July 1980

Forget-Me-Knots ...

- . Casting day FIRST Sunday of Each Month unless otherwise noted. - Starting Times will be Strictly adhered to.
- . Monthly General Meetings are usually held on the SECOND Wednesday night of each month at 8 p.m. SHARP.
- . Field Days are held generally on the Weekend after the General Meeting.
- . Annual Dinner Dance and Presentation of Trophies is held in June. Time and Place to be determined.
- . OPEN: Club Records: Line Ratios Badges applications must be in to the Recording Officer within 30 DAYS of Capture.
- . Give your Committee any ideas you have. Don't sit on them.
- . All Library Books MUST be returned at following Monthly Meeting unless permission is given to hold books longer.

NEXT GENERAL MEETING:

ANNUAL GENERAL MEETING. 9th July, 1980.

Held Dianella Community Centre, Light Street, Dianella. 8 p.m. sharp.

ELECTION OF OFFICERS. "BRING A PLATE" please for Supper afterwards.

NEXT COMMITTEE MEETING:

16th July, 1980. Held Dianella Community Centre, Light Street, Dianella.  
8 p.m. sharp.

NEXT DRY CASTING DAY:

6th July, 1980. 9 a.m. sharp.

Up to 112 gram (4oz) L.L. Distance.

56 gram (2oz) L.L. Distance.

Plus usual accuracy events.

JULY FIELD DAY:MOORE RIVER: 12/13 JULY:

Sign-on - Jarrah's End Picnic Area (1st picnic area on right after Yanchep  
turn off towards Lancelin) 1.30-1.45p.m.

Weigh-in - Same place - Sunday, 10.30 a.m.

Boundaries - South - Two Rocks Marina

North - Ledge Point

FIELD DAYS 1980/81 SEASON:

July	Moore River	December	Open
August	Rottneest	Jan. 1981	Greenough
September	White Hills	February	Wedge
October	Wago	March	Denmark/Wago (split)
November	White Hills to Preston	April	Rottneest

TROPHY DONORS:Business Houses:

Fleet Cycles

Crackle for Tackle

Alroh Eng. (Alan Hair)

PRESIDENT'S ANNUAL REPORT 1980:MEMBERS:

The Surfcasting and Angling Club of W.A. has completed another successful year. Whilst we had some members resign others simply failed to renew their membership. The new members coming in have more than stabilised our membership numbers which stands at the present time at

Our club is very lucky to have many loyal members within its ranks who give their all in assisting committee men with their tasks. I would just like to say many thanks to one and all for their assistance.

A club is only as good as its committee and believe me your committee has worked very hard this year for you, the member. The committee's thoughts throughout the year has been one of extreme responsibility towards the club and its members. Many changes have been made within the club rules to the betterment of all. The latest is the change in drycasting, as the 56 gram distance and artificial bait events have been added to the competition. As these events are held within the state and Australian Championships, our members who enjoy this activity and enter these competitions must gain from this change.

KALBARRI HOUSE:

The Kalbarri home has undertaken a major facelift, by the addition of a new roof. Two thousand dollars was borrowed and added to our present bank loan to finance the project. By adding the roof, at the figure previously stated, has added many thousands of dollars to its resale value. The manpower used to complete this project was made up of our club members who not only volunteered their professional services but also donated materials and the use of their vehicles. We are indebted to all these wonderful members for their help.

DRYCASTING:

In the drycasting scene, we have been well represented in the 1979/80 season. Our mens drycasting team won the teams event in the A.A.A. State Championship and George Holman won the individual trophy in the South West Championship in Bunbury. Our lady casters are showing their skill in the art, by finishing well up in some events and it won't be long before they are hitting the top spots. The juniors will also be a force to contend with if they continue to show the improvement they have.

CLUB BOOKS:

Finance is always a big headache in any club and it requires a person of real talent to make the books balance. We have such a talent in Barrie Waddams who spends many hours entering figures and recording them. Barrie made a change within the books this year to streamline the efficiency of recording and its proved a great success. Thanks Barrie for your expertise and co-operation throughout the year.

cont..

