

June 1961

PRESIDENTS ADDRESS.

A review of our last years activities which have now drawn to a close have revealed that our club is still maintaining the high standard of previous years. Many new members were enrolled and attendances at all meetings have shown an increase on last years figures. The keen interest in the fishing and casting competitions were shown in the final figures, when most winners had to wait for the final day to be sure of their positions in top place. All members are to be congratulated on the good sportsmanship and friendly rivalry which predominated throughout our competitions and each member who successfully won awards have really earnt them.

The success of these days would not have been possible without the efforts of our Field Day Organiser Jim Strong, Casting day officers Bob Jensen and Alan Bunnett, who have worked so tirelessly on our behalf.

Our monthly meetings have been well attended and thanks to Sister Cohen of St Johns Ambulance, to Mr Eric Carr, Mr Bruce Shipway, Bert Payne and Alf Rutland, who have given so much of their time in the form of lectures and film slides at our meetings, the club is deeply indebted.

Apart from our Xmas tree, which was attended by over eighty children, the social outings have not been patronised as they should have been, particularly as Ken Wiggins has left no stone unturned to ensure the success of these days. Ken's efforts deserve a greater response from members on all social occasions.

We are also grateful for the assistance Mick Doscas and Mick Lee have given Ken on our social nights. The brunt of the work has been born equally by all the Committee, and I have been privileged to have the assistance of such a great bunch of chaps who have spent countless hours to make your club the outstanding success it is.

Mick Doscas as Secretary, Arthur Backhouse treasurer, Bob Tichbon and Bob Tucker as publisher and editor of the "Reel Talk" coupled with the efforts of Allan Bunnett, Jim Strong and Norm Clarke as well as Doug Savage are a Committee the club has every reason to be grateful to.

No review would not be complete without reference to Noel Knights success for the third year in the casting competition. Congratulations Noisy.

A number of remarkable catches included Vic Davi's 44 lb Jewfish, a 14 lb Salmon and 309 lbs of Salmon in a twenty four hour period. Vic again won 4 sections and really takes some beating.

For the trophy in the fishing competition the Committee were given a difficult task and finally selected Norrie Cross's entry of a 45 lb Kingfish which was landed on the rocks unaided. The fish was landed nearly a half a mile away from the strike, a magnificent effort. Also in the running was a 61 lb Grey Nurse Shark on 23 lb line again caught by Norrie.

Bob Tucker and Snow Tate are also to be congratulated on their success in the casting competition, and to all runner-ups there is always a next time. Mike Porters effort in landing two sharks unaided is a challenge to the seniors as Mike is not yet in his teens, and although no section in the field day awards covered his catch he is to be awarded a certificate of capture.

Mention must also be made of two members who were forced to retire from Committee, Bob Jensen and Felix Hollywell, who were responsible for many improvements in the Club.

The final event on our programme for this year will be our big night on June 17th, when our presentation of trophies takes place. I congratulate the winners of these trophies, and feel sure next years competitions will be as keenly contested as the last years.

As I am retiring from office after two years as your President I take this opportunity of thanking my Committee for the magnificent support and encouragement they have given me.

To all members, my thanks for their tolerance and friendly attitude, which have made our monthly meetings such a pleasure to preside over.

HAL COOK.  
PRESIDENT.

The June meeting of the club will be held in the National Fitness Council Pavilion, 50 James Street Perth on Wednesday the 14th and will commence at 8. p.m. sharp.

INSTRUCTION PERIOD:

This will be a lecture on first aid, and will be given by Sister O. Cohen of the St. Johns Ambulance Association.

LAST INSTRUCTION PERIOD:

An interesting lecture was given by Mr Bruce Shipway, an ex member of the C. S. I. R. O. Mr Shipway also showed two films of an excursion down the S. W. coast of W. A. and also one of a trip up north. Mr Shipways lecture and films were most interesting and I'm sure were enjoyed by all members.

LAST COMMITTEE MEETING:

This was held at the residence of Norm and Mrs Clarke, and once more we are indebted to Mrs Clarke and the ladies for a nice supper.

NEXT COMMITTEE MEETING:

This will be held at the residence of Hal and Mrs Cook of Scarborough.

CHANGE OF DATE OF JUNE FIELD DAY:

Owing to the Annual Dance and Presentation of Trophies falling on the normal field day weekend, the field day for June will be held over the weekend of the 24-25th June.

The field day will be held at Garden Island. From reports received some good Tailer are being taken at the Isle so the fishing potential for the field day looks good.

