ANNUAL DINNER AND PRESENTATION OF TROPHIES:

This year the Annual Dinner and Presentation of Trophies will take place in the Floreat Forum Hall opposite the Floreat Hotel and adjacent to Moores Forum Store. We will be in the Main Hall upstairs - entrance from the west side (opposite the school).

Your Committee has debated at length important aspects of the Dinner. Committee Members consider that the once a year social we have for our wives and or lady friends is not as well supported as it should. Last year of a membership of approximately 160 there was a total attendance of only 120 - i.e. 60 couples including visitors.

We feel you can do better, and this year we hope more members will make the effort to have a good social night out. If you are not on speaking terms with your wife - then bring someone else! We will not mind - so long as your wife doesn't. The main thing is to attend and make it a jolly good night.

APPLICATION FOR MEMBERSHIP:

The following applications for membership to our Club have been received. Any member having any reason(s) why these persons should not be accepted as members of this Club, are invited to contact a Committee Member.

If you wish to donate a trophy please contact F.D.O. Jack Harvey or in his absence President Ron Kildahl.

\*\*\*\*\*

BROOMS FOR ROTTNEST HUTS:

The Committee has decided to purchase a broom for each of the huts at Rottnest. We suggest that members make good use of these whilst in residence.

\*\*\*\*\*

INSTRUCTION PERIOD for next General Meeting:

This will take the form of a question and answer discussion on Alvey Reels. George Holman will bring along his Alvey Reels and talk on the various attributes of each of his reels and giving comparisons with other types of reels. There may be speakers on the other two types of reel - the overhead and threadline.

So come along chaps, you can have your "two bob's worth" and who knows, you may even learn something more about the various reels that you didn't know about. There wouldn't be an angler in the world who knows everything!

Open Competition Forms - New forms are now available. Members are required to note carefully that Open Competition Forms will NOT be accepted in future unless they are completely and correctly filled in.

A Resolution carried in 1965 is now included on the new forms. It reads:

"Members entering fish in the open competition shall qualify entries by attending at least three (3) club meetings, field days or casting venues."

Members who through employment obligations reside and or work in country areas, and members who are members of the armed services are exempt from this ruling.

Name Bages - Members are requested to wear their name badges at all Club Meetings and functions.

Competition Corrections

The April issue of Reel Talk contained several errors:

Open Section 2. Should have read W. Morrow not T. Fuller.

F.D. Section 4. Should have read 37½lbs not 35½lbs

F.D. Section 7. Should have read Heaviest Samson Fish not Salmon.

*"ARCEE" is enjoying a well earned leave so his spot this month is filled by a story by Jack Donohoe as told to Jack Harvey.*

HOW TO WIN A FIELD DAY:

The outlook was grim by all the reports gleaned from the bar at Caves House. The news had filtered back that George Holman had given the game away and had taken up rabbiting for a living.

The question was: Where o' where to fish?

Jim Strong had advised to fish at Smith's or Yallingup Beaches so I knew there would not be any fish there! I had noticed F.D.O. Jack taking a long furtive look at the rocks passed Smith's Beach and of course the cunning old fox was not saying anything.

Tom Cairns. Hope to see more of them in future.

Barry Reynolds, (a former "Offshore" member), caught a nice 20 1/2 lb school whaler at Radar along with a good mixed bag for a total of 59 lb. Hew Hoy Yew caught 37 1/2 lb of fish including his usual "Black Snapper" (Buff Bream) weighing 17 1/2 lb which took off the heaviest scale fish sweep money. "Basso" Baskerville jagged 28 lb of fish, R. Kelly 24 lb, D. Latto 14 1/2 lb.

There were very few who didn't catch any fish on the venue and on the whole good bags were the order of the day. It is to be hoped that our F.D.O. Jack Harvey was doing as well at Wago.

Starting at 11 a.m. Sunday, the truck and bus did the round trip of the island and picked up the boys. The boat was soon loaded on arrival at the jetty, the final weigh-in done, and then a little refreshment partaken of.