PRESIDENT'S REPORT CONT'D:AUDIT:

Auditing must be a hazardous occupation. Getting all those figures, receipts and changes to club rules to link-up with each other must drive some people crazy. Our club honorary auditor Bob Klein is far from crazy, in fact, he is extremely conscientious, he has not even pulled one single hair from his head in the many years of auditing our books. Bob please accept our sincere thanks for the many hours you devote to our books.

FIELD DAYS:

Field days conducted throughout the year is the blood line of the club, it is through this vein our club pulsates. Members look forward to this outing every month, so they can let go all tenseness which has been stored up during the month. Tony Richardson our Field Day Officer along with Andy Twik have added the incentive to those who attended field days, to let go steam, by creating well organised venues. To both Tony and Andy goes the thanks from all members for setting the scene.

DRYCASTING:

Whilst the competition is becoming greater on drycasting days, it still remains a great socialising period. Friends become, "Friendly Enemies", when the competitions of the day begin. It's marvellous what a twenty cent piece will do to certain people. Lady casters are becoming a familiar sight on Sunday mornings and to see their styles its no wonder they are beginning to outscore their better halves. Thanks must go to Peter Conroy and Graham Reeley for their great efforts. Peter felt a need to give more attention and guidance to both ladies and junior casters and by their recent scores it would appear his idea is working. Thanks to you both for a job well done.

PROPERTY:

The club's major asset, excluding its members, is its home and property at Kalbarri. Because of its vast distance from Perth it's sometimes difficult to keep its maintenance up-to-date. Our Property Officer has had some difficulty with this problem because of the booking agency changing hands. Thanks to George Holman things have now settled down, and business is back to normal. During this year members asked that bookings for the home during school holiday periods be held back to give members the opportunity of booking their own building. It was found that the club lost many bookings from outsiders because of this, as members failed to book the cottage even though they were informed of its vacancy. The latest ruling on the booking by you the members is, first come first served. George, from all members, thanks for the time and effort you have displayed dealing with our cottage affairs.

SOCIAL ACTIVITIES:

Social functions within any club is a must for two basic reasons:-

- (1) They give members, especially new members the opportunity of meeting other members under a friendly and happy atmosphere.
- (2) It enables the club to raise funds to supplement its operating cost.

cont...

PRESIDENT'S REPORT CONT'D:SOCIAL ACTIVITIES CONT'D:

This section of the club was ably lead by Hew Hoy Yew our Social Organiser. He is greatly assisted by a small band of helpers mainly, May Griffiths, Hillary Yew, Kit Wilkerson, Lois Kildahl and Fran Leicester. Their efforts and assistance is greatly appreciated. Hewie held many functions throughout the year with success and we thank Hewie very much for his fine contribution.

REEL TALK EDITIONS:

We have been receiving reel talks now for many years but I feel that the quality of its production is extremely high. Keith Wilkerson has endeavoured to and has achieved, a goal he set out to conquer. Keith's placements of little tit-bits throughout the booklet gave it a new interest. Keith has been ably assisted by Kit his wife, who volunteered her services with its production. Keith and Kit the club is very thankful for your efforts as we all know how time consuming the Reel Talk is.

Keith also holds the position of Vice President and has given me great support throughout the year. Keith gives his all to this club and acts always in the clubs interest. Keith I would like to convey my personal thanks for your assistance.

COMMUNICATIONS:

Vital information is channelled through meetings and correspondence and its a big responsibility to see that information continues to flow. The club is ably assisted in this avenue by Eric Parker who continues to do his utmost. Thanks Eric for your continued support.

LIBRARY:

Our library continues to be a source of information to those who seek it. Our librarian Trevor Stam works tirelessly to keep the books in good condition and up to date. Thanks Trevor for your help.

RECORDS:

Records are essential for recording club catches. The information is channelled through the Reel Talk for the members benefit. Brian Cusack carries out such chores as line test for breaking strain and identifies fish caught from photographs for specific records. Brian's job is an important one in this regard, so thanks Brian for your help.

