NEXT GENERAL MEETING:

The next General Meeting will be held in the Buffaloes Hall, Onslow Road, Shenton Park on Wednesday, 11th November, 1970 at 8 p.m. sharp.

INSTRUCTION PERIOD: The Committee had a very hard time deciding on a topic for instruction at our next General Meeting as our intended lecturer could not make it. Rest assured though that something will be done in the ensuing period so that our next instruction period will be something of a surprise.

NEXT COMMITTEE MEETING:

The next Committee Meeting will be held in the Buffaloes Hall, Onslow Road, Shenton Park on Thursday, 19th November, 1970 at 7.30 p.m.

NOVEMBER FIELD DAY: 14/15th

CERVENTES

This venue will be conducted on Saturday, 14th and Sunday, 15th November. The Club tent is to be approximately 3/4 miles north of Cerventes. (Look for Club signs). Distance which may be fished is from Green Island (South) to the North Jetty in Jurien Bay (North). Fishing commences 4 p.m. Saturday and ceases 8 a.m. Sunday. Brian is looking forward to a good roll up of members and to a substantial weigh-in.

NOVEMBER DRYCASTING:

This competition will be conducted at the Floreat Park Oval on Sunday the 1st November, commencing at 9 a.m. Casting will consist of the usual level line, double-handed and single-handed accuracy events, plus the single-handed open.

LIFE MEMBERS:

MESSRS. D.C. BROWN, V. DAVIS, L.M. DUNN, D.O. EDWARDS, N. KNIGHT and L. SHAND.

OCTOBER FIELD DAYLUCKY BAY

What a terrific roll up we had for this venue. Fifty-one anglers fronted in spite of the distance they had to travel. Most drove straight through overnight and nearly everyone was settled in at "Half Way" by 10 o'clock Saturday morning.

The water looked good although the sky was overcast. About mid-day the wind shifted to southerly and really started to blow, which made fishing conditions a bit uncomfortable and brought the weed into most spots.

However, some very healthy bags were brought in for the first weigh-in on Saturday evening. Barry (Snapper Basker) Reynolds produced some very nice snapper, one weighing $8\frac{1}{2}$ lb. He also had tailor and tarwhine chucked in for good measure. Rudy Lerch made a few eyes turn green with his 14 lb Samson Fish; he also had a tarwhine of 1 lb 15 oz which he caught before the field day. The first whopper to grace the scales was Hew's 32 lb Mulloway; things were beginning to look interesting.

Enter Tony Smith, all red in the face from galloping half a mile through the mulga cuddling a Kingie, which after we persuaded Tony to let go of it, weighed in at $48\frac{1}{2}$ lb.

George Holman came in with a 3 lb 14 oz skippy, which has put him in the lead in Section 8. Bill Schaaps $8\frac{5}{4}$ lb Tailor was the heaviest of the night.

Then Ron Mansfield cleaned the lot up with his $49\frac{1}{4}$ lb Mulloway and an $11\frac{1}{4}$ lb to keep it company. A very encouraging start to the weekend.

By the time the weigh-in was over, most of us were just about asleep on our feet and turned in early.

The Sunday morning weigh-in was uneventful, only a few tailor were brought in, a bit disappointing, but the weather had improved which raised our hopes. Unfortunately by mid-day, the wind turned to a howling Southerly again.

It was Jack Harvey's turn to star Sunday evening; he was all smiles as he put his $37\frac{1}{2}$ lb Mulloway on the scales. Les Reid cracked a grin too, with another at $20\frac{3}{4}$ lb. Hew, not satisfied with Saturday's effort, slapped a 9 lb Tailor on the scales.

Only a few of the boys fished on Monday morning and only a few fish were weighed in. Last to weigh-in was Neville Risbey, who had done an all nighter at Wago for one tailor; and to rub salt in his wounds, Laurie Clarke (one of the Northampton boys), after a good night's sleep, threw a line in beside Nev, and pulled out a 13 lb Mulloway.

The total poundage for the venue was $674\frac{3}{4}$ lb, if the weather had been kinder, we would probably have doubled this; no kidding.

