SEPTEMBER CLUB DATES TO NOTE:

NEXT GENERAL MEETING.

The next General Meeting of the Club will be held in the Buff's Hall Onslow Road, Shenton Park on Wednesday 10th September 1969, at 8 p.m. SHARP.

The Instruction Period will on this occasion be conducted by selected Club Members who will materially assist the beginners (like myself) by giving a practical demonstration of "FISH CLEANING and FILLETING".

IF YOU have some ideas for future Instruction Periods PLEASE let your Committee know!

DRYCASTING.

On Floreat Oval, Sunday 7th September 1969 at 9.00 a.m. SHARP.

Programme

L.L. Distance
D.H. Accuracy
S.H. Accuracy
D.H. Open Distance

FIELD DAY.

Rottnest Island, Weekend 13th and 14th September 1969 at 9.30 a.m. from Perth or 10.30 a.m. from Fremantle on the 'Panta-Rae'.

COMMITTEE MEETING.

The next Committee Meeting will be held at 1111 Hay Street, Perth on Thursday 18th September 1969 at 7.30 p.m.

DRY CASTING NEWS: by Les Reid. Assistant D.C.O.

While earlier it was thought that a poorly attended casting day was in store, finally 32 Members were present and some interested visitors. A couple of casters were noticed sneaking over the hill right on the starters whistle. Rudy and Ian you'll have to be out earlier!

It appeared as though "Hughie" was about to give us the proverbial "wet - ". However he soon relented and the day turned out to be fine with some variable wind.

During practice a number of "bulls" were heard, notably from BILL MORROW (2), GRAHAM ROSS and JOHN NUICH. This looked promising but in the actual events the only "bull" scored was by RON KILDAHL. Two other members in BILL BRIDGER and TOM CORCORAN, were unlucky not to have hit the target, but still obtained a nice 10 for the result.

Winner on the day was DOUG TALBOT with a total of 115 points followed by newcomer BILL MORROW 110 points and RON KILDAHL with 103 points came third.

Only three members reduced their handicaps and a comparatively new member (to Dry Casting anyway) in BILL MORROW won the L.L. Distance from DREW SHAW and DOUG TALBOT. For his win BILL MORROW loses a mammoth 62 on handicap. The longest cast was made by JOHN DEVITT (as usual) with 432 feet. Distances were generally down on the day.

Noticed an old member in BERTIE PAYNE trying his luck in the accuracy events. Good to see you along BERTIE.

GEORGE HOLMAN came from the ruck to take off the DH. Accuracy with 59/80. Second spot went to BRIAN LEICESTER with 58/80 and a tie for third with both DOUG TALBOT and JOHN DEVITT on 53/80.

In the Single Handed Accuracy GEORGE HOLMAN made it a double, finishing with 23/40. RON KILDAHL was not far behind with 21/40 and JOHN NUICH took third place with 18/40. As the scores indicate it wasn't a day for SH. Accuracy.

Dry Casting News. Contd.....

BOB TUCKER again showed his class with the S.H. rod in the open event, with a fine cast of 290 feet. GEORGE HOLMAN figured prominently and finished second with 270 feet. BRIAN LEICESTER gained his second placing on the day and finished third with 245 feet. It was noticed that some members were waiting for the tricky cross breeze to drop before casting. Did it help?

During the casting, RON SHIRLEY was noticed watching and talking to members, followed about by his faithful hound, who kept trying to wet on the assistants gear, much to the amusement of some members.

Next month the bag will be waterproofed!

Thanks go to all who assisted during the day and so made the programme an enjoyable one.

NEXT MONTH: 9.00 SHARP CAST OFF due to DH. open event.

TOP TEN CASTERS:

D. Talbot	299	+	115	=	414
W. Utting	304	+	87	=	391

A. Smith	99	-	1	=	98

AUGUST FIELD DAY 1969 - ROTTNEST ISLAND

Despite the forbodings of the weather-man, the Rottnest Field Day went off without a hitch.

41 members made the trip including 2 juniors.

Loading and unloading was carried out smartly due to George's Red, Gree and White ribbons.

Lofty Griffiths led a party to the caves with some success, being the only party to weigh in decent tailor. Lofty had 5 for $10\frac{1}{4}$ lbs and George Holman weighed 16 lbs of very mixed fish.

Syd Bannister found himself on the other end from 2 lively skippy, and having trouble disengaging them, made straight for the shore finding that a straight line isn't always the shortest way due to a decided variation in water depth. He arrived ashore minus one skippy plus a wet tail or more. I believe we also have a new formula breaking strain on lines stretched across caves carrying sodden clothes. The same clothes line caused some impediment to the nocturnal movements of members so necessary, after combating the effects of cold and reviving dampened spirits.

