder) and the Drycasting by Graham Baskerville (our D.C.O.) President Tom also made a special presentation to our new honorary life member, Jim Strong, along with certificates to retired Committee members and finally, the Sportsman of the Year Award. I was fortunate to be the recipient.

After the formalities were dispensed with, the tables were cleared and the cabaret part of the evening commenced. The music was good and the members and their wives/girlfriends were soon up and dancing.

A few novelties were conducted during the evening and the gentleman who made sure that they were profitable, was our worthy treasurer, Dennis Green.

Some announcements were made during the evening; anniversaries of Doug and Mrs. Newton, Lofty and May Griffiths and Graham and Ann Baskerville. Also, Heather Sullivan's birthday was announced. The most important announcement though was George Bloomfield's engagement to Stan Renshaw's daughter.

Around 12.30 the evening started to draw to a close and so ended a very enjoyable occasion.

Congratulations to our Social Organiser, Tony Smith.

GAME FISH ON FIELD DAY:

For the information of members, any game fish caught on a field day, which is to be entered for a game fish badge, should be lodged with the Recorder on the appropriate form.

A.A.A. OF W.A. REPORT:

Jim Strong and myself, along with Roy Lundy (as a visitor), represented the Surfcasters at the last meeting of the W.A. Division of the Australian Anglers' Association.

Possibly the most important announcement was that W.A. has been allocated the 1975 Australian Championships. This will mean a lot of work and it will be necessary for all the clubs to "chip in" and lend a hand so that all anglers can enjoy this event. It is the first time this championship will be held in W.A.

Three records were passed: 16lb Bludger - Albert Norman; 9lb Mangrove Jack - Ron Thomas; 65lb Samson Fish - Keven John Murphy. All were shore records.

The motion moved by the Offshore Club to the effect that only 2 delegates from any one club can hold office at the one time, was carried.

The motion regarding a suitable point scoring system for the boat championships was deferred until after a special meeting of the boat clubs is held.

A convention for any member of clubs affiliated with the A.A.A. of W.A. is to be held at Mandurah on Saturday, 4th August at the Brighton Hotel. Will give more details next month.

The election of officers has been held over until the August meeting to give the new delegates nominated by the clubs, time to have a look at the Divisions operations.

The North Shore Cruising and Fishing Club has just paid \$180 solicitors fees towards its part of the new groyne and boat ramp at Whitforde. General Agency is sponsoring the project. Approximately 250ft of ramp will be installed.

An application has been lodged with the A.S.C. for the yearly grants to sporting bodies. It is hoped the W.A. Division will get around \$400.

Letters to the Fremantle Port Authority, Mr. Bickerton the Minister for Works, and the Fisheries and Fauna, regarding the retention of Robbs Jetty as a fishing platform were answered. The cost of repairs is \$15,000 and the yearly maintenance is \$10,000 and as there is nobody prepared to, or able to, bear the costs involved, down she comes.

Letters querying fishing for redfin perch and trout in inland waters were sent to Wanneroo and Mundaring Shires.

78 Eric Street,
Cottesloe.

The Editor,
"Reel Talk".

Dear Sir,

I would like to add a few further thoughts to those of Ken Jones on the question of Juniors fishing from rocks.

Statistically the risk of injury while driving to a venue is due in part to the carefree, and often careless driving of young drivers who do not appreciate the risks they are taking.

Does the lad's experience as a fisherman have a bearing on a members right to vote on a motion to protect the lad from possible injury or death caused by his youthful impetuosity? An ability to swim strongly may be of little use if washed in from rocks. Many bodies recovered are not drowned, but dead from cerebral injuries; they never had a chance to swim.

Ken's words "he leaves me for dead in the water", I hope never come true!

I remember well the words of an eye witness to the Kalbarri tragedy when 3 sisters were widowed in seconds. They were, "there was a shout of warning, a crash as a wave broke over the rocks, a silence, and we called to our mates just around the corner and received no reply. Then we saw 3 motionless bodies drifting out to sea, there was nothing we could do for them as they sank from sight".

I agree with Ken, only the boy's father should make the decision, but surely he should be there to assess the conditions and not leave the responsibility to some club member.

Possibly the club has no legal responsibility in this matter, but surely we have a moral one to help our members, young and old, and not shrug the matter away if an accident should occur and salve our conscience with those heart breaking words, "there was nothing we could do for him".

JUNE CAST:

The June drycasting saw 23 competitors including one Junior Visitor.

With the "Reel Talk" running a bit late and some of our stalwards fishing at that fabulous sounding Cape Cuvier, I guess the attendance was pretty good.

The Level Line Distance was won by BRIAN LEICESTER with 40, followed by LES REID, GEORGE HOLMAN and BOB TUCKER all scoring 38. Good distance casting, but I noticed a lot cast outside the lane; so with a bit more accuracy, the scores could be better. The D.H. Accuracy was again won by BRIAN LEICESTER with 58 out of 80; then came LES REID with 57, GEORGE HOLMAN 51 and myself with 43.

The Single Handed accuracy saw J. OXLEY and G. HOLMAN both scoring 24 out of 40, then BRIAN LEICESTER 21, followed by BRETT NIENER and GEOFF RENSHAW both with 20.

The Single Handed Open, the first one for the '73/74 season, went well and I suppose it was just a coincidence that BOB TUCKER dropped his boys off and happened to have his "super-duper" distance thrower with him. Bob can certainly cast that rod of his and he cast 302 feet, followed by GEORGE HOLMAN with 297 feet and then TOM CORCORAN with 291 feet.

The overall day winner was BRIAN LEICESTER with 129 points and the top-scoring Junior was again GEOFF RENSHAW with 69 points.

TOM CORCORAN and JIM STRONG were both very helpful in setting up the targets and Tom took the other score sheet whilst GRAHAM BASKERVILLE was away.

Let's hope the next casting day will see a lot more of the members come along to take part in this interesting activity.

ELECTION OF OFFICERS:

The July meeting is our Annual General Meeting and the night of our election of officers for the ensuing year. Due to its importance, it requires the attendance of all club members, for at this meeting, the members elect their office bearers to conduct the club's business on their behalf. If you want the best representatives, you should give this important function a good deal of thought before the meeting and on the night, vote for those who you think will most capably carry out the work.

There are a number of vacancies this year through committee members not wishing to re-nominate. If you know someone who you think will fill one of these positions (or any position) admirably, or maybe you wish to have a dash yourself, then make sure that they (or you) are nominated. The more nominees the better the men we will get!
