EDITORIAL:

One of our favourite venues, Lucky Bay/Wagoe, has come and gone in our last month of club activities. It never ceases to amaze me the lure this venue has for club members, as despite lousy weather (which meant that fish were hard to get) and the long drive, seventy persons were in attendance. Had the weather been better the boys would have needed trucks to carry the fish home in, as was borne out by a few of our members who stayed on for the remainder of the week. They caught shark to 94lb, Mulloway to 65lb, Tailor to 7lb and Snapper to 9lb - and had a healthy haul by the end of the week. I hope to get a report from them for our next issue of "Reel Talk".

This venue has an atmosphere of its own as the comradeship between members and our Northampton friends is great to see. For instance even though it was blowing like blazes and raining like b...., visitors were plentiful each evening at Drew's tent and we had 8-10 bods sitting inside having cups of tea and spinning a few tall ones. This was the trend around all the camps - tremendous!

Bill Morrow reckons he is going to become a real close friend to Brian Mews, as apparently Brian has everything that opens and shuts at his fingertips. Portable lighting plant, freezer, long wheel base Landrover and numerous other facilities. Bill can vouch for the quality of Brian's freezer as it produces "coldies" in next to no time.

The gatherings at the weigh-ins were good to see and much "ribbing" was voiced. The Club flag was very prominent flying above the tent and there was at least one satisfied member on its presence there.

Another good aspect of this venue was the way the chaps with 4-wheel drives and beach buggies helped in giving other members a lift to the various "hot" spots. All members had to do was ask our F.D.O. or the various drivers and they had a taxi at their disposal. This is good to see, so let's hope we can keep this facility going.

Some good things have happened during the last month; the most prominent being Jim Strong's achievement of being given the honour of life membership by the Club. This is not easily earned and the congratulations of all members go to Jim. I have written a separate article on this elsewhere in this issue.

Another very good point is the purchasing of a set of scales for hire to members so that the fish that have been missing out in the Open Section don't have to slip by anymore. I would venture to say that there will be a big demand for these during holidays and we may have to buy another set at a later date. Written application has to be made for these and a deposit paid upon picking the scales up, which is refunded upon their return. This should be a good club facility for members.

The move to endeavour to get members to fly club flags on their vehicles on field days has merit, as other than the obvious safety factor, the Club would receive good publicity as long as we all set a good example.

On a more personal note, I was honoured to be the recipient of the State nomination for the "Sportsman of the Year" for angling and be able to bring the "bacon" home to our Club for this year.

The manner in which the Constitution was dealt with at our last General Meeting (the instruction period being made a Special Meeting), was great to see. I thought a few more members could have remained as well as remembered to bring their proposed revised constitution along so that they could follow proceedings. However, those who remained took a lot of interest in this very important club document and it was dealt with in a most efficient manner, ably chaired by our President, Tom Corcoran,

Next instruction period will be taken over once again by a "Special Meeting" to endeavour to finalise the Constitution so come along prepared and it will be dealt with more quickly. The following month's instruction period is one of those "special" instruction periods, so come along to both meetings and find out the difference between the "specials".

STATE NOMINEE "SPORTSMAN OF THE YEAR":

Monday evening, 23rd October, saw the culmination of a very successful year for myself. On this occasion the final voting for the State angling nomination for the "Sportsman of the Year" was conducted by the A.A.A. of W.A. and I was nominated by this body. Needless to say, I am honoured to win this nomination and to be the representative for angling in this State.

To be able to be in a position to achieve this goal I had to win our Club award, and having done so, this put me in a very good position because of the high regard that other clubs in the State have for our Club, The Surf Casting and Angling Club of W.A. (Inc.).

The voting was rather close, Murray Pope of Rockingham Club running second and Pat Knowles of South Suburban ran third.

To the other nominees of the various clubs, I extend my congratulations as their individual achievements were outstanding.

George Holman.

OCTOBER FIELD DAY : 7/8/9TH:LUCKY BAY/WAGOE:

Most of the members journeyed to Northampton on the Friday and into Friday night. After refuelling and drinking coffee at Laury Clarke's garage, we proceeded to Lucky Bay to set up camp.

On the track to Lucky Bay we saw many rabbits, no doubt a feast to be had if one could catch the little perishers.

By about 12 o'clock on Saturday, most of the members were settled in and the F.D.O. and A.F.D.O. started signing in the members. The members were coming in twos and threes and then a lull for a period. While we were not signing on members, we set the Club tent up and the new flag - the first club run for the flag. Further signing on produced more members; some of the older members in BOB TUCKER 10lb; B. HAMPTON 5lb; D. TALBOT 7lb; A. HORTON, J. HARVEY, B. KLEIN 3lb 8oz; K. RUNDIN; these members have had other commitments to deal with and it is good to see them on the field days once again. Most of the members had signed on and then - along came JOHN, I mean JIM STRONG. Jim looked the flag over with his keen veteran eyes and finally the word was given; Jim approved of the positioning of same.

