INSTRUCTION PERIOD:

Our social organiser has arranged for the usual Christmas spread and all members are reminded of this function. Come along and socialize for Christmas, spin a yarn and have a glass of cheer.

Note - This is a MEMBERS ONLY evening.

NEXT COMMITTEE MEETING:

The next committee meeting will be held in the Buffaloes Hall, Onslow Road, Shenton Park, on Thursday, 20th. December, 1973, at 8 p.m. sharp.

DECEMBER FIELD DAY + Lancelin - Wedge.

A nice short trip before Christmas - just 80 or so miles up the coast to tailor, kingy and shark country. Just the trip to make to sharpen appetites and enthusiasm for the holidays.

CERVANTES FIELD DAY - 17th. 18th. November.

Good weather, 48 members, 252 lbs. 10 oz. of tailor, herring, flathead, shark and snook all combined to produce a good field day at Cervantes.

Most of the members went to the Hull River area and this is where the bulk of the catch came from. Best bags were P. Issbister 21lbs. 1oz - heaviest bag; R. ROWLANDS 16lbs. 15oz; R. FREDERICKS 16lbs. 4oz; G. HOLMAN, 13lbs; E. BAILEY 10lbs. 6ozs; and other good bags mentioned in Reel Talk.

Although the fishing was good, there were a few mishaps incurred on the road. Ron Kildahl lost part of his exhaust system and broke part of his windscreen. Someone said the Rover is up for sale. The other mishap is going to cost a member a lot of money in George Holman. Arrangements were made for certain members of George's group to travel in convoy, but the need for those few to get home really fast, cost George a new motor.

On a brighter note, eventual winners were:-

- | | | |
|-------------------------------|------------------|------------------------------|
| 1. Heaviest Bag of Scale fish | - P. Issbister | - 21lbs. 1oz. |
| 2. Most species of fish | - B. Fredericks | - 16lbs. 4oz. (4 species) |
| 3. Heaviest Shark | - G. Baskerville | - 21lbs. 10oz. |
| 4. Heaviest Scale fish | - R. Rowlands | - 4lbs. 1oz. (Mulloway) |
| 5. Heaviest Junior Bag | - G. Singleton | - 6lbs. 4oz. (Tailor) |

Until Wedge, good fishing.

ANYTHING TO SELL:

Members are encouraged to use their Reel Talk if they have fishing gear to unload. Things like that old rod not used since 1963 or that reel that is never used but is in good nick. There just maybe a member who needs such a piece of equipment.

If you furnish details - in writing - to the Secretary, he will see that the information is printed in Reel Talk.

DECEMBER FIELD DAY:

This particular field day always has a good attendance and as a result members have a satisfying social weekend even if the fish aren't about. But when the fish are there too, well, such club runs are really memorable.

Boundaries - Members may fish between the areas bounded by the Lancelin Rubbish Tip in the south to a north point on the beach as far as you can drive north of Wedge Island. Sign on and weigh in times are printed in the front of Reel Talk.

Remember, gentlemen, that you will be operating in an area where the two shires concerned are very environment conscious. The club has a speed limit of 35 m.p.h. on the beach and regulations regarding flags on vehicles - please remember these.

Please bury all rubbish or take it away with you. The 'bone' was pointed in this clubs' direction last year because a few members forgot.

Let us hope this field day is a truly memorable one from an angling and social point of view and not for its indiscretions.

ACKNOWLEDGEMENT OF TROPHY DONORS:

We would like to express our thanks to the following trophy donors for making available trophies for our club competitions and at the same time, extend an invitation to anyone else who would like to add his name to our list of donors.

200 CLUB RAFFLE

All 200 tickets have now been distributed, so all that remains is for us to sell them.

Members, we must sell all the tickets by next General Meeting which will be held in December.

Any member holding tickets who feels he will not be attending the December meeting, must ensure he forward the butts and money, by the 31st. December, 1973, to:-

The Treasurer,
S.C.A.C.,
28 Kemperfeldt Avenue,
SORRENTO. 6020.

Remember, support your club by selling the tickets you have. For this raffle to be successful, we must sell all 200 tickets. You may win \$400 cash and/or more than one minor prize of \$20 cash.

POINT WELL TAKEN

A member mentioned at a general meeting that the Reel Talk had lost some of its lustre because members have not been forthcoming with articles. Well now that this point has been raised, members, it is hoped that someone will endeavour to put pen to paper to restore Reel Talk to its previous level.

Articles with a natural bias towards angling, not only enables editors to make up a full magazine, but add important variety of opinion, advice and enjoyment to those members who read Reel Talk.

"TOASTERS" TITBITS

After considerable negotiation and expense, the services of a "social writer" have been acquired. These jottings are intended to be a regular part of Reel Talk so now there will be a spy in the ranks of the members searching for such snippets.

"Tangles" Lundy, who holds the record in this club for using the most line on the shortest cast, has been in touch with higher powers in a desperate attempt to organise some more clement weather for future drycasting mornings.

