FEBRUARY GENERAL MEETING:

A good attendance. Brian welcomed our visitor for the evening, Eric Bellgard, son of Ray. Our new member Laurence Cook, received his Member's Badge, with a hearty welcome from the Club members. We wish you many happy years in the club. Peter Osborne accepted Club Badges on behalf of his daughters, Heather, Christine, Kathy and Julie.

Pressy Leicester gave details of his holiday at Denmark with quite good fishing, plenty of salmon, a few mulloway, herring and sharks. One interesting point to come from the Walpole/Denmark Fishing Club was the fact that they are now netting more salmon in this area than they have for some time, so with any sort of luck, the coming salmon season should be quite good.

Tony Richardson gave details and results of A.A.A. Estuary Fishing Championships in which our Club came 4th. Graham Reeley scored 59 points out of our Team's total of 64 as he was the only one fortunate enough in our Team to land a mulloway, which were obviously scarce as only 2 other mulloway were weighed in for the Competition.

Our Drycasting Team for the South West Championships finished in 3rd position behind Northern Districts (1) and Bunbury (2). Our Ladies' Team also finished in 3rd position. Congratulations to all who participated, especially to the old maestro George Holman who won the Individual event on the day.

Our Recorder, Brian Cusack presented a 2 to 1 plus Game Fish Badge to Alan Carr for his magnificent Cobia caught at Steep Point. Graham and Clayton Freind also received Game Fish Badges for fish caught at Steep Point. Our congratulations to you all.

Basil Marsh made us a little envious with a report of his son Paul fishing for mackerel at Port Hedland. They caught so many that they were sick of catching them - all species of course. Paul reckons he has stumbled across the best invention since the stubby holder, namely, the flying gaff, which he uses for landing fish on the Port Hedland Jetty. This was the credit side of Paul's letter, the debit side was having to sit out the cyclones which, in his words, were "pretty scarey".

A motion was put forward by Ron Flynn, seconded by Alby Norman, that our April (Rotto) Field day be split. This motion was carried and will now be Rottnest - Palm Beach Jetty to Two Rocks Marina - The sign-on and weigh-in for the mainland section will be at Ron Flynn's house. Sign on 12 noon Saturday, Weigh in Sunday 2 p.m.

A Notice Of Motion as put forward by George Holman at January meeting - "that as from the 1980-1 season, all fish weighed in in Club competitions be counted for recording purposes, and a record of species, numbers, localities, months, and members competing, be kept" ... was carried.

Clayton Freind was the winner of the \$2 note. Meeting was then closed so we could proceed with the old Drycasting and Field Day films of approx. 1958 era. Alf Rutland gave us some details of how the films were shot (as he was one of the cameramen). It was really something to see - particularly the good attendance they had in those days, with women and kids participating. Also the split cane rods and predominantly geared reels. We then had a film on some of the very early Surfcasters General Meetings, plus a Garden Island Field Day with up to 38 blocks aboard "The Sea Ripple". I should say by looking at the size of the boat, it was certainly loaded to capacity. Another film of more recent times was a Lucky Bay/Kalbarri field day. Unfortunately some of the films have deteriorated and I feel as these films are part of this Club's history, they should be repaired and preserved. We should endeavour to have more films taken

JANUARY 1980 FIELD DAY REPORT:
Greenough River:

After an uneventful drive in the middle of the night Graham, Andy and myself landed at S-Bend Caravan Park at about 3.00 a.m. Saturday morning and after a short chat with Peter Conroy (who had just arrived himself) we decided to go and wet a line at Flat Rocks.

At Flat Rocks we first got our priorities right and baited up the pot and despatched it over the reef front. After a couple of hours and only a couple of tailor it was decided to give it a "miss". We pulled the pot and were delighted to find just enough "keepers" for breakfast. So the three of us dined leisurely on crayfish, fresh Tailor fillets and a couple of coldies for breakfast (not a bad start for the weekend).

Morning repast over it was back to see the happy faces at S-Bend, What a disappointment awaited, there was hardly anyone there! George, Les and family were there with Sharron and at the time of writing they are probably still there minus the latter; (one gets the feeling the Holman's like Greenough and I for one don't blame them).

Further into the park we came upon the FREIND VILLAGE and it was then we decided to set up camp.

The mob (what there was of it) started arriving at intervals until the last party arrived (late again) Barrie, Wilf, Chris and freind had car problems but these were fortunately overcome .

After the most informal sign on ever, all the members went their separate ways. Some fishing and some not. Par for the course, we were some of the some nuts. As the afternoon wore on into evening it became less and less important to go fishing and before we knew it all the anglers had begun to return. So much for our Piscatorial pursuit, never mind, we would slip into 'em tomorrow!!

Our enquiries into the fishy fortunes of the returnees revealed only that we had made the right decision as bags of fish were only light with an average bag weight of under a kilo. The merriment went on into the small hours and then it was sleep time.

Arriving at Flat Rocks early Sunday we came upon the Waddams and Wilf and fished close to them but apart from a few small Mullet and Tailor the excitement was nil. The rest of the day followed the pattern of Saturday with the exception of a very enjoyable swim and a drive along the coast to check out Phil, Alby and Ray who had settled in front of a very useful looking gutter. But they assured us the fish were no more co-operative than elsewhere. We bade them farewell and headed back to camp for the fishing gear. It was time to get dinkum!!

Remembering the successes of the Greenough pioneers, Stan & Len, we headed for their spot of previous years, the river mouth. The hole was weeded up but further along the beach we found a gutter which looked a bit shallow but it was getting late so we decided to give it a try. Things didn't look too healthy for awhile but as soon as the burley had spread out we started to get some fish.