After the signing on, the members just disappeared to their camps in readiness for the start at 2 p.m. During our stay on the field day, we were plagued by the rain and wind which made the fish captures low - a mere 177 lb 3 oz for seventy members.

On the Saturday night, mostly tailor were caught, and the bulk of the catch on the field day, was tailor. Some of the best catches for the field day were D. GREEN 68lb 15oz, a very nice Mulloway 44lb and some nice tailor; this gave Dennis Heaviest Bag and also Sections 11 and 12 for the Field Day - a good effort Dennis. Other fine captures were H.Y. HEW 48lb 8oz Mulloway; T. HORSELY 19lb 12oz; K. FLEMING 17lb 15oz; G. HOLMAN 10lb 12oz; R. TUCKER 10lb; M. TUCKER(J) 9lb 4oz; try and beat the champ next time Mark. N. RENSHAW 9lb 2oz; F.D.O. 8lb 1oz. These were just a few of the captures for the field day.

Also on the Saturday, we saw some of the Northampton boys with us. They were Tunney Barnden and Laury Clarke, who stayed at our camp. Laury bought with him a little Suzuki Fun Bike. Some of the members had some good fun on this little bike and one in particular was GRAHAM ("THE MASTER") BASKERVILLE, who gave a display at riding the powerful machine.

On the Sunday night, the fishing was a bit more comfortable and mostly tailor were caught. DENNIS GREEN caught his Mulloway on Saturday and HEW caught his Mulloway on Monday morning; this fine fish pulled the scales to 44½lb. Dennis was seen hunting for Hewie with a SHOTGUN. GRAHAM HOOD caught a nice 9lb tailor. Other members who weighed in fish are listed.

After the weigh-in on Monday everyone started packing up in preparation for the long trip home.

On the whole, (other than weatherwise), we still had a good field day.

Until Jurien Bay, our next field day, good fishing.

A BIG THANK YOU FROM F.D.O. & A.F.D.O.

At the signing in at Lucky Bay, the F.D.O. asked if the owners of 4-wheel drives and beach buggies would oblige by transporting less fortunate members to suitable fishing spots. They responded with great enthusiasm and all members were very grateful to the help shown by these members.

I personally thank these members for their assistance and co-operation. Thank you!

ANOTHER THANK YOU:

On Page 7 of the October "Reel Talk" directions were given on how to get to Half Way. The navigation and compiling of this report was done by Bob Klein. All members, including new members, should thank Bob for this fine piece of work.

Thank you Bob.

PRESIDENT, SECRETARY AND COMMITTEE, GENERAL MEMBERS OF THE S.C.A.C.:

At our last General Meeting I was very delighted and proud to be honoured with Life Membership of the S.C.A.C., and at that time, was speechless and would like to take this opportunity to express my appreciation.

Fostering club spirit among the members of our Club has always been an important factor of the organisation to me, and I will continue to work in this direction, helping all club members when possible.

Yours sincerely,

Jim Strong

LIFE MEMBERSHIP TO JIM STRONG:

After a unanimous recommendation by your Committee to the October General Meeting, Life Membership was bestowed upon Jim Strong.

This honour was well earned by Jim as he has been a club member for a great number of years by our standards and has served on Committee over a period of approximately ten or eleven years (it could be more).

Positions that Jim has held, as near as I can remember, are Vice President, Field Day Officer, Assistant F.D.O., Librarian, A.A.A. of W.A. Delegate (and President of this body) and possibly other positions. He has also helped out in just about every other facet of the club of which I'm sure every member is aware.

On behalf of all members I extend congratulations to Jim on his achievement.

P.S. I had the job of getting Jim to the meeting late which was, as members who know Jim's punctuality, no small feat. I had to go back home to get some lead for sinkers, copped every red light (intentionally), missed the turnoff to Onslow Road and pulled every trick in the book.

When Jim walked into the hall and everyone was clapping him, he thought you were all clapping me, so you can see the surprise was complete.

As you all know Jim's prowess as a talker and were possibly wondering why he could only come out with a bewildered "thank you", it was because he was stunned and at a loss for words- and that is saying something! It took most of the evening for it to sink in.

Elsewhere in this issue, Jim expresses his thanks.

SOCIAL NOTES.....

Well, this is the first time a social column has been a full length feature in the "Reel Talk" and as far as your Social Organiser is concerned, it will not normally be used as a media for treading on people's toes - not intentionally anyway; however, there could be a few light-hearted digs floating around.

There is going to be one exception to this statement and here it is -

Two months running a request was made in the "Reel Talk" for your suggestions as to what social activities you wished to have during the current year. The response was fantastic - there were THREE replies!! Your response left me feeling as though I was standing nude in Central Hay Street during lunch hour. This is your club and it is a good club and your suggestions would make it an even better one. Our social side is just as important as the competitive side also, yoursocial organiser is not a mindreader, so next time let us have your ideas. Your Committee may not be able to please everyone, but we will certainly try.

