NEXT GENERAL MEETING:

The next General Meeting will be held in the Buffaloes Hall, Onslow Road, Shenton Park on Wednesday, 8th July, 1970 at 8 p.m. sharp.

INSTRUCTION PERIOD.... as the July meeting incorporates our Election of Officers there will be no instruction period. A more suitable past-time other than listening is on the latter part of the agenda, that of bending the elbow and supper.

NEXT COMMITTEE MEETING:

The next Committee Meeting will be held in the Buffaloes Hall, Onslow Road, Shenton Park on Thursday, 16th July, 1970 at 7.30 p.m.

JULY FIELD DAY - GARDEN ISLAND:

This venue will take place on Saturday 11th and Sunday 12th July at Garden Island. All particulars are contained herein, so don't stop home this time.... come along and enjoy yourself and who knows, the fish might even be on the bite!!

JULY DRYCASTING:

This competition will be conducted at the Floreat Park Oval on Sunday, 5th July, commencing at 9.30 a.m. Casting will consist of the usual level line, double-handed and single-handed accuracy events. There are quite a few members who would do well to dust the cobwebs off their rods and oil a few rusty hinges and at the same time their attendance will be encouraging to our hardworking drycasting officers, Brian and Les. You never know, you may even have a very enjoyable morning!

LIFE MEMBERS:

MESSRS. D.C. BROWN, V. DAVIS, L.M. DUNN, D.O. EDWARDS, N. KNIGHT and L. SHAND.

JUNE FIELD DAY:

LUCKY BAY-WAGOE.

At last the long weekend had arrived and our long awaited venue with Northampton was on.

Just after lunch the Kombi left with Jim and Jack No. 1, as passengers and of course, Kylie the dog slept all night in the Kombi to make sure she didn't miss out.

The weatherman had slight misgivings but we had high hopes. It always gets finer as you get further north we told each other hopefully. About halfway up we found we were driving into a Norwester and on reaching Dongara we ran into a deluge which continued most of the way to Northampton.

Arriving at George Pul's Golden Fleece Service Station, we were told that it had been raining all day there. A cup of coffee, and we went on to Tunney Barnden's house and made ourselves comfortable in his garage. Nice to have a roof overhead that night.

Whilst having breakfast next morning a phone call came from George. Some of the lads had driven through the night, so I told them to come out to Tunney's place and we would give them directions. Quite a few 4-Wheel Drives arrived and chaps poured out from everywhere. How they all got in in the first place amazed us. Tunney was busy drawing mud maps for the chaps and giving directions and how much mud we really didn't appreciate until we left the main road.

Got those going and then into Northampton to meet the rest, who all arrived early. Seems we can get an early starting time next time up.

Wagoe was definitely out, so we all made for Lucky Bay. I led the last convoy and the old Kombi never missed a beat, through mud and water and a multitude of gates and finally we reached the camp site. As the President said to me, "A nice bit of navigation Jack". Selwyn Browne, in his 1954 Guardsvan, just floated in and the other conventionals also made it without assistance, but it was nice to know that a 4-Wheel drive was handy. It was also nice to be reassured that no matter how bad the track got later on the 4-Wheel drive boys would see all out. This is the spirit I like to see in our club.

The sea seemed to be really pounding but on inspection there was plenty of fishable water behind the reef. The chaps set up camp; some under verandahs of huts and some in the open, and then made for the beaches.

Rudy was first away and soon had a nice mulloway on the beach, but alas, it was too soon, only 3.30 - stiff luck Rudy!

It's a nice start for the open section though. Ted Savage had a nice tailor of 8 lb 4 oz for openers - a taste of things to come.

Early to bed was the order Saturday night, and it was wet and windy, but no serious damage was done. Sunday turned out cold but fine. Tunney came out and told the boys to fish Northwards, and he proved a good judge. Leo Clarke from the Shell Garage also came out and helped transport the lads north. Then the big tailor started to come in, 11 lb 10 oz by Derek Blairs was a beauty; 9 lb 4 oz to Snow Tate; a 9 lb 6 oz was amongst George Holman's bag of beauties, and quite a few other good ones were weighed in.

