NEXT GENERAL MEETING.

Our June General Meeting will be held in the R.S.L. Hall, Bay Road, Claremont, on Wednesday 8th June, 1966, and will commence at 8 p.m. sharp.

INSTRUCTION PERIOD.

Unfortunately Ron Shirley's talk on the Mitchell Reel did not eventuate last month as Ron was chasing the "Finny ones" up around Monkey Mia with Ken Jones. But Bob Tichbon showed new members and old alike what could be packed into a large haversack to take on a fishing trip.

Ron Shirley, on being approached, indicated that he will be only too willing to pass on to the members any tips he can on the Mitchell at the Instruction Period in June, so if you have any queries, don't be afraid to ask, if Ron can't answer them, someone else may help out.

Also various members will demonstrate how to tip different knots. If you have anything interesting and different in the fishing gear line, bring it along and show your mates.

NEXT COMMITTEE MEETING (JUNE)

Will be held in the R.S.L. Hall, Bay Road, Claremont, and will commence at 7.30 p.m. SHARP on Wednesday 15th June.

LAST COMMITTEE MEETING (MAY)

ELECTION OF OFFICERS.

This all important night in our Club will be held on July 13th. Quite a few of the present Committee men have indicated they are unable to continue. Bear in mind that someone has to look after our Clubs finances, someone has to be our Field Day Organiser, someone has to be our Dry Casting Organiser. There are twelve committee-men in our Club all doing a job - will you step in and fill the breach?

DRYCASTING NEWS - MAY 1966.

Twenty four members attended the first drycasting morning for the year 1966/67. Pleasing to see Norrie Cross along with us especially when he has to travel so far, also another member George Holman travelled this weekend from Beverley. Favourable weather gave our opening a fine start and accurate casting prevailed during the morning.

In the L.L. Distance our consistent winner of the longest cast was W. Bridger with a distance of 395 ft. and the winner was Ian McLennan with N. Knight second and M. Dawson.

D.H. Accuracy - ten members scored with all four casts, and one bull by R. Jensen. N. Knight won this event with 59/80, followed by A. Bunnett with 48/80 and K. Jones and R. Jensen tied for third place with 44/80.

In the S.H. Accuracy, A. Bunnett did a terrific job with a total of 30/40. N. Cross was second with 24/40 and three members tied for third place, T. Smith, D. Talbot and I. McLennan with 22/40. There were two bulls scored by J. Harvey and T. Smith. Eight members scored with all four casts.

In the Accuracy events, there were six members who scored with all of their eight casts.

REPORT ON VENUE GARDEN ISLAND, MAY 6th 7th and 8TH.

Fire Mild Conditions on venue.

Excellent attendance on venue with 43 members plus visitors making a grand total of 52 attended venue, proving the point that Garden Island is very popular for the members. Pleased to see Doug Edwards, Norrie Cross and my old friend Joe Strange with young Gary. Newer members also to note G. Holman, R. Ginby, not forgetting Hal Neil and Alf Rutland, and E. Edgar who brought over some Asian friends for a tour of the Island. They never caught up with Ian, as from the reports I heard they were always some several hundred yards behind and had to enquire from Jack Harvey which direction Ian travelled. Ian in the meantime was looking for likely channels along the entire Northern Beaches without results.

Jack, who was fishing with Andy Shack, had almost given up hope when he had a strike and landed an excellent Tailor which weighed in at 7 lb. 5 oz. This Tailor held pride of place for a while then Dave Latto, keeping up past performances weighed in a beauty at 8 lb. 9 oz. Ted Savage also landed an equally large tailor of same weight which was caught before the venue commenced, and will be entered in the open competition.

The Field Day started with calm seas and the prospects looked poor. However, as often is the case some excellent captures were recorded. Terry Fuller, Don Webb and Hal Neil, plus young Paul Fuller, who outfished them all and weighed in Salmon and Tailor. Phil Neri, Jim Fitzgerald and myself fished around the Plank Area. The Herring and Garfish were very slow. Hugh Gregory fishing near the Rifle Range, weighed in a good bag of Trevally. Warren Minnett and Bob Tucker also weighed in good bags considering the very calm conditions, only a few Salmon being recorded.

Visitor L. Allen who travelled over with Bill Bridger weighed in a lovely Snapper which he caught off the Gantry Jetty, which weighed in at 18.3/4 lbs, and so took off the Heaviest scaled fish award.

Noticed a lively trio returning from the Northern Beaches. Tom Vivian, Bob Tichon and our good friend Doug Edward who was able

to climb the steep Hill from the beach. Pleased to see you along Doug. Later Saturday night I again met these lads trying their skill off the Gantry Jetty. Bob Tichbon landed several Herring but soon retired as a tangle resulted with so many fishing from the Jetty. Tom Vivian was using a terrific Rig!! without results. This Rig, I believe is one Bob Tichbon is thinking of taking out a Patent on, it was a beauty - Blobs, Burley and sinkers combined.

Norrie Cross travelled around with many boys catching up with his absence from the Island, though he found the Tailor hard to locate. Young Gary Strange weighed in three good sized Tailor and was quite proud of his efforts, also Gordon Newton had an excellent bag of Salmon and Tailor. The Juniors on this venue did very well indeed.

Several Good sized King George Whiting were weighed in, Ted's Whiting tipping the scales at 1.1/2 lbs. Warren Minnett also had a beauty at 2 lb.

