CLUB ETIQUETTE

MEETINGS

The monthly GENERAL MEETING is usually held on the second Wednesday of each month at 8pm. All members should endeavour to attend the meeting so as to keep up with club matters.

DRYCASTING

Casting is usually conducted on the first Sunday of each month. Instruction is given to all new members and a competition is conducted to improve and maintain the standard of our members casting.

FIELD DAYS

These normally follow each general meeting on the ensuing weekend. It is compulsory for anglers to attend both the sign-on and the weigh-in. Anglers who cannot attend the sign-on for work or other unavoidable reasons may make prior arrangements for a late sign-on.

However, only under very exceptional circumstances will failure to attend weigh-ins not be penalized with the loss of points acquired during that field day.

It is the Field Day Officer's duty to inform the committee of any anglers who fail to attend the weigh-in. It is the committee's duty to decide what action is to be taken.

Disputes may be taken to the committee.

Entries for Game Fish Badge, Club Records and Open Fishing Competitions must be lodged with the recorder within 30 days of capture.

COMMITTEE MEMBERS

Please notify the Treasurer and Reel Talk Editor of any change of address or phone number.

GENERAL ETIQUETTE

If you intend to resign from the club a letter of resignation should be forwarded to the Secretary.

Please assist the Treasurer by paying your subscription within 28 days of the Annual General Meeting.

President's Report June '89

A somewhat smaller report from me this month as after our general meeting six of us are off north to "thrash the water to foam" with lures etc.

Starting on a sad note: I received a phone call from one of our Ex-Presidents and member for many years of our club in Bob Tichbon, died whilst playing bowls that afternoon. All who knew Bob found him to be a very caring person, ready to help and a great mate. To Bob's family go the Surfcasters deepest sympathy.

The games night at the Clifton's on the 6th May was enjoyed immensely by all those in attendance and most stayed on until late. The attendance was good (it included their staff from work) the weather was excellent and the company was even better. Those who weren't present missed a great night. Thanks Nella and Lee!

Casting this month started off quietly with an attendance which could have been better. Fremantle club had as many members in attendance. Remember that the State Drycasting Championship are to be held in July (29th-30th) so practice is needed and numbers are also needed to enable us to select a team.

This month is our Annual Dinner and Dance (24th June) at the Mirage. So get your crews together and let Lee Clifton know as soon as possible.

5

This is always a great night and it would be even better if we had a full roll up.

Our Annual Election of officers is not far off and indications are that we have a number of committee members wishing to stand down as most have done large terms. It is most rewarding and good comradeship always prevails and even though it means work you will get a sense of satisfaction from being a committee member. Give it some thought!!

At our last meeting it was decided to run the Mardurah 500 and this will entail a total club commitment. I propose to use the July instruction period to start the organizing and to get the ball rolling.

See you next drycast!! George A

P.S I've also had a letter from one of our ex-members, Ken Jones (original Property Officer.) Ken was making his annual contribution to our trophy night. He informed me that he had been in hospital to remove a growth near his spine. His spine is now held together with steel plates but he hopes to be up and running soon. Best wishes Ken! A speedy recovery.

FIELD DAY REPORT

Margaret River (Cape to Cape) turned on some nice weather for us for a change. The wind blew east or thereabouts for most of the weekend with a big swell. The swell kept us off our favourite rocks, while the east wind sent the mossies out to snack on us.

We started the weekend by deciding to allocate a special field day trophy (a beaut knife, donated by George Holman, thanks George) to the best quality fish. We rated quality fish as dufish, snapper, sompson, mulloway, shark (over 10kg), King George Whiting, pike, stippy (over 1kg) — in that order.

Hats off to the Michael Head, Mal Kelly and Bruce Bennett crew — they (Mal Kelly specifically) came back with top quality fish — a beaut 2.9 kg dufish! Not only that, but they had it within two hours of sign on. It was caught in the middle of the afternoon on mullet bait (whereas Mal Head and Michael caught theirs on squid)

So the rest of us had to settle for the usual Margaret River fare — herring (millions

Margaret River keeps getting better the more we learn about it. We've certainly enjoyed the last few trips and are looking forward to the next one.

Bet we all go after the jewies next trip!!

Question to be answered: "Do fish feel pain?"
Recommendations:
- don't publicize pictures of fish with blood pouring out of them and held with gaffs.
- encourage 'tag and release', limiting of catch and not to leave fish hanging from gantrys.

TO ALL MEMBERS

Please excuse the standard of this month's ReelTalk. The photocopier has given us no end of trouble and on top of all that the power supply has blown on our computer and all ReelTalk entries are locked in until we can get it repaired.

Bob and Sue Rawley.