Norm Risbey had some nice tarwine to add to the variety, a 3 lb 3 oz skippy to Bill Morrow to take off that section, and of course the inevitable salmon was there; a 9 lb 8 oz earned Doug Talbot 2 points as the heaviest scale fish by a member.

The poundage was not great but the potential is unlimited, particularly if we can get up to and fish Wagoes in suitable weather.

On Monday the universal opinion was that another Field Day there couldn't come soon enough. I will put it to the committee as we have a long weekend in October, and the Northampton boys would be glad to see us up there then. Their busy season should be over and they could fish along with us, also the weather should be much kinder then. So many thanks to Tunney and his mates who helped me to introduce this club to a new area with such great possibilities, and so get our fishing out of the rut it has been in lately, and to implement the aims I outlined when I took over as your F.D.O. 12 months ago.

Don't forget Garden Island next month. I have good news for you. The beds will still only cost 75 cents, but will be in the big hut we used to occupy a few years back.

Jack, F.D.O.

UNORTHODOX ANGLING:

It was brought to the notice of the committee that an unorthodox and unacceptable angling method is being used to place large baits out into good fishing water beyond casting distance and when the wind is unsuitable for ballooning. This is achieved by taking the bait out by boat and dropping it in the desired position.

This type of method is not acceptable in both of our competitions and action will be taken against an offender.

OPEN SECTION NOTE:

The open section has got off to a great start with four good entries. These fish are all very good entries and will take a lot of beating, so members will have to do some fancy fishing on their free week-ends!

NOTICE TO TROPHY WINNERS:

Members who have won trophies for the season and who were unable to attend the Annual Dinner and Presentation of Trophies Night, are to make their own arrangements for obtaining these with a member of the Committee.

GARDEN ISLAND FIELD DAY - JULY 11/12.

Boats leave Palm Beach Jetty at 9.30 a.m., 11.45 a.m., and 2.00 p.m.

All beds booked will have to be paid for on the night of the next meeting and all beds ordered at Garden Island will have to be paid for. We can have one big hut at 75 cents per bed or the smaller huts at ONE DOLLAR per bed - it's up to you chaps. The big huts can be fun, providing your next bed mate doesn't snore - and who doesn't snore; nobody?

Pack your gear properly and make sure all packs are well fastened as we sometimes have rough loading at Palm Beach.

Fishing times 4 p.m. Saturday to 8 a.m. Sunday.

Unfortunately I will not be with you, my wife insists that I attend the wedding of our oldest son.

Good luck. Boat leaves Garden Island on Sunday at 10.00, 12.15 and 5 p.m.

F.D.O. - Jack

4-WHEEL DRIVE REGULATIONS:

It was resolved that all vehicles carry a flag whilst driving on beaches or tracks. Vehicles on tracks and beaches to have a pole carrying a flag or bunting of some description to stand 10 ft from ground level.

Any vehicle travelling on beach should not exceed a maximum speed of 40 m.p.h. and members to drive with caution when other people sighted on beach.

All vehicles entering or leaving the beach should preserve vegetation at all times.

All members to observe local Shire by-laws.

SOCIAL NOTE:

It would seem that Don Wood is pretty competent in another field besides angling. Congratulations go to Don and his good wife Lois, on the safe arrival of their first child, a BOY, (CRAIG). A little gaff-boy for Dad.

WAGOE/LUCKY BAY a new venture:

Last month saw a great step forward into a fishing area of fantastic potential, our venture to Wagoe/Lucky Bay. Even though the weather could not have been worse, it was a real adventure to all who made the 400 mile journey.