We would like to extend a special thank you to the Northampton boys, Turney Barnden and Alan Stanton for organising the loan of the beach cottages; they were very much appreciated.

The potential of this area is tremendous, so much so, that we are all for opening up the March Field Day at Murchison to as far south as Lucky Bay. We would like to hear any comments at the next General Meeting.

See you at Cervantes next month.

Brian and Les.

NOVEMBER FIELD DAY

CERVANTES

This venue will be conducted on the weekend of the 14th and 15th November. Headquarters will be in the close vicinity of Cervantes Settlement.

Fishing limits will be South - GREEN ISLAND
North - NORTH JETTY JURLEN BAY

Members can sign in, preferably between 1 and 3 p.m. on Saturday, otherwise at the weighins at 9-10 p.m. Saturday and 8-9.30 a.m. Sunday.

We are looking forward to another good venue and roll up. See you there.

Brian and Les

LIMMERICK OF THE MONTH

Up at Lucky Bay, an angler, Ron Mansfield,
Made a cast to see what it would yield.
Soon he shouted 'Hoo - ray
I've caught a beat mullo way'
And Tony Smith said 'Dear Bill'.

Alright, I know it does not rhyme, but what would you have said, had you been in the same position?

Hand your replies to the Editor of "Reel Talk", as it is illegal to send that kind of literature through the mail.

METHOD OF MEASUREMENT (Amendment to inside cover):

GARFISH are measured from the tip of the upper jaw to the end of the upper half of the tail; PRAWNS are measured along the body from eye to the tip of the tail; CRAYFISH are measured along the mid-dorsal line from the anterior edge of the pronounced ridge which joins the front edges of the rostral horns immediately posterior to the eyestalks, to the posterior margin of the carapace; CRABS are measured from tip to tip of the posterior margin of the carapace spikes; MARRON are measured from the tip of the rostrum to the posterior margin of the carapace along the mid-dorsal line; all other fish are measured from the point of the snout to the end of the tail.

OUR CLUB PICNIC

I think I would be safe in saying that "Snow" Tate was pleasantly surprised at the excellent roll up at the Club Picnic at Gidgiegannup on Sunday, 25th October. Those who didn't attend missed out on a really good day.

Les Reid was in charge of the car rally and saw well over thirty cars on their way, at two minute intervals, through some very beautiful country to our eventual destination. The eventual winner of this was Brian Mews and family.

On arrival at the oval we found the facilities adequate for the number of people attending, although the oval was more like a paddock, decorated with horse gymkhana jumps etc.

Snow had the fires going and after checking in, the boys had to wield the steak forks and do the cooking. As Doug Salt said, "I've got three hungry kids" (he was the first to get stuck into it).

After lunch "Lofty" Griffiths spied the children playing cricket, and being a big kid at heart, he went out and joined them. It wasn't long before there was a lot of "big kids" out there playing cricket witnessed by a lot of spectators on the fence. There was one bloke out there who couldn't catch for nuts, oh Graham!

The running events then took place for young and old and displayed some surprising talent - like Corcoran and Neil and a second Shirley Strickland in Milcen Periera.

Joy Latto hit a mean ball at golf to take off the ladies event and "Killer" Kildahl jagged the men's event.

Miss Renshaw won the ladies casting event and in the rolling pin throwing competition, Val Jones put down two throws well outside her nearest rivals. Graham Baskerville really tossed the pin in the mens event to win comfortably.

Young Ralph Lerch throws a mean horseshoe and won this event convincingly.

The Salt family seemed to have a mortgage on the junior events and there was keen competition in all of the junior races.

Watermelon, ginger beer, lollies, icecream, oranges (per compliments of Selwyn Bessel-Brown) were quickly disposed of by the children (both young and old). The Mums wouldn't have had to cook a big tea when they arrived home as all seemed to have had a good "tuck-in".

The usual raffle (half-a-dozen bottles of DUCK!) was won by Val Periera and a special raffle for the ladies was won by Hilary Hew. This prize was a beautiful fold-up table cabinet made by Rudy Lerch and donated by him. Many thanks Rudy. I'm sure the ladies really appreciated the gesture, especially Hilary.