A.A.A.

Our club has been represented at A.A.A. Meetings by (3) three able committee men George Holman, Peter Conroy and Gus Sussmayer. Each has stuck to their tasks very well, they have fought for many things which concern this club. Thank you all for a fine job.

TROPHIES:

Gathering trophies which you see displayed tonight is always a headache to the President. But thanks to many of our members and business houses the club is able to present these fine trophies to the successful winners and to all winners goes my congratulations.

CONCLUSION:

In conclusion I feel this club can look forward to many more successful years ahead, with the continued support from you the members. However, I feel more members should support club activities, remember, "You can only get out of any club, what you put into it."

Brian Leicester, President.

JUNE GENERAL MEETING:

The cold weather didn't deter as many as I thought it would, we had quite a good rollup. Our 2 visitors for the evening were Les Smith and Kim Ho who were welcomed in the usual Club style. Les was introduced by Gus Sussmayer and Kim by Pinky Too. Les had just returned with Gus from Steep Point, and Kim, with Pinky, are planning a trip in the right fishing area and we hope to see more of them. A new member to receive his badge etc. was Gary Richardson, son of Tony. We hope he is as keen as his Dad.

A letter from the Library Board informed us that our Reel Talk which have been placed with them, will be bound by the Board and available to us at any time, or if necessary, photocopies of them. Also a letter from Northampton Angling Club re trophy. Was moved Jim Strong, seconded Ron Flynn, that a \$25.00 donation be forwarded to them.

Ron Flynn was presented with 2 to 1 badge for a 47kg Bronze Whaler. There was discussion re the poor attendances at the Margaret River field day. This seems to be a general trend, as most of our field day attendances are down. Tony Richardson donated a blackboard to the Club suitably inscribed with S.C.A.C. and our emblem. You would almost bet it had been done by a signwriter! Thanks Tony, first class job.

Our Recorder, Brian Cusack, has quite a few applications submitted by the boys who were at Steep Point. These of course will be checked by Committee, so I guess we can expect some section changes.

The Club team for the Rock & Beach Fishing Championships to be held at Dunsborough was selected from the nominations and will consist of:-

T. Richardson	A. Tuvik	<u>Reserves:</u>
G. Holman	G. Reeley	B. Foreman
B. Waddams	W. Core	B. Marsh

We wish them the best of luck and hope they bring home the bacon.

The \$2 was won by Syd Whiting.

George Holman and Tony Richardson conducted the instruction period with a talk on fishing at Steep Point and the various methods they use, including ballooning, spinning and blob fishing. George had one of those days (if you could possibly call it that) with 8 fish hooked but all lost at gaff. The sharks also, as usual, took their toll. We discussed the problems, merits etc. of our flying or cliff gaffs as used, with various points brought up on ways to improve them. I'm sure if the boys get their heads together, they'll do just that. All in all, an interesting discussion and we look forward to a report by some more of our boys who are heading for Steep Point about the middle of July.

Don't forget to fill in your nomination forms and have them ready for the A.G.M. Till then, cheers!

Ed.

JUNE OPEN FIELD DAY:

Anglers fished far and wide for our June long weekend field day- as far north as Steep Point and south to Margaret River, and were greeted with some good and bad weather. Saturday produced good weather whereas Sunday saw a change for the worse with a good deal of wind and rain and rough seas.

The bulk of competitors ventured north to Wago and Steep Point and the better catches usually caught in these localities were evidenced by the result list- the first eleven anglers fished these areas.

Alby Norman, Ray Gibney and Phil Isbister fished Wago and finished well up in the results list.

George Holman, Brian Cusack, Les Smith(V), Darryl Retallack, Barrie Waddams, Tony Richardson, Guss Sussamayer, Mal Thomson, Harold Salfinger, Graham Reeley, Gordon Tompsitt, Wilf Core, all fished Steep Point and caught some very good fish- Mackerel, Cobia, Schnapper, Tailor, Blue Bone, Spangled Emperor and Shark Mackerel.