Have YOU read the article in this months' publication regarding the competition - short pause while you go back and read it! Now that it is read have YOU written a critical appraisal or are YOU quite happy with the present set up.

Good to see Tony Howson at the last general meeting. He has been catching good fish too! Have a look at the Open, Section 6.

What a great job our volunteer Social Organiser Ron Kildahl did at our club picnic. Budding golfers, horseshoe tossers, softballers, footballers, tunnel-ballers and food consumers were given full rein to exhibit their talents or lack thereof.

All '200 club' tickets are out now and some members want to sell more. Remember to return quickly, all unsold tickets so that they can ALL be sold. Form a syndicate - pool resources - it works!

Old "Tea-cosy" and his son continue to prove their worth as fishermen with good catches, particularly Mulloway. Wonder what technique is used to enable these two to locate any mulloway within a farmer's mile of any fishing spot.

Les Reid once again was able to assist the club in providing a memorable screening at our last meeting and that film of the Ptomac River certainly gave some people cause to think about the environment pollution and water requirements. All members of the club must surely be grateful to Les for his generosity.

Speaking of generosity brings to mind the sad story of a member whose impressive looking buggy "blew up" on the beach. Assistance was required and not many were around to render. But in typical S.C.A.C. fashion, "Tiny", "Ribs" and son came to the fore and helped George in his predicament. George was more than grateful!

Isn't it amazing how a relatively quiet and unassuming gentleman can sometimes turn into a competition giant over night. Phil. Is. with 2 sections and 'sportsman' points is really burning at the moment.

Members are probably wondering whether there are any more Singletons around. There couldn't be more than two star (or is that tin-star) fishermen in the one family - or could there?

The club's own "hippy" did a great job on those 200 club tickets - of that we are quite 'shaw'.

THE NEW COMPETITION

By the time members receive this issue of Reel Talk, the Club's new competition will have been in operation for eight months. It is time for appraisal of this scheme.

Already there has been rumblings and discussions as to the scheme's attributes and shortcomings. Rumblings, murmurs and heresay are not really sound bases for reconstruction, if necessary.

Members are invited to submit in writing their own personal views of the present format because nobody believed that this system would have no 'bugs.' Such opinions should be forwarded to the Secretary, or to any committee member.

Such questions to be examined might be:-

- (a) Does every member have a fair go?
- (b) Does this type of competition encourage conservation?
- (c) Are members really encouraged to alter their gear to chase the various species?
- (d) Are the 'reef' fish being un-necessarily destroyed?
- (e) Are 'more mobile' members being given an advantage?
- (f) Is four of each species to be weighed in, enough?
- (g) Should certain species be eliminated? If so which ones?
- (h) Is the competition in its present form in the best interests of the club?

A committee decision on the alteration in competition rules, which effects so many members, is not the best representative decision.

Before very long, certain decisions relative to the 1974/75 season are going to have to be made. If the members generally are happy to continue along existing lines, then committee will have an easier task.

So, members, don't leave it until it's too late. Most members are well aware that much discussion has been going on. The club can benefit from these discussions if the points are outlined to all the members. At the moment, the sea, birds and sandhills are the only objects to hear. This is sad! It is sad because all the useful, constructive criticism that members suddenly come up with in these impromptu situations are lost sometimes forever.

Let the "Reel Talk", official communication of the club, carry your comments and suggestions. This is the only way that the club will best be able to streamline its activities to the satisfaction of most members.

CAR TRIAL - PICNIC held 28th. October - Walyunga National Park.

Twenty Seven cars arrived at the destination of the picnic after the car trial which wasn't too difficult as one member always seems to know where he's going. Yes, I mean Tom Smith who once again clocked in at the nearest time less 45 secs. These 27 cars represented about 100 men, wives and children. I was very pleased with the attendance on the day and the sweets and icecreams soon disappeared. There would have been more Ginger Beer (2 gals. more) but someone's little darling?? turned the tap on and vanished, and so did the drink.

Although we managed to hold three B.B.Ques it was good that everyone was gathered together. Nobody knew whose meat was whose, particular Mr. President. As he couldn't wait, thought he'd eat mine as an entree. I soon put him right.

A side of lamb was raffled during the day and the winner was Trevor Stam. Stam family had enough lamb for a week or two.

We played Gold (hole in one) - Ladies and Gents. After all the ladies had their turn. There were Golf balls everywhere. Nevertheless, better than the men. Heather Sullivan was the winner. Then came the men, and G. Baskerville won. After all, they were his golf clubs.

Ladies also played horse shoe throwing. Once again the ladies were by far the best and Laurel Jenkins was the winner. The mens winner was Rick Sullivan. The Sullivans were in fine form.

Tunnel ball was played by the children. No. 1 team won 3 games to 0. There was a game for one and all in Football thru the hole and our winners were -

| | |
|----------------|------|
| Steven Renshaw | 1st. |
| Jim Strong | 2nd. |
| Ron Flynn | 3rd. |
| Tom Smith | 4th. |

The winners in the childrens horseshoe event were Les Perira and Lynnette Liecester.