After the presentation by our worthy President, Ron Kildahl, the members started to wend their way home.

A couple of incidents marred the day to a certain extent. Hal Neil was unfortunate to have clutch failure in his car and had to get a lift home. Young Ian Reid was unfortunate when he hit an obstacle with his car and damaged the front end to the extent of having to take it home on a trailer.

A good point deriving from these incidents was the way the boys chipped in and helped their mates and I'm quite sure that young Ian Reid and Hal Neil are very grateful.

So ended a very pleasant outing and one which all enjoyed. Hats off to Snow.

CASTING CAPERS

As expected the roll-up for the October Dry Casting Day was well below par. Twenty-four members and one visitor, F. BEARDMAN, fronted up for an enjoyable day. (Oh yeah!)

Gusty winds (30-40 knots) were the order of the day and most casters experienced trouble in one form or another. Some when casting (mainly on S.H. Acc.) could hardly keep their balance, as indicated by the scores. Thankfully enough the rain held off though most members were well prepared (especially after last month).

Noticed GEORGE HOLMAN and HEWLE giving some expert advice to an unknown angler. Well done fellas.

This month I am departing from the usual story and giving instead a short paragraph on each member present. These are only my impression and are not necessarily those of the management.

If you have any beefs or suggestions for improvement, let me be the first to hear of it.

So herewith in alphabetical order.

TOM CORCORAN

Sent down three very even casts in the L.L. Hcp. Thanks Tom, a pity some of the others were not so thoughtful. Beautiful to work out your score. The distance was below that which Tom is capable of casting. Finished third in the D.H. Acc. with 47/80.

MIKE DAWSON

A pity about that B.O. Mike, spoilt a good score. Two beautiful casts in the D.H. Acc. and two not so good. Gave the 'bull' a fright.

WALLY FLEETON

Tried out his new Conlon 505 in the L.L. Hcp and improved with each cast. The accuracy events let Wal down.

GEORGE HOLMAN

Shoved his first cast way out to the windward side and watched the sinker drift across the lines to incur a penalty on the lee side. Further casts improved. Had costly misses in both accuracy events. (Can't miss too many George).

BOB JENSEN

Average points in the L.L. Hcp. Those two misses in the accuracy would have given you a good score Bob.

- RON KILDAHL Scored the ton for total points on the day. Had a fairly good result from the Hcp with one of the better scores. Usually scores with all casts in the D.H. Acc. but was one light this time.
- BRIAN LEICESTER Finished with a record of sorts. Three B.O's. Either had a plonker or crook line. Not one of your better days Brian.
- RUDY LERCH One of four to incur two penalties. Registered the longest cast of the day with 351 ft. Fares reasonably well in the D.H. Acc. but was off in the S.H.
- ALAN McLAUCHLAN Not so long back won the S.H. Acc. However the wheel has turned a full circle and Alan's accuracy was astray.
- BILL MORROW Certainly seen you cast better than this Bill. Two penalties, must have been the wind. D.H. Acc. points 34.
- HAL NEIL Has been absent for some time; welcome. Had some trouble in the Hcp, sent that ball sinker on its way to goal for a B.O.
- JOHN NUICH Handled the conditions well to avoid penalty and cast easily to gain average points. John's accuracy was found wanting this month.
- BARRY REYNOLDS An anticlimax after last month's 118 off Hcp. (none this month); still managed to accumulate good points from all events. Tied with Drew in the S.H. Acc. for third place with 14/40.
- RICK ROWLANDS On three weeks annual leave from Darwin, came along to swell the members numbers (welcome Rick). Rick cast well considering his absence from competition.
- DREW SHAW Has cast better than this in Hcp events as witness his handicap. Finished on a tie with Barry for third place in the S.H. Acc. Scored with four casts in the D.H. Acc. for 34 points.