Bob Foreman's party ventured South to Margaret River.

Peter Conroy, Terry Willison gave Swanbourne Drain a nudge and other local anglers were the Osborne's and Whitings, fishing Triggs Blue Hold and the Two Rocks Marina.

Thirty-four anglers signed on comprising 24 seniors, 1 lady, 8 juniors and 1 visitor; a rather small attendance considering that this was an open field day.

Final results saw George Holman head the list with a total bag of 43 kilos comprising two Spanish Mackerel, one shark mackerel and a few schnapper and Brian Cusack and Les Smith (visitor) with good bags also- 29.5 and 28.4 kilos respectively.

Heaviest Scale Fish was shared by George Holman (14.5 Spanish Mackerel) and Brian Cusack (14.5 Cobia). Darryl Retallack also caught a fine Cobia.

Heaviest Junior Bag went to Chris Waddams with 1.05 kilos and Sharon Osborne headed the women with 1.4 kilos.

Let's see a better roll-up at our next venue which is Moore River area... a nice close one... so there is no excuse for you all not being present.

See you there!!

George Holman

.....

Before the church ushers took up collection, the minister addressed the congregation.

"There is a certain man among us today who is flirting with another man's wife," he declared.

"Unless he puts \$5 in the collection plate, his name will be read from the pulpit."

When the collection was counted, the total included 19 \$5 bills and a \$2 one with this note attached: "Other \$3 pay day."

JUNE FIELD DAY: OPEN:

Attendance: 24 Seniors, 1 Lady, 8 Juniors, 1 Visitor

.....

A father said, "Now, son, start saving the cents and put them in this yellow box, and when you get five cents give them to me and I will give you a five cent piene for them and you can put them in this blue box; then, when you get four five cent pieces give them to me and I'll give you a 20 cent piece and you can put it in this red box." Ten years later the boy discovered that the red box was the gas meter.

.....

SURVIVAL by Basil Marsh:

The frequency of private trips by club members and the distances being travelled has increased dramatically over the past three years, some of the areas visited have been rather isolated. The possibility of a serious problem in the form of a vehicle breakdown or an accident causing injury is always a possibility, yet not a great deal of thought is given to this aspect in the planning of a trip. If the party consists of a reasonable number of persons, then the problems may not be so difficult to deal with, but when there are only one or two persons involved then the situation could be serious or even disastrous.

These notes will be directed towards a one or two person situation, but they could also of course apply to a larger group in the event of a major difficulty.

Survival commences before you even leave home to go away on a trip. During the planning stage of an extended trip particularly north of Perth, careful survival planning should be considered equally as much as the timings and location of the trip, fishing gear and bait. The following points should be practiced, prepared or arranged.

- . Vehicle spares, tool kit, spark plugs, distributor points, crank handle, two spare wheels, petrol and oil in containers, tow rope, pump, puncture outfit and tyre levers, spare engine hoses, fan belt, car jack, wheel brace, strong rope.
- . Emergency food rations, water, first aid kit, water purification tablets, plastic sheet.
- . Details in writing left at home of the anticipated day by day locations and events for the entire trip. Do not just wave goodbye and tell those at home to expect you when they see you.
- . Have the vehicle completely checked and serviced. Have a practice at home changing a wheel if you have had little practice during the past year. If you are towing a trailer, have the shackles, springs and wheel bearings checked and serviced. Trailers generally receive less attention and servicing than the towing vehicle.
- . Check all your camping equipment, especially gas stoves and lights. Replace nipples, jets, valves, hoses and gaskets where necessary. Have the gas bottle tested if you find any evidence of corrosion by salt.

If the final camping location is more than four hundred miles away, give thought to stopping somewhere along the way for five or six hours for a proper meal and a sleep. This will lessen the probability of the final stages being an endurance test caused by fatigue, the final twenty miles on average are generally the roughest as far as driving conditions are concerned.

cont..