I hear that Ma and Pa Eagle kept Ernie Parker from his chosen spot. The next stop at Strickland Roadside Hostel saw Snow Tate and Coy some hatless, making off for the beach. From here came a couple of skippies, so close that we had the small scales in to decide the next leader of Section 8. It was Doug Newton by 1 oz. - 2 lb 8 oz is the weight to beat now. Hang on Doug! Radar next and away went the brave and hearty. John Devitt and Rick Rowland took the lead with $28\frac{3}{4}$ lbs each (mixed bags). John Sheedy had 27 lbs including an 11 lb Buff Bream that was the heaviest scale fish. Good to see you in the money John! Ted Savage, Val Pariera and Tom Cairns also weighed in well.

The use of the Fremantle Club hut meant that all had a bed and the cordial fraternisation between club members is much appreciated by your Committee. We will have to try that hamburger diet.

August Field Day 1969. Contd.....

The Club huts on Bare Hill were well patronised and soon the lads were spread from Ricey to Catherine Bay. It did my heart good to see Andy Shack pulling in skippy from Catherine Reef.

At Ricey, 2 newcomers, Bob Williams and Geoff Wheeler got skippy early. Later on Jack Donchue (No. 1) shoved John Thurlow how to land a skippy and John then proceeded to empty the pool and No. 1 didn't manage another fish! An old salt should know better.

Saw Ron McQueen and Rudy Merch fishing like shags in the morning, to top up their bags, Ron just missing the money with 28 lbs and Rudy to hold No. 1 spot on aggregate, Junior A Buchanan weighed in 6 lbs to give him a handy lead.

The new leaders list shows that anything can happen. A good bunched field so finished another enjoyable Field Day, with 369 lbs of fish - the bag coming from all parts of the island except Geordie, - better luck next time Bob!

The island supervisor complimented me on the way the chaps handled the loading operations and said it was a pleasure to have the club on the island - Keep it up chaps.

REMEMBER - SATURDAY 13th SEPTEMBER 1969 at ROTTO - MAKE IT A DATE!

NEAR NEW \$20.00. CONTACT R. TUCKER

LETTER TO F.D.O.

Dear Jack,

True, I lost a Skippy and fell in the water - not once but twice. I also lost a plastic shoe trying to imitate GEORGE HOLMAN out on the reef, ripped open a pair of plastic trousers and had a cold for the following week - BUT I thoroughly enjoyed myself just the same for several reasons.

The comradeship that existed was wonderful - the type of comradeship that can only be found among men with a common purpose and peace of mind, which is invaluable in this day and age. My thanks go to the party I was with, for putting up with me and for allowing me to learn a thing or two. (just wait till next time!)

I also came home for the first time from a field day with some fish - the two I caught, plus some given me by a more expert and generous member. - they were beautiful. So Jack, please put me down for next time when I will be a little better prepared, even to a nylon clothes line and pegs.

Regards.

EDITOR.

APPLICATION FOR MEMBERSHIP:

The following applications for membership to our Club have been received. If any member has any reason why any of these Nominees should not be accepted as members of our Club, would they please contact any Committee Member.

EDITOR'S NOTES:

If you were not at the August General Meeting you missed hearing **ROLEY McKAY** the fish expert from the W.A. Museum, talk on poisonous and venomous fish of W.A.

Roley spoke of blowfish, boxfish and porcupine fish in one group, chinaman fish and red bass in another group and the occurrence of seasonally poisonous fish.

The venomous fish included the scorpion fish group, stone fish group, rabbit fish, stingrays, stingarees, cobblers and catfish.

He also referred to the group which can cause injury by mechanical means i.e. fin and body spines, gill rakers and tail spines as in surgeon fish and tail scutes as in large trevally. His excellent talk was illustrated with preserved specimens and color slides.

NORRIE CROSS of East Bullsbrook (that's a long way to come from to attend a meeting) enjoyed Roley's talk so much that he sent the

Contd.....

following: (for which we are indebted)

Consequent to Roley's interesting lecture on poisonous fishes at the August General Meeting, the following article by a female member of the reporting staff of the "Pacific Stars and Stripes", W.A.C., S.F.C. Jean Bienert, may be worthy of inclusion in Reel Talk.

"A NERVE-WRACKING BLOWFISH TOOT"

It's a dish fit for a king, but not for an emperor. Not the Japanese emperor, at least. He is forbidden to eat it; it might poison him.

It might poison anyone, for that matter, but millions of Japanese gobble down 7,000 tone of fugu, the fatal blowfish, when it's in season.

The season is now, so my assignment read "do or die (if you must) at the Tsutaya Restaurant". They serve fugu. I saw my lawyer, made out my will, then headed on to eat dinner.

The Tsutaya Restaurant comes well recommended by the Diner's Club. I was happy to know this was an approved place to die. Inside I discovered several small private dining rooms rather than the usual large single room. Could it be that the reason was not so much for private dining, but for private dying? I tried to forget the notion.