Sunday morning all the lads were up at dawn, moving off to the nearest beaches hoping to add to their bags. Again our party found fishing very slow with only Herring and Garfish biting. A good blow is needed to break up the schools and bring them closer towards the shore.

The cottages provided by Jim Hawkins were much appreciated by the Members, much more comfortable than the large Hut.

On arriving back at the Cottage the Snapper was produced and weighed, and left hanging to show all members just what can be caught even in very calm conditions. Soon the weigh-in was under way, Bill Bridger in the meantime had weighed in some Trevally and then departed to the Jetty. Later he was to reappear with startling results and How! -- Having completed the weigh-in and just loading the truck before leaving the Cottages, we heard Bill's voice calling loud and clear "Don't load the scales" He had just caught a snapper. All members just looked on with amazement. Bill then produced a Snapper, still jumping, which weighed in at 22.1/2 lbs. A terrific sight - excellent angling in any one's book. Two gaffs were needed to lift it onto the Jetty. Bill left it to swim around

until it was drowned and then slowly brought the Snapper towards the Jetty. This capture will be entered in the Open Section.

So closed another Field Day which had its exciting moments, and I'm sure it will inspire all Anglers to persevere for the elusive Tailor, Salmon etc., and now lads until the next venue, tight lines.

This Garden Island Venue has given the Field Day competition a good start, with good captures being recorded.

JIM STRONG.

Late news from Doug Newton who stayed over until Monday morning. Fishing off the Jetty, Doug landed two Salmon, 8 lbs. and 9 lbs. Jim Hawkins handed Doug two hand lines and asked him to keep an eye on them for him. Result - a Snapper weighing 17 lbs, which Gordon Newton landed on Him's behalf. Jim, of course, was highly delighted.

Our Field Day Organiser for many Jim Strong, will not be on our next Field Day owing to business commitments. I believe this will be the first Field Day for about 8 years that will not have had Jim at the scales, and as Jim has indicated already, he will be unable to take his place on Committee next year, it seems Him has organised his last Field Day, for a while any-way.

Best of luck in your new job Jim, and we hope to see you relaxing on our next Field Day.

HACKETT HALL DINNER/DANCE EVENING JUNE 25TH.

GAME FISH.

If any member is lucky enough to catch a Game Fish please let the Recorder know. If it is your first game fish please enter your fish on an OPEN Competition form as you are then entitled to a much prized Game fish Badge.

New names to be added to the list and entitled to game fish Badges which are presented at our Dinner Dance on June 25th -

| R. Mansfield | K. Salt | |

We now have 33 names on our list of members who have caught game fish. The fish total has grown considerably this year. 149 game fish have now been caught, made up as follows.

Total up to 1963	--	50	
1964	--	27	
1965	--	18	
1966	--	54	= 149

This is something the Club should be very proud of as it is only a few short years ago that these fish were thought impossible to catch with our gear.

RULES OF FISHING COMPETITIONS.

In all sections of our fishing competitions a fish will have to exceed the weight of previous entries unless caught at some venue on same day - all rigs to be removed from fish before weighing.

Members must cast, hook, and play fish to gaff point unaided.

SUBSCRIPTIONS.

Just a gentle reminder that subs will be due June 30th. Our nearest general meeting to this date is July 13th. Members shall be deemed to be unfinancial if three months in arrears.

SICK LIST.

Two of our members have recently had a spell in R.P.H. - Mick Doscas and Mike Dawson (there seems to be plenty of M.D.'s here). I believe Mick Doscas is now home, but unfortunately Mike Dawson is still occupying a bed. To both members goes a cheerio from all your mates in the Club, and hope to have you fishing again before long.

HAMELIN BAY VENUE 4th/5th/6th JUNE, 1966.

Club signs will be posted showing the way into the Camping area from the main road. The Club tent will be erected in the camping reserve. All members are requested to report in at this centre. Venue to commence 4 o'clock Saturday and conclude Monday morning 9 a.m. Weigh-in times will be Sunday 12 o'clock and Monday morning 9 o'clock until 10 o'clock. Weigh-in to take place near Club Tent on the Reserve.

Unlimited fishing area will give members plenty of scope to cover all likely hot spots. Toilets and showers are in general area on Camping area. Members are asked to leave place clean and tidy. NO GENERAL MEETING BEFORE VENUE. News just to hand indicates I'll be unable to attend this Field Day, as the long weekend has been chosen by my Company to move into new premises in King Street Perth and there is nothing I can do to alter these arrangements. Wouldn't it make one scream !! This will be the first Field Day I've missed in 8 years.

Members are therefore asked to report to my good friend Jack Harvey and to assist wherever possible. Hoping for a good attendance and excellent bags of fish. Keep Cosy Corner in mind for the Sampson Fish. There should also be plenty of Trevally and Herring in these waters at this time of the year.

My many thanks lads for your help and support over the past years. It's been my pleasure to be associated with some mighty anglers and great sportsmen.

JIM STRONG.

NEW COMMITTEE & VACANCIES.

Just a reminder members that in only a few short weeks your election of officers is due to take place once again, and it is up to you, the members, to elect the officers of your Committee. This is a very important and most serious thought needs to be given. Please don't forget that all applications for Committee must be in writing before the election.

There are several vacancies, these positions will have to be filled, so give it some thought. Ask your mates whether they would like to go on Committee, or maybe yourself would - it's an interesting job as well as doing a bit for your Club. Every vacancy will have to be filled for we don't wish to overburden the willingness of present committeemen. If you would like to come on Committee, we guarantee you a job - you won't just be a name.