As if you don't already know, the car trial cum barbecue picnic will be held on the 29TH OF OCTOBER and cars will LEAVE at 2 minute intervals from the CAUSEWAY NO. 1 CAR PARK and will start leaving at 10A.M. SHARP. (Many thanks for the plug Tom, there is a certain character who got his dates or something mixed up). The time taken for this safari could be anything from 1 hour to three days, depending on your route, navigator and assistants. There is an emergency envelope for those who find themselves on the Nullabor or you may be like one of those South African pignys who wander through the tall elephant grass mumbling "where in the heck are we".

Seriously, I think you will enjoy yourselves and there will be plenty of entertainment, ginger beer, sweets and races, plus, I hope, a treasure hunt for the kids a cricket match for the blokes, also a little exercise for our other halves.

Remember! SUNDAY THE 29TH OCTOBER at the CAUSEWAY NO. 1 CAR PARK, 10 O'CLOCK SHARP. I will not be at the start but will see you at the finish. It's not hard, just catch up to the bloke in front and get lost with him.

TONY SMITH

SOCIAL ORGANISER'S NEW (WORK) TELEPHONE NUMBER:

The work 'phone number for our Social Organiser, Tony Smith, is 25 5055. The reason for it not being changed on Page 1 is that a supply has been printed of this page and it will be a month or two before his new number will appear thereon.

OCTOBER CAST:

The morning's attendance for casting was thirty-one and included in this were six juniors. It is good to see the young ones taking an interest in this side of the Club's activities.

The overall winner of the day was BILL UTTING with a creditable 129 points, followed closely by our President, TOM CORCORAN, with 128 and then BRIAN LEICESTER with 121.

The level line distance was again won by JOHN DEVITT with 40 points and the longest cast of 432 feet. Next were BRIAN LEICESTER and TONY SMITH with 36 points and GRAHAM BASKERVILLE and LES REID with 35 points. TREVOR STAM and ERIC PARKER had a contest to see who could get the most penalties and managed a draw with 63 each.

The double handed accuracy was an interesting event. TOM CORCORAN was heard to say "you have 61 to beat", so BILL UTTING scored 62 points. JOHN DEVITT followed Tom with 54 points.

The single handed accuracy was won by G. BASKERVILLE with 27 points, then LES REID with 26 points, followed by TOM CORCORAN, BRIAN LEICESTER and BILL UTTING; all scored 24 points.

The juniors are certainly improving and the highest scoring junior was G. RENSHAW with 72 points, followed by D. TAYLOR with 70 and R. LERCH with 67 points.

The double handed open was won by J. DEVITT with 432 feet, next was B. LEICESTER 382 feet and G. BASKERVILLE with 376 feet..

The top twenty had a few changes with B. LEICESTER coming up to take second place from RON KILDAHL and GEORGE HOLMAN moving up in front of DAVE LATTO.

Good to see so many members attending casting, but there is still room for more. See you all at the next drycasting, both old members and new members.

A SHORT STAY IN HOSPITAL:

Whilst we were all fishing up at Lucky Bay/Wagoe, Les Reid was convalescing in hospital after an operation in the Osborne Park Hospital.

I am pleased to report that Les is up and about again and has a good deal of fishing to catch up on.

VEHICLE FLAGS AVAILABLE:

As decided at a previous General Meeting, Jim Strong was to look into the costs etc of suitable flags for cars, 4-wheel drives and beach buggies.

These vary in price from \$1.15 to \$2.50 approximately and there will be three different types and sizes on show at our next General Meeting for members perusal.

Members who wish to purchase a flag for their vehicle should place an order with our Treasurer, Dennis Green, and pay him at the sametime.

This idea of endeavouring to get our own Club flags for our vehicles is a sound idea, for apart from the definite safety angle on the tracks and beaches, it is good publicity for our Club, as long as members set good examples.

CLUB SCALES FOR HIRE:

At our last Committee Meeting it was decided that we would purchase a set of 100 lb Government tested scales. These are to be made available to members on hire, when they go on holiday or for any other occasion that they wish to use them. If there is a good demand for these scales, another larger set may be purchased at a later date.

The cost of hire will be \$2.00 per week and a deposit of \$5.00 paid when the scales are picked up. The deposit will be refunded on their return.

Our President, Tom Corcoran, will tentatively be in charge of this set of scales.

This move is, in my opinion, a very sound one, as there have been a lot of good fish (some of them records) that have been refused or unable to be weighed to Club regulations on Government tested scales.

This may now be rectified if members are going somewhere where the "big ones" lurk, as they may hire these scales and thus be able to claim all Open Section entries and records.