SURVIVAL cont'd:

At the last town before the final stretch, call into the police station and advise the local constable where you are headed, your anticipated time there and tell him you will check in with him on the way back. If something goes wrong and you fail to return, emergency services will not have to waste valuable time and effort in locating you thus possibly saving your life if something serious has gone wrong. This point may seem silly and unnecessary but every year in West Australia several people die in isolated areas because they failed to take this very simple precaution.

You have arrived and set up camp at the chosen spot. This is the time when you should carry out a methodical check of the vehicle and do any servicing of repairs necessary. Check and have ready in a convenient place your survival gear. Have a discussion and agree on a course of action in the event of an emergency such as:

- . Fire
- . Physical injury or illness
- . One or both persons becoming lost
- . Vehicle breakdown

If you carry out the points mentioned so far you will have reduced considerably the risks and increased your ability to overcome problems which may occur. Naturally we always hope that nothing will go wrong- but you never know.

To be continued.....

APPLICATIONS FOR MEMBERSHIP:

BAKER: Douglas John,  
67 Carcoola Street,  
NOLLAMARA. 6061.

SMITH: Leslie Andrew,  
4 Myrtle Ave,  
SORRENTO. 6020.

.....

"Stand up" shouted the coloured evangelist,  
"if you want to go to heaven."  
Everybody stood up but one old man.  
"Don't you want to go to heaven, my brother?"  
shouted the preacher.  
"Sho," said the old man, "But Ah ain't going  
with no package deal!"

DRYCASTING REPORT:

It was cold and lonely setting out the lanes at 7 a.m. for casting on Sunday 8th June. My able assistant, G.R. sent his apologies as he was to be away in the bush or something. First caster didn't arrive till about 8.30. Woner why?

Scores weren't the best we've seen, however it was cold and a nippy little head wind didn't help. Nice to see Sharron Osborne score 26 points in S.H. Accuracy to win that event, ahead of Ron Kildahl on 25 and Tony FDO on 24. Well done. I like your style!!!

Holman once again for 112 gram with 28 points, then Hewie 26 and Tricky Ricky on 26 (on a count back).

Chippy Renshaw cast well in artificial bait to win on a count back from G.H. and the Chinaman. D.H. Accuracy went to DCO, hotly followed by G.G. and Ric third. Senior Winner on the day was yours truly, Junior went to Heather (well done) Osborne. Longest Cast G.H. again, 140 metres.

"Chippy" Renshaw heads the top ten, well done.

Might be interesting this year! Chalky Corcoran is a surprise. In fourth place and burning. Better give that other hobby away for a year and see what casting results come out after one season eh!

Don't know who was more surprised, young Gary Richardson or the other casters when he hit the bull in D.H. Accuracy. Very well done mate. Especially as Gary's was the only possible on the day.

A certain young male casting in Juniors (who shall remain anonymous) had better start to improve those casting figures or the girls will slip away from him won't they. Dave, better give him some practice.

Would like to see some of the following nominate for the state teams event on the 20th July.

Gary Goldshirt

Chips Renshaw

Dave Lotto

Clippy Holleran

Jester Lister

Dennis Homecrafts plus all the Ladies and Juniors.

Til later, see you then.

P. Conroy

.....  
"THANKS"

To "Tiddly" Marsh, for two very fine articles for Reel Talk. I'm sure many other members have tales to tell, so spend a few minutes and put pen to paper. That's what your REEL TALK is for.

8TH JUNE CASTING RESULTS:

Attendance: 23 Seniors, 5 Juniors, 2 Visitors. Total 30.

Senior Winner: P. Conroy 138 pts  
 Junior Winner: H. Osborne 67 "  
 Longest Cast : G. Holman 140 metres

112 GRAM L.L. DISTANCE:

1. G. Holman 28 pts  
 2. H. Hew 26 "

A.A.A. W.A. DIVISION:

Letter to Club Members dated 3/6/80.

"Anglers Seminar":

Dear Member,

The Association will be conducting a two day "Anglers Seminar" on Saturday 27th September and Sunday 28th September at the Marmion Angling Club & Aquatic Club Inc. WestCoast Highway, Marmion.