Our Field Day Organiser, Jack Harvey, showed foresight in organising the venture and must have been very pleased with the attendance considering the weather conditions and distance.

A sound bond and great friendships were made between our Club and the Northampton Club and its members. This is something to cherish and should be given every opportunity to strengthen in the future. Great benefit would be gained from this association by both clubs.

There were incidents and experiences that all who attended will remember and some they will laugh at for quite awhile. Most of all, they will remember the exceptional looking water and reefs conveying real angling.

Too much time must not pass before we have another combined field day with the Northampton boys.

Editors Note: In my opinion this area has more than great potential for the little of it I have seen. Given good weather, all members who are prepared to make the trip and fish, would reap the rewards.

As far as cost goes, if members give thought to their arrangements a good few weeks before such a venue and combine with their mates, the cost would be about 10/12 per head. Four to a vehicle with a trailer for gear makes it economical. If the four-wheel drive boys help those who are not so fortunate to own one on such occasions there are no obstacles that cannot be overcome.

To work together and help one another makes a Club such as ours.

CASTING CAPERS

A sincere apology to BILL UTTING, somehow Bill's figures for last month were not included (we have the C.I.B. on the case) in "Reel Talk". Never the less, there was no complaint from Bill on this error.

Some discrepanceys inevitably appear in a periodical and should be pointed out, that no-one is infallible, leastways Brian and myself. Normally we put in quite a lot of effort and time to make sure the results are correct. Our boo-boo Bill.

(Note from the typist, have checked back on records submitted for last month's "Reel Talk" and find that Bill's name was not listed on sheets (submitted for typing, therefore, cannot type what is not there.)).

Precisely at 9.00 a.m. the whistle was blown signifying the end to the practise session (no bulls were scored) and after some discourse the markers were elected for the S.H. OPEN. The voting was 25 for BRIAN and I to do the marking and 2 against. (You've guessed it).

There was a total of 27 active members present, one non participating junior (MARK TUCKER) and two interested visitors in BOB LESLIE and DAVE POWER. (Have we two possible new members)?

Some excellent casting resulted from the S.H. OPEN, the first event for the day. BOB TUCKER seems to have this event pretty well tied up and so it proved, Bob's effort was 285 ft. Providing good competition was GEORGE HOLMAN, who with a personal best cast of 272 ft ran second. This is good casting by these two with a S.H. rod, as a lot of anglers would be happy with those distances with two hands. Third was RUDY LERCH with his best throw to date of 228 ft.

"Goal" went the cry as RUDY'S first shot in the L.L. Hop split the centre of the goals at the Northern end of the ground. You might wonder what RUDY was doing playing football at drycasting. Well actually it was the result of a B.O. and all part of casting it seems. Needless to say, RUDY, made sure that the lead stayed attached on his second and third shots.

Others to suffer from this disease were DICK HOLLAND, (nice to see you on deck again Dick), JOHN NUICH, VAL PEREIRA, BOB TUCKER and not to disappoint me, SNAPPER PARKER also scored one.

Only five members failed to incur penalties in this event, part of which was conducted in driving rain, the cross wind was extremely strong all day. Greatest offender was H.Y. HEW who copped the maximum penalties. (Better luck next month Hewie). Even DOUG TALBOT threw one out to see what it feels like. Feel free anytime Doug.

I shouldn't be throwing bricks at glass houses, however, it must be said (although you all know) that you are wasting a lot of valuable points.

Average points lost by a B.O. is approximately 12, enough to make the difference between a good and bad day.

The winner of the event turned out to be none other than BRIAN LEICESTER whose effort gave him a creditable 53 points. Of course Brian has 24 deducted from his handicap to give him a new handicap of 144. Brian was the only member to reduce his handicap, so we will look forward to next month to see more handicaps reduced. BILL MORROW threw well during this event with his overhead geared reel combination and steadily improved. ERIC PARKER and BOB TUCKER were sending them down, but as mentioned previously, both had a B.O. to restrict their score. Others to figure prominently were DAVE LATTO who almost cast to his handicap, BOB TICHBON and BERTIE PAYNE. GRAHAM BASKERVILLE stole the limelight, as far as distance goes anyway, almost equalled his handicap, a good effort considering the weather. Graham had the longest cast of the day with a very creditable effort of 414 ft. Nice going Graham.