My thanks to President Tom and Ron Flynn who helped at the check out point and Graham and Bill at the check in point, and other helpers during the day.

Our next social will be our Xmas meeting. Members are advised that this is 'members only' so if you have any visitors, please do not bring them to this meeting.

Ron Kildahl - Social Organiser.

NOVEMBER CAST

Gus and I succeeded again! We turned on a few showers to cool the reels down. The wind conditions were very good for casting as will be seen from some of the distances cast, and even though it rained a little, the main casting events went through fairly well before those competing in the single handed open got saturated.

There were 24 members in attendance, these being made up of 21 seniors and 3 juniors.

The day winners in the senior section were Dennis Green and George Holman with a tied score of 120 points each, followed very closely by Jim Oxley with a score of 118; well done Jim. Next was the President, Tom Corcoran with a score of 111 points with Brian Leicester bringing in a score of 101.

The best of the juniors was Don Taylor with a score of 80 followed by Mark Tucker with 63 and Geoff Renshaw with 62.

L.L. DISTANCE

We ended up with a clear winner in this event with John Devitt putting down three casts over 400 feet and the longest cast being 481 feet, to give him a score of 47 points. Next with a score of 38 was Bill Utting, followed by 3 members on 36, these being Dennis Green, Tom Corcoran and George Holman with Don Taylor being the best of the juniors with 34. There was the fair share of break-offs with Brian Leicester, Graham Baskerville, Roy Lundy and Eric Parker leading the way.

D.H. ACCURACY

This resulted in a tied score between Jim Oxley and Dennis Green both of them scoring 61; the nearest score to them was George Holman on 53, followed by Tom Corcoran on 47, with Brian Leicester, Graham Baskerville and Bill Utting all on 40. The best of the juniors in this event was once again Don Taylor with 36.

S.H. ACCURACY

The leader in this event was Brian Leicester with 25. Then came Ron Kildahl with 22, followed by George Holman 21, Terry Fuller 20, Tom Corcoran 18 and Jim Oxley on 16. In the juniors Don Taylor bombed out with a zero to leave Mark Tucker in front with 9 points followed by Geoff Renshaw on 4.

S.H. OPEN

Once again this event turned out to be a bit disappointing in the fact that only 6 members availed themselves of the opportunity to cast. The best of the casters was George Holman with 269 feet, John Devitt 240 feet, Brian Leicester 218 feet, Tom Corcoran 208 feet, Dave Latto 190 feet, and Roy Lundy, 150 feet.

It was good to see one of our newer members in Bob Brown along to try his hand to do reasonably well on the day. While a lot of the attention in the top twenty seems to be paid to the performances of George Holman with 816 and Brian Leicester on 695 it is good to see the performances of the next two casters in Dave Latto 609 and Jim Oxley 606.

Look in the front of the REEL TALK for details of the December Cast, We should be able to break our run of wet casting days, we hope, and see a lot more members along to partake in a mornings competition which is inexpensive, a great social outing and gives the benefit of competition.

As Drycasting Officer, I have noticed that we seem to be getting a few juniors joining the club but they are not coming to Drycasting. So come on Dad - out of bed on the Sunday morning and bring them down, or if you contact any member who lives nearby, I am sure they would be only to glad to bring them with them.

Roy and Gus.

A.A.A. OF W.A. REPORT

At the Novemember meeting of A.A.A., the notice of motion re inclusion of sharks in the 1975 Australian Championships at Albany, was carried 16 votes to 4.

The competition organisers for Preston Beach have been granted permission by the Shire for the Open Championship on the 23rd. February, 1974.

A Report was tabled from a special meeting regarding the forthcoming boat championship in March by Laurie Birchall who was made the F.D.O. Sixteen rules were put forward and the boat clubs agreed with all these. There will be two sections:-

- (1) Boat championship (all fish to be weighed in).
- (2) Deep Sea Championship (fish over 1 kilo).

Entrants must nominate which section they wish to enter and may enter both if they pay both fees (\$1.50 per section). The championship will be held locally on the 31st. March. Points will be 4 points per kilo and 1 point per fish.

Roy Lundy then tabled a report on the forthcoming State Dry Casting events, which are a lead-up to the Australian Championships at Albany in 1975. There will be three events - two local, and one at Albany - to be held in 1974 culminating in a State Championship at the Albany venue. Members will be notified later, as to the dates, or our members can query Roy Lundy (who is the State D.C.O.) at our general meeting.

The following records were passed:-

Mangrove Jack, 11lb. 2oz., Shore, K. Baliss (Exmouth).

Red Emperor, 19lb. 8 oz., Shore, K. Baliss (Exmouth).

Eel, 14oz., Boat, M.C. Carr, (Rottnest).

Pike, 9lb. Boat, Dorothy Hamether (Marmion).

Salmon, 15lb. 2oz., Shore, A.G. Blakely (Esperance).

Turrun, 45lb., Shore, Peter Suckling, (North Kalbarri).

G. HOLMAN.