Those invited to attend will include the following-  
Lord Mayor, City of Perth, May, City of Stirling and President, Wanneroo Shire. The Minister for Fisheries & Wildlife, together with the Director and Secretary of this department and Dr. Don Hancock, Chief Research Officer. The Director of Harbour & Lights, and specialist research officers from the C.S.I.R.O.

FORMAT:Saturday 27th Sept.

The Seminar Meeting will commence at 1.45 p.m. at Marmion Angling & Aquatic Club premises, finishing at 5.15 p.m. There will be an interesting bus tour arranged for the wives of members who do not wish to attend the above Meeting, including a visit to C.S.I.R.O. and Marine Research Laboratories. At 7.30 p.m. cocktails will be served, followed by a dinner, with dancing and social activities for members and wives.

Sunday 28th Sept.

Members will re-convene at 9.15 a.m. when lectures will be given by the State's leading research officers.

A Light Buffet lunch will be supplied at 12.30 p.m. for those wishing to participate.

It is hoped that an early afternoon tour will be conducted for those interested to the Research Laboratories in the area.

Attendance forms for the above Seminar, which must be submitted, may be obtained shortly from your own Club officials.

For any enquiries or further information please contact -

President - A.A.A.

L. Birchall

446 2195 (home)

Seminar Organiser

J.B. Shaw  
387 4365 (home)

or

DOUBLE \$19.00 buy your own drinks for Saturday evening.  
Sunday Lunch - \$5.00 per head.

If you only attend lectures cost is Nil.

A.A.A. OF W.A. REPORT:

Notice was given that there will be a naval bombardment on the Lancelin Range on 1st/2nd/3rd July, 1980 by the Navy.

The voting for the Sportsman of the Year Award will be conducted at the September meeting so clubs are asked to have their nominations in prior to that date along with all details pertaining to club activities, points scored, fish caught and anything relevant to the award- offices held in club, duties done etc.

List of members names and subscriptions are due on or before the 1st July. This list is to facilitate all competitions run by the W.A. Division of the AAA.

Details of the Anglers Seminar to be held on Saturday & Sunday, 27th & 28th September were tabled and a circular with all the details made available. These details appear elsewhere in this "Reel Talk".

The Treasurer said that the audit was being done and would be ready for the Annual General Meeting.

Fremantle Club gave a report on the forthcoming Beach Championships at Yallingup on the 28/29th June.

Peter Wise, State Drycasting Officer, gave a report on the State Team Drycasting to be run by our club and held at Yokine Reserve on Sunday, 20th July.

SOMETHING TO THINK ABOUT

Sportsman of The Year Award, is it outdated?

Should it be Sportsperson of The Year? After all, our Club consists of ladies, men and juniors. Should we have a Sportsperson of The Year Award for ladies, mens and junior sections?

I think not.

Why don't we scrap it and have a Club Member of The Year Award instead.

Why shouldn't a member, regardless of age or sex, win an award for outstanding services or contribution to the Club in any one year.

Don't you think that if any member is capable of winning the major fishing and drycasting awards, plus various section awards, of which there are many, that this is ample reward? After all, there wouldn't be any competitions unless we had members who organise these events and contribute a lot of time and effort to keep the Club running.

As I said, something to think about.

Your comments please.

Ed.

"CONGRATULATIONS"

To Jenny and Bob Fredericks on the arrival of their new son 'Adam'.

.....

Congratulations, once again, to you Don Bibby, on achieving your Batchelor of Science.

NEVER STUMPED

A Sydney office clerk who is a cricket fanatic, has three trays on his desk marked IN, OUT and LBW. He enjoys explaining to enquirers that the third sign means Let the Buggers Wait.

STATIC EXERTION

Wife's summary of her husband's physical exercise routine:

"He runs up bills, runs down friends, charges accounts and skips paying the rent, He sidesteps responsibilities, dodges issues, passes the buck, pushes his luck, throws kisses to his typist and bends his elbow. And last week he was out on the hops five nights in a row."