About five of the boys must have got their feet caught in the bar rail, or had a great deal of trouble dragging themselves away, as they were nearly left behind. As the "Panta Rae" was leaving the jetty, five "Herb Elliotts" could be seen pelting down the road waving their arms wildly, but they managed enough breath to get out a couple of decent shouts which was enough to raise the alarm and the boat turned around and went back to pick them up. Next time this happens they will be left behind as we all know the boat leaves at 1 o'clock sharp.

Hope you are all sharpening your hooks for our June Venue at Wago. See you there.

George Holman and Lofty Griffiths

REEL TALK: 1970-1971

Perhaps it is appropriate that at the commencement of the 1970-71 fishing year "Reel Talk" emerges in a new size and format. Since taking on the job of Reel Talk Editor last August, and I had not been a Club Member very long, it has been my constant endeavour to upgrade the quality of both the reproduction and the content.

My Secretary assisted me in experimenting with different duplicating and bond papers, stencils and inks until we obtained a reasonable result. However I was still not satisfied. When it became apparent that we were out of covers I had the opportunity of requesting the Committee to change the size and format - and this is the result. New covers in the Club's colours have been printed per courtesy of George Holman and Mt. Lawley Print Pty. Ltd. Likewise the wrappers which now replace envelopes and which are meant to be torn off the publication.

In recent months Ross Cusack has written some exceptionally good articles for "Reel Talk" which I believe has lifted it's standard considerably. Now other Club Members are coming forward and offering articles and this favours well for the future.

My personal thanks go to ALL the contributors who regularly or periodically contribute material and also to Lofty who greatly assists me in physically putting "Reel Talk" together. If our concerted efforts are appreciated by the Members, we are well rewarded.

JUNE FIELD DAY(s) AT WAGOE OR LUCKY BAY

LONG WEEKEND 30th, 31st MAY & 1st JUNE

This is a combined event held in conjunction with the Northampton Club. Members attending are requested to all meet at the Golden Fleece Service Station, Northampton at 12 noon Saturday 30th May. At 1 p.m. we will move off to an area selected by the Northampton Club which may be Sandalwood Bay and there set up headquarters. We will move to the beach areas by 4 wheel drive vehicles if necessary.

The Northampton Club are putting through a new track to Wagoe this weekend. (25th & 26th April) As this could well be the commencement of a new era of fishing for our Club, I am hoping for a good attendance to show our appreciation to Northampton Club for their efforts. I am looking to the co-operation of our own four wheel vehicle owners.

inaccurate days. John Nuich (coming back to form) and young Hewie tied for second place with 25/30. Incidentally Hewie brought along his police dog for protection and also two charming daughters (they like ginger beer). Tied for third spot were two of the older stagers in JIM STRONG (recovering rapidly) and BOB TICHBON whose 23/40 was enough to keep them away from GEORGE HOLMAN with 22/40. George scored a "bull" in this event as did DOUG NEWTON. I won't say Doug's was a fluke.

There were twenty two members present, not a very good response to a beautiful day. A light easterly breeze changing to a slight sou wester. Also present were one visitor, a friend of our President, one junior member MARK TUCKER (who again helped Brian run his section of the L.L. Hcp.) and Rudy's son RALPH (who did not bring him luck on this occasion.)

The ginger beer was well patronized and I think most members had their 10 cents worth. Many thanks BRIAN (all the cups accounted for).

Next month sees a start to the new points system for scoring in the L.L. Hcp. and it is to be hoped that attendances improve. We like a good crowd and grizzle about the work involved, but enjoy it.

Last month a slight mistake was made in not taking Rudy's lower handicap into account. This has been rectified in the top ten. Rudy loses two points and Ron Kildahl gained two.

Events for May - D.H. Open commences plus normal events, starting time will be 9 a.m. sharp, no sleep-in this month fellas!

Many thanks for assistance rendered.

May I suggest that members leave Friday night and travel to Marchagee caravan park, sleep there the night and come on to Northampton in daylight at your leisure. The caravan park is free to motorists and is located at the rear of the Mobil garage. Showers and toilets are available.

I am spending my holidays in the Northampton area to ensure we obtain full benefit from local knowledge. See you at the Golden Fleece Service Station at Northampton and make this a Field Day (s) we will always remember.