I knelt on the zabutor. If my knees hadn't been shaking so much, kneeling would have been easier. Shortly a waitress placed a plate in front of me.

Sliced sliver-thin, the white meat appeared almost lacy with the veins tracing delicate patterns in the flesh. It looked harmless enough, but I wasn't allowing myself to be fooled by appearances. My palms were sweating.

Holding my chop-sticks with one hand and feeling my pulse with the other I dipped the fish into its accompanying sauce and ate it. A minute elapsed. I breathed a little easier, thinking myself out of danger. The lethal poison tetrodotoxin is an ingredient of the fugu's entrails. It takes only minutes to attack one's nervous and respiratory systems.

Contd.....

Had I swallowed even just a little poison, a doctor could only pump my stomach and hope for the best. No antidote is known. This fact doesn't discourage fugu connoisseurs, but I was scared stiff.

I asked the waitress to tell me more about fugu. She said it's illegal for just anyone to buy the fish for home-cooking fun. If you really are intent on cooking it yourself, you must first find a licensed fugu chef. Then spend 60 days following his directions and practising on at least 3,000 fish.

Once you feel adept at removing the poisonous parts, you prove your proficiency to Japan's Fugu Association. If you can pass their test, you're allowed to purchase and serve the blowfish.

The old saying "practice makes perfect" apparently doesn't hold true for even the skilled fugu chefs. Over 200 fugu eaters still die annually.

In Tokyo a hundred first-class restaurants buy the fish already butchered under Fugu Association supervision. About 700 other restaurants prepare the fish themselves.

For the fugu consumer's protection, a Japanese Ministry of Health regulation requires each restaurant to have a telephone and be reasonably close to a doctor.

My knees were a little less wobbly now. I was thinking the danger period must have passed by now. Anyway the telephone and nearby doctor were reassuring I took a big bite, almost enjoying it.

Suddenly I felt myself getting numb all over. My chopsticks went "plonk" on the table. Had I just become another fugu statistic? No, it was also my first experience at drinking sake!

Thanks Norrie. (Ed,)

NOTES: from the Committee Meeting held on the 21st August 1969.

Among the many items of business discussed, some of the more interesting to Members are as follows;

CONSTITUTION:

It was Resolved that Messrs R. Klein, T. Ellis, E. Savage and S.E. Bannister be asked to form a sub-committee to draft a new Constitution.

All Members of the Club are invited to submit in writing to the Assistant Secretary, details of any matters which he feels the new Constitution should cover.

CLUB MEMBERSHIP:

From time to time it has been suggested that Club Membership should be restricted. At this point of time your Committee is reluctant to take any steps to limit Membership, due to the fact that not all subscriptions are paid, as a result of which there will probably be a loss of Members this financial year. New Clubs are being established which will also relieve pressure of Membership in this Club. JIM STRONG reported on one of these new Clubs - the West Coast Angling Club.

SCORING AT DRYCASTING:

The current method of scoring on Dry Casting days has brought about some criticism, which is being investigated with the view to possibly altering the method of scoring. This however is a long range plan and must take some time and consideration before any move is made.

TROPHIES:

The Club requires 50 to 60 trophies each year and your Assistant Secretary has undertaken the task of securing trophies. Any member wishing to donate a trophy is invited to contact him.

FIELD DAY VENUES 1969/1970

<u>MAY</u>	GARDEN ISLAND	<u>NOVEMBER</u>	LANCELIN - WEDGE
<u>JUNE</u>	ROTTNEST (NOT L/WEND)	<u>DECEMBER</u>	MOORE
<u>JULY</u>	GARDEN ISLAND	<u>JANUARY</u>	LANCELIN - WEDGE
<u>AUGUST</u>	ROTTNEST	<u>FEBRUARY</u>	PRESTON
<u>SEPTEMBER</u>	ROTTNEST	<u>MARCH</u>	MURCHISON RIVER
<u>OCTOBER</u>	JURIEN BAY (L'WND)	<u>APRIL</u>	YALLINGUP

FIELD DAYS:

Field Days are held on the weekend following the General Meeting each month. Boat timetables and other relevant details are published in the current issue of "Reel Talk".

DRYCASTING DAYS:

Are conducted on the FIRST Sunday of each month, and are held at the Floreat Park Oval. Starting times and programmes for casting are available simply by contacting the Casting Day Organiser.

SUBSCRIPTIONS:

Subscriptions for the current financial year are now almost OVERDUE.

Any member whose subscription is in arrears for three consecutive months shall be deemed to be unfinancial, and the Committee without further notice, may terminate the Membership of such person.

SENIOR NOMINATIONS	-	\$6.00
SENIOR SUBSCRIPTIONS	-	\$6.00
JUNIOR SUBSCRIPTIONS	-	\$2.00