Due to the inclement weather and a real pea-souper towards the finish of the events, did not help accuracy events or distance, this much can be readily seen from the accuracy section. Naturally there were exceptions, and these members usually figure well in this event. Tied on first place in the D.H. Accuracy were BILL UTTING and JOHN NUICH. Also a dead heat for second position with BOB TICHBON and DOUG TALBOT. The scores for those four exceptions were 46/80 and 45/80, not bad you must admit. Third in this event after a lapse with his first cast was BOB TUCKER, with a score of 37/80. BILL UTTING gave the bull heart palpitations, short by four inches.

Having a successful day was BOB TICHBON who won the S.H. Accuracy with his effort of 24/40. Not far behind, but with 22/40 was myself, closely followed by SNOW TATE with 21/40. Snow had a miss with his third shot unfortunately, otherwise the results could have read differently.

There was accurate throwing at times with quite a few members notching up 10 points for a cast. Among these were BOB TICHBON, IAN McLENNAN and DAVE LATTO. Others to cast well were RUDY LERCH, DOUG TALBOT and a lot of scores could have been better but for that miss.

Winning the day for this month was BOB TICHBON who scored good points in each section, his total being 128 points. Second was DOUG TALBOT (same remarks for you Doug) with 121 points. BILL UTTING finished a creditable third after a lapse in the S.H. Accuracy and D.H. Accuracy, with a score of 119 points.

JOHN NUICH and GEORGE HOLMAN finished well up in the points tally as did DAVE LATTO.

As a result of the day's events, the "TOP TEN" received a slight reshuffle and finds BOB TICHBON on top. DAVE LATTO and BRIAN LEICESTER have now moved in at the expense of ERIC HILL (absent) and BOB JENSEN whose S.H. Accuracy was found wanting.

ANNUAL DINNER AND PRESENTATION NIGHT:

Just over 120 people (members and their wives with special guests) were present at our Annual Dinner and Presentation Night. This evening is regarded as the premiere occasion of the Club's year and this certainly proved to be the case. The members who were not present don't know what they missed!

Credit must go to our Social Organiser, "Snow" Tate, for his efforts and to those who helped him.

The evening commenced with sherries and members and their wives took this opportunity to commune with one another as it is the one occasion when all are together to enjoy themselves. The women all looked very beautiful in their outfits and of course, those hairdos were great.

At 6.30 p.m. the sit-down dinner commenced and as the meal progressed, (the hot meal enjoyed by all), the various toasts and proceedings were carried out under the very capable gavel of Doug Edwards. The toasts were responded to and after this segment the presentations were carried out.

Credit must go to Henry Bester for his display of the trophies.

Our thanks is also extended to the trophy donors for the very fine array which was admired by all present.

The climax to the evening was the presentation to last year's "Sportsman of the Year" winner, Bob Tucker, and the announcement of this year's award. It was my honour to be the recipient (Ed.)

After the formalities were finalised and a surprise presentation from the Northampton Club was presented, the evening went into its less formal and lighter side, the cabaret.

This segment got going with a swing to the music of a good band and was later climaxed by a splendid portion of good entertainment and musicianship by two young entertainers.

This segment was thoroughly enjoyed by everyone going by the laughter and the pleased faces present.

Amongst these faces were the special guests and also Tunney Barnden and his wife from Northampton. Terry Fuller and his wife Laurel also came up from Albany for the occasion and it was good to see them once again.

At midnight, everyone reluctantly departed for their homes (and a few late parties) thus ending a very enjoyable evening.