DRY CASTING MAY 1961:

A nice roll up of 27 members enjoyed very pleasant conditions on the May casting day, at Floreat Park. Nothing very spectacular happened but casting on the whole was up to our usual high standard.

We had a visitor from South Australia who demonstrated their way of casting with some very scientific gear. His maximum cast is approximately 700 feet, that's really something to boast about. This of course is done with a reel that looks something like the inside of a clock with a few hundred yards of cobweb wrapped around the works.

However, getting back to earth the results of our casting day were as follows.

In the weight level line distance event the first three place getters were W. Bridger first. ( 93 - 70 - 163 ) J. Strong second ( 91 - 68 - 159 ) and third Eric Sullivan ( 83 - 75 - 158 ). These three chaps will find things a little different at the next casting day.

In the double handed level line accuracy event the honours were taken by R. Lilly with 54 points, closely followed by Alan Livesey 53 points, and L Tate with 46 points.

In the single handed accuracy event Doug Savage scored 28 points from B. Tucker with 22 points and W. Bridger with 19 points. The three best scorers of the day were R. Lilly with 80 points. Alan Livesey with 79 and Jim Strong 74.

Quite good scoring was done by nearly all the members which proves that the new competition should give all the members new and old alike a chance to be in the running. Even Jim Strong could make a name for himself.

Bob Lilly casts exceptionally well in the double handed L.L. accuracy event scoring with all four casts. He also scored with all four casts in the single handed accuracy event. Others to score with all four casts in the D. H. accuracy event were Alan Livesey, Doug Savage, L Tate, J. Bellman, Noel Knight and even Alan Bunnett.

Doug Savage scored two bulls in the S. H. accuracy event, and W. Bridger got one.

Will scorers please note that scoring in the L.L. distance event should be in feet. As all scoring was done in yards it has been left that way, however when the competition starts to get keen every foot may count so please remember to measure the distance in feet.

A complete list of scores for the May casting day is as follows.

B. Lilly.	80	A. Ticklie.	49
A. Livesey.	79	B. Tichbon.	47
J. Strong.	74	B. Payne.	47
B. Tucker.	70	N. Wilkerson.	46
B. Bridger.	70	R. Jensen.	46

K. Mulvay.	62	G. Clohessey.	28
A. Bunnett.	51	T. Clarke.	19
R. Flood.	51		

A few members have had their handicaps reduced. They are as follows.

J. Bellman.	34 to 29
G. Clohessey.	64 to 63
W. Bridger.	70 to 55
E. Edwards.	75 to 68
I. McLennan.	75 to 70
J. Strong.	68 to 57
E. Sullivan.	75 to 66
( Serves them right)	

We had the pleasure of the company of two ladies, Mrs Giles and Mrs Strong. Their scores were as follows. Out of six casts each Mrs Giles scored 67 points and Mrs Strong 16 points.

The childrens scores were as follows.

D. Bridger.	33	R. Clohessey.	18
G. Clarke.	28	S. Mulvay.	15
V. Mulvay.	20	J. Flood.	5

The events for the June casting day will be as follows.

1. Spinner Level Line Distance.
2. Spinner Level Line Accuracy.
3. Spinner. S. H. Accuracy.

Members are advised to bring their own spinners for the next casting day.

Members who intend to use lead spinners must use those of the Keel pattern. Any other spinner used should be along the line of the Halco spinners. No member will be permitted to use spinners of any other pattern. There are several lead spinners which will be available to the members for use.

To the newer members who did not score so well I wish to advise them that it takes a lot of practice and patience to reach the top and the only way to do so is to stay with it.

If anyone happens to be crossing the causeway any Saturday afternoon around 3 pm look to the east and you will see two "Mugs" casting their heads off.

A certain amount of leniency was given to a few members who arrived late at the last casting day. Because I did not like to turn anyone away on the first casting day I permitted these members to cast.

However, as the dry casting rules state that no member will be permitted to cast after the commencement of any event, this rule will have to be adhered to in the future.

Any member who wishes to have a few practice casts please do so early and be ready for the commencement of casting at 10 a.m.

A. Bunnett.

D. C. O.

FIELD DAY YALLINGUP MAY 1961;

Weather Conditions. Westerley Winds. Rough Seas.  
Heavy ground swell all along the coast.

In spite of the wintery conditions 29 members, 1 visitor and a half dozen of the members wives made the trip to Yallingup for the May field day. This was a good roll up for the first field day of the year however it is hoped that we shall better attendances for future field days. It was pleasing to see Nelson Smith back on the field day and it is hoped that we will see a lot more of him in the future.