# ANNUAL DINNER AND *Presentation of Trophies*

SATURDAY, 20th JUNE, 1970

## ANNUAL DINNER & PRESENTATION OF TROPHIES:

This year the Annual Dinner and Presentation of Trophies will take place in the Floreat Forum Hall, opposite the Floreat Hotel and adjacent to Moores Forum Store. We will be in the Main Hall, upstairs, - entrance from the west side (opposite the school).

Your Committee has debated at length important aspects of the Dinner. Committee members consider that the once a year social we have for our wives and/or lady friends, is not as well patronised as it should. Last year, of a membership of approximately 160, there was a total attendance of only 120 - i.e. 60 couples, including visitors.

We feel you can do better and this year we hope more members will make the effort to have a good social night out.

Our Social Organiser, "Snow" Tate, has been a very busy fellow of late, making final arrangements for our big night. He has shown a good deal of foresight in altering our previous "cold menu" to a "hot" meal and this should delight the ladies and members. He has also arranged a good orchestra and has a very entertaining floor show lined up - he won't tell us what it is, so you'll have to come along and find out!!

Evening commences at 5.30 p.m. with Sherries and the Dinner starts at 6.00 p.m. Members are asked to be in attendance prior to 6.00 p.m. Refreshments will be supplied by the Club during the Dinner and Presentation of Trophies. Members to supply their own requirements later.

The cost of the evening per couple will be \$10.00.

Contd.

the "old master" much to his credit decided to sinker fish.

To cut a longer story much shorter, after about four hours of gardie bashing to the left, right and centre, interspersed with a dash of sinker fishing, the three surface triers were fishless whereas Ted produced in order one wobbly, one black snapper and one slimy cod - all around the 12 pound mark. So all the laurels went to Ted along with forty cent wagers from each of us. Much to his delight.

The sea remained relatively calm at noon and we could have fished on but chose to leave the fray and return to base at Kalbarri somewhat disillusioned from our first encounter with Wago.

Apart from having to deflate the tyres on both vehicles to negotiate the climb back through the sand cuttings the return journey proved uneventful.

*EDITOR: Thanks Bill for your story. Contributions of this nature I believe will make Reel Talk more personal and interesting for all Members. Jack tells me he had his bonanza with a nippy south wester blowing.*

MURCHISON BY BUS: MARCH 1971

by George Holman

Next March seems a long way off - but if I am to have any support for my suggestion, I will need to have an indication of those wishing to go to the Murchison by bus, very soon, so I can make the necessary arrangements.

Basically the idea stems from the fact that there is a lot of driving in a long weekend to the Murchison. My suggestion is that we hire an air conditioned bus containing 30 sleeper seats plus 6 ordinary seats, with full facilities to carry rods and all gear and which would carry two drivers.

The bus could leave Perth at 8 p.m. Friday night and arrive at Kalbarri at 9 a.m. Saturday, permitting everyone a good night's sleep.

On the return trip it could leave Kalbarri at 10 a.m. Monday and be in Perth about 8 p.m. This would enable members to fish to their heart's content ALL Saturday & Sunday - including nights perhaps - and not have to face a long drive home when very tired!

Accommodation at Kalbarri would be arranged at approximately \$3.00 per head. This would need to be booked very soon and a deposit paid. The bus would also need to be booked well in advance. The total cost would be NO MORE THAN \$25.00 per head including everything - bus, accomodation, boats and transport.

THE SURF CASTING ANGLER Contd.

Surf casters vs. surf casters is a sight to be seen. Go to Preston Point Beach next year and watch 1500 surf casters.

While the admirers admired their admirables none took notice of a youngster further down the beach, who though he tried like mad, never seemed to be able to get his line as far out as you or I could chuck a stone underhand. But, strangely he was piling up the fish on the beach behind him for everyone to see. (Funny isn't it); it almost seems a pity that he would when he was finally able to afford a fancy rod and reel, eventually join up with the fancy. He in all probability too, after a few dry casting lessons from the experts, will become one of the surf casters and learn the cardinal rule. (Its the technique that counts not the fish you catch).