JANUARY 1980 FIELD DAY REPORT: GREENOUGH RIVER: CONT'D:

Andy was first into a good tailor and then I got a couple. It was about this time Graham showed his prowess with the little mullo way when he dragged out about half a dozen before Andy and I had another bite.

Suddenly my line went slack so I had a couple of turns on the Alvey and hit hard. The rod bucked a couple of times and line began to slip, a reasonable kingie we thought, but when it was finally beached it turned out to be a tailor of exactly 4kg. My biggest yet and a real surprise.

Andy and Graham continued to get a few but that fish had put the evil eye on its captor. The tide began to fall and everything was quiet again. Back to S-Bend.

Reports were that fish had been caught all along the coast. George and Peter had bags of tailor and the Freinds, especially their visitor, N. Bramwell, had fish to weigh.

The Monday weigh in was probably the most successful for a couple of years for average catch per member. So much so that if anyone went home fishless they had only themselves to blame as George couldn't even give his fish away.

We had only 23 seniors, ladies, juniors and visitor in attendance and a total catch of 118.2kg which speaks for itself. Pity more members didn't turn up.

I would like to thank the S-Bend proprietors, Robbie & Sandra for their hospitality, once more. These people really put some time into providing for our members on these field days, entertaining the kids, BBQ's, and even ferrying our members to the fishing spots. And just to stop the rumours, I am not being PAID OFF for this little thought.

Thanks again S-Bend.

So until we meet again at Wedge,

Tight Lines

Tony & Andy

PRECAUTIONS

Young girl being interviewed by local employment service officer was asked if she had any special hobbies.

She said her main interest was in spending weekends with her boyfriend touring the country on the back of his motor bike and camping out under the stars.

"Really," said the interviewer, "Doesn't that worry your Mother?"
"Oh, no" said the girl. "I always

DRYCASTING REPORT FOR FEBRUARY:

Rain. Who would have thought we would be casting in the rain, as we did on Sunday the 10th. This did not deter 24 Seniors, 6 Juniors and 2 Senior visitors, a total of 32 casters who had a happy social morning casting in the rain. This did not affect the scores. The overall results were of a very high standard.

Congratulations to Stan Renshaw on completing a fine days casting with a total of 127 points to be top on the day. Brian Leicester had the longest cast of 140 metres, which is excellent in the conditions that prevailed. George Holman took of the D/H accuracy event with 57 points, closely followed by Andy Tuvik with 56 points. Stan and Ron Kildahl "equalled the honours" in S/H Accuracy with 30 good points.

The painting list grows with bullseyes going to Graham Reeley, Sid Whiting, Tony Dalonzo (visitor) and Sharon Osborne in D/H accuracy. S/H accuracy saw bulls go to Beth Whiting, Joanne Tomsitt and Clayton Freind.

Our lady casters and juniors show a lot of promise. I am particularly pleased to see Heather Osborne lay into her casting the way she is. Keep it up Heather. Troy Latto showed consistency with 45 points in D/H accuracy.

Les Holman cast with us for the first time and "BEAT" George in S/H accuracy. Nice going Les. Whilst on the subject, I predict Sharon Osborne will start to improve on husband Peter's scores. May mean a bit more practice Pete.

Nine casters entered the Open D/H distant event. Hewie, with 138 metres was the winner, followed by George and Gary.

Our next cast is Sunday 9th March with the Open being D/H Distance again. Casting begins at 9 a.m. but you can practise from about 8 a.m. See you there.

DON'T FORGET

ANNUAL DINNER DANCE 21ST JUNE

WEMBLEY LODGE

REPORT ON A.A.A. MEETING TUESDAY 19TH FEBRUARY:

It was moved we nominate Laurie Birchall for W.A. Citizen of the Year. This was carried unanimously.

The Sports Federation has forms available for coaching fee reimbursement. I have applied for one form for our Public Casting Clinic.

A.A.A. State Boating Competition forms are now available from me. The date will be 27th April 1980.

A.A.A. will run an event for all clubs on 31st May Weekend called the "West Australian Week Competition:"

Clubs will run their own events and areas to fish. The competition is on Saturday, 31st May. More details later. This is to celebrate Foundation Day.

NOTICE OF MOTION by Fremantle Angling Club.

"The Registration fee from a club for affiliation with the Association is one dollar per annum for each financial senior angling member of the club."

Clubs are required to supply annually the names of financial members (seniors, ladies and juniors) who participates in the angling activities of the club.

All financial club anglers are entitled to participate in the activities of the association, but the registration dues from the club is based only on the number of senior financial members of the club. (end of motion).

Regards,

Peter Conroy.

STRIKE HINT

Here's one way to discourage postal workers from going on strike: send them their pay cheques by mail.

FOOD FOR THOUGHT

Australians are becoming stronger. Fifteen years ago, it took two adults to carry \$10 worth of groceries, out of a supermarket. Today, a 5-year-old can do it.

.....

Mr. and Mrs. Ellis moved into a new apartment and the first night they were there, she called out to her husband, "Sam, we have no curtains for the bathroom window. The neighbours will see when I'm taking my bath." "Don't worry darling," replied Sam. "When the neighbours see you, they'll buy curtains!"

Mrs. Williams unexpectedly bumped into Mrs. Maden.

"Don't tell anyone," said Mrs. Maden, "I'm having an affair."

"Oh," said Mrs. Williams, "and who is doing the catering?"

.....

Friend of ours says he's read so much about the terrible effects of smoking that he's decided to give up reading.

"THANK YOU"

The Osborne family would like to thank the "Fish Truck" boys for their generosity on the Greenough Field trip.

We had a new cray-pot pinched overnight, however, the boys had found an old one washed up in the sand the following morning and gave it to us to cover our loss.

Note, we also had an enjoyable weekend, wife and daughter showed Dad how to catch Tailor.