Fishing at Bunkers Bay, Ray Porter, Noel Knight, Bertie Payne and Ian Mclellan each landed a Salmon, but a few of the members fishing there missed out. Ian also landed a nice skippy. ( This skippy when weighed on Bertie Paynes scales weighed 5 lbs. However when weighed on the clubs Govt. tested scales the actual weight of the skippy was  $3\frac{1}{2}$  lbs. No wonder Berties fish are always so big.)

Ken Wiggins, Toby Grannery and visitor George Needs struck a patch of Salmon on the Saturday morning and were successful in landing a dozen between them. Herring were very scarce though Neslon Smith, Phil Neri and myself caught  $2\frac{1}{2}$  dozen ( some over a pound in weight) and these provided splendid sport on the single handers.

Most of the lads by passed Yallingup Bay thinking it to be too rough, but late comers in Bob Jensen and son Rick decided to fish this locality and were successful in landing 2 Salmon each and young Rick also caught one Tailer. Doug Newton and his two lads also fished the bay and once again Dougs sons outfished him by landing 3 Salmon and 3 Tailer between them, making dads catch look small by comparison indeed. Still it's good to see the juniors getting into the fish.

Owing to the blustery conditions, and the seawead moving in, the lads did not fish late on the Saturday night. Quite a few of the boys adjourned to Berties caravanette for a yarn. Bertie was in fine fettle as usual and needed no prompting to recount his many and varied battles with the big ones.

It was also interesting to hear Nelson Smith relating tales of the past, and on the whole a very enjoyable evening was spent yarning, and it was after midnight before the lads retired. That is except for Bob Tucker and Toby Page who decided it was supper time, and commenced to grill some skippy and herring which they had caught in the morning. This started Bertie off and so on went some of Bertie's steak. (Actually I think it was some meat he had brought down for bait but he enjoyed it).

Weigh in time came again, and though fishing was again poor in the morning some nice Salmon and a few Tailer were weighed in. (Actually around 200 lbs of Salmon had been caught, along with some herring and skippy but as they were taken outside the field day hours they could not be weighed in.

John Mcinerney weighed in a nice ten pound blue pointer shark and he looked like taking off that section, but old Tichie arrived at the last minute and weighed in one of 14 lbs. Better luck next time John.

So closed another field day. Though the fish tally was not very high, all the members enjoyed the outing, the frivolity around the camp, and best of all the club spirit which tends to make our field days the great success that they are.

See you all at the next field day.

Jim Strong,  
Field Day Organiser.

As our Annual dance and presentation of trophies is to be held on Saturday the 17th June 1961, and the last date for purchasing tickets will be the June general meeting night, that is the 14th June, for the benefit of members arrangements have been made for tickets to be purchased from either John Bellman, Bermuda Boat Centre, Hay Street Perth, or from Ernie White, Fishing tackle counter, Beans Ltd perth.

This evening in the past has proved to be a most enjoyable evening and it is hoped to see as many members as possible attend the evening.

Re New Committee.

Dont forget chaps, the Annual General Meeting and election of officers for the coming year will take place on Wednesday the 12th July. It is up to the members to decide on whom they want for Committee next year, so give this some consideration now .

With the exception of Hal Cook, and Mick Doscas who do not intend to stand for Committee next year, it may be of some help to members to know that the remainder of the Committee will again stand for selection to the Committee next year.

( Editor ).

Re the Field Day fishing Competition which concluded in April.

Of the 12 field days which were held during the year, ( Two of which were fishless ) it may be of interest to members to know that just over 2000 lbs of fish were caught on the remaining 10 field days. Of this total 1,850 lbs was scale fish and the remainder was made up of sharks and rays.

This is quite a good total really, but lets all attend the field days in the coming year and see if we cannot make the coming season a record one for the club.

The field days are planned for the benefit of all members chaps so come along with the boys and enjoy them.

( Ed. )

The following applications have been received for membership to the club.

Gerard Abel Brady.  
36, Fifth Avenue,  
MOUNT LAWLEY.

John Ernest White.  
26, Jugan Crescent,  
Osborne Park.

If any member has any reason or reasons why any of the above named should not be accepted as members of the club, he should notify the Secretary or any member of the Committee immediately.

LAST REMINDER.

DONT FORGET. The general meeting night will be the last chance you have to get your tickets for the annual dance and presentation of trophies.

Should any member require refreshments ( which will be served by waiters to your table) you should notify Ken Wiggins of your requirements immediately.

Also, so as satisfactory seating arrangements may be made, notify Ken of the composition of your party as soon as possible.