I love surf casting and it is one of the blessings of my life. It is a recreation, a relaxation and more important, it is a hobby that needn't cost much to buy the outfit as most other hobbies tend to do these days. It also has the very attractive point that even the greenest tryer might even latch the big'uns, while that gent in the fancy hat and expensive gear looks on in envy. All that, and a lung full of fresh air. All that is required to pursue this sport, is a piece of sea, a hook, something with which to bait it, some sort of line with which to throw it out to the fish and BING you are in business. Who could ask for more. Join the happy band and be A SURF CASTER.

NOTE FROM EDITOR:

I hope a few more members will take the tip and follow Bertie's example and write an article for "Reel Talk". Shortly, I will be singling out any member at random and they will be asked to write about their next field day or a fishing trip, etc., so you had all better sharpen your pencils because it may be your turn next!!!

FISHING COMPETITION - OPEN DIVISION - MAY 1969/1970

Entries to be submitted on correct form and the hand of the Recorder within 30days of capture. Entry forms are available from any Committee Member.

SECTION 1. - Most Meritorious Fish

To be nominated at the end of current competition by Committee.

SECTION 2. - Heaviest Shark

J. DEVITT - Tiger Shark - 84lbs - Murchison.

SECTION 3. - Heaviest Mulloway

D. LATTO - 30lbs, Murchison

SECTION 4. - Heaviest Salmon

K.R. JONES - 11 and 3/4 lbs, Mandurah.

Nineteen members reduced their handicaps by various amounts from BERTIE'S 42 down to the D.C.O.'s 1.

Newcomers to the events were VAL PEREIRA and TONY HOWSON while TED HORSLEY makes a reappearance after a long absence. Hope we see you again and soon.

There was some excellent casting in this event and most members should be happy with their efforts (of course we did have a slight tail wind). Exceptions were JOHN DIVITT with two B.O.'s and one good cast of 469 feet. One B.O. was scored by MIKE DAWSON, COL BUCHANAN, ERIC PARKER and BRIAN LEICESTER, spoiling what could have been good scores. Still you do at least receive some points under this system instead of "O" (nix). New-comer TONY HOWSON was unlucky with his first cast been unable to make good, his other two were good results.

The maximum penalties were incurred by DREW SHAW, (still managed to knock 38 off his handicap), while BOB JENSEN, GEORGE HOLMAN and BRIAN HANKS had two apiece. Generally the casting was accurate.

The D.H. Accuracy was won by IAN McLENNAN with 57/80. IAN has figured prominently in this event in past months and is always consistent. JOHN NUICH with 56/80 is gradually coming back to top form in this event and should continue to score well. ERIC HILL and BOB TICHBON tied for third place in this segment of the competition. ERIC has not appeared in the placegetters to my knowledge and this could in fact be his first. BOB usually manages to jag a place now and again to keep him up near the top. Keep it up you two.

Only one "bull" was scored during the day and this was hit during practise session by RUDY LERCH on the short D.H.A. target. Rudy made the new target so I suppose he should be the first to prang it.

HEWIE and BOB JENSEN gave creditable performances in this section, whilst DAVE LATTO looked like scoring a "bull", but had to settle for a good locking 20.

The S.H. Accuracy event was won by yours truly, one of my better performances I must admit (don't look at my D.H. score). "DEADLY" DOUG took the second spot with a score of 25/40. As with the D.H. Accuracy, DOUG also had a lapse in the S.H.A., otherwise, who knows? JIM STRONG, who tied for third last month with 23/40, came third again this month with 22/40. Staked a claim Jim? Others who cast well were BILL UPTING, ALAN McLAUCHLAN, RUDY LERCH and BOB TICHBON.

Next month sees the first of the S.H. OPEN competition plus normal events starting at 9.00 a.m.

Thanks again for the assistance.

Brian & Les.

Everything OK up here at Johnny Wago.  
 Arranged ice for Sunday or Monday.  
 Main bait to use is mullet. Suggest  
 members do bring up salted mullet and  
 mostly the fishing is with sinkers.  
 I have fished an area approximately  
 13 miles of the best looking country  
 I have ever seen.  
 My best so far is a 48lb shark.