- TREVOR STAM His distance has improved over the past months and is fairly accurate (handled the wind well). Used a snapper sinker of around 8oz. A slight improvement from accuracy events could get you a good score Trevor.
- JIM STRONG Not one of Jim's better days. I believe a piece of line wrapped round the end of the rod (a trap for Alvey users), the sinker went a fair distance but didn't take the line. Usually likes the S.H. Acc. but found the wind tended to unbalance him.
- ERIC SULLIVAN Looking back on past results it appears that if a decent score is achieved in the D.L. Acc. and you cast reasonably well in other sections you will generally win the day. Well you did Eric and the sweepstake is yours. Eric finished second in the D.H. Acc. with 54/80 and scored 119 points for the day to head the sheet. (I'll go you halves.
- DOUG TALBOT Accurate as always with his straight overhead cast giving him 46 points in the L.L. Hop. Started well in the long acc. event but one cast let him down. Suffered in the S.H. Acc. Has an interesting tussle with Bob Tichbon in the Top Ten with three points separating them.
- BOB TICHBON Finished second on the day with 113 points. Accumulated evenly over all sections. Had a spot of trouble on his second handicap cast. Overrun Bob? Ran second in the S.H. Acc. with 17/40 to a brilliant Les Reid - boo!
- BILL UTTING Started off strongly in the D.H.A. winning with 56/80 points. Everyone thought well the money has gone, however, Bill had a lapse in the shorter acc. event scoring only with one cast. Finished third overall with 111 points.
- HEW H. YEW Three respectable casts in the Hop. to give a reasonable score. Missed valuable points in the accuracy events with two misses.
- LES REID Won the L.L. Hop with 48 points after some expert coaching by John Devitt on the Saturday morning. Thanks John. Also had a bit of tin in the S.H. Acc. notching up 25/40 points. My D.H. Acc. score let me down but I'm practising, so watch out.

Handicaps have been revised. This tended to benefit those members who cast this month by virtue of the shorter distances cast. Some have not benefited. These mainly are not regular casters. Next month the normal

events will be conducted plus the S.H. Open starting at 9.00 a.m. sharp.
 Many thanks to the assistance rendered by the members.

RED FLAGS ON BEACH:

It was noted that few vehicles displayed their RED FLAGS at our last venue. The Club Etiquettes were printed for the enlightenment of all, so let's all take heed and all be do-gooders!

It is good to see our members' names appear on the records and it is to be hoped that a few more records will be forthcoming to our Club.

Don't forget to fill in your Club Open Forms for any eligible fish and get them into our Fish Recorder within one month for our own open competition.

FIRST TIME

As a member of a well organised party, I could be forgiven for being optimistic about the possibilities in the Lucky Bay area - after all, according to all reports this was THE place - even though my bag cost 3 per lb.

We all arrived safely at 5.30 a.m. (Hell! its bloody day-break!) and crashed to be awakened again just two hours later by an energetic gent who decided to erect his 4-bedroom tent with a pile driver.

An extensive examination of the coast, from God knows where - to Derby I think, revealed the best bit of water some 2 miles from the camp. The fishing here yielded all sorts; tailor, snapper, bream and a kamikaze sea kingie. Our only hazards here were the weeds, winds, lack of organized cooking and your mates set line cast at an angle so he could fish straight in front.

The following day involved a trip to Wago which must have some of the greatest potential of any water I have ever seen - IF the weather is right. We didn't have the right weather - we didn't need that wind which sandblasted a can left on the beach by Eric Hill. However to avert dissention we persevered with dangerous conditions fruitlessly lining the reef with lead, line and brass. (3 bream for six rigs!)

We left later and returned to our original sport where the wind had died down to a mere 70 knots and plugged away here where more good tailor, snapper and bream were caught. I was quite content to eat toast and drink tea with a little help from "Leadfoots" party in a mobile tent - we almost took off several times. Slept well that night and so did you know who after having his usual field day spew.

The trip home was uneventful except that it revealed some lovely country which was missed in the darkness on the way in. My grateful thanks to our driver who took us over 900 miles safely.

So much for my first trip North which although did not yield much fish for my bag, certainly enabled me to gain a wealth of knowledge and insight into club attitudes and the attitudes of many of its members. I once promised myself I would now go to Kalbarri for a long weekend - too far. I know - Wago is only a spit from there so maybe I will get that prized game fish I am after.
