REEL TALK PAGES No. 2.

NEXT GENERAL MEETING

(JUNE)

Our June General Meeting will be held in the R.S.L. Hall Bay Road Claremont, on Wednesday 9th June 1965, and will commence 8 p.m. sharp.

INSTRUCTION PERIOD

Rod making appears to the newer member to be an accomplishment in excess of their ability, and as a consequence they appear somewhat loth to manufacture their own rods, but in reality, this is, when shown how, quite an easy achievement, (far easier than locating fish in my opinion), particularly so when shown by experienced Club members. At our next General Meeting, Bob Tucker will demonstrate how one goes about making a Double-Handed Glass Rod, from tip to butt, and Allan Bunnet will advise on the Single-handed Rod.

New and old members alike should benefit by this instruction period, particularly any member who is contemplating a rod construction job in the future. Save money by making your own rod.

LAST COMMITTEE MEETING.

(MAY.)

The May Committee Meeting was held in the Master Painters Accosiation Hall, and with a large amount of business to cover, did not finish until 10.30 p.m.

NEXT COMMITTEE MEETING

(JUNE)

The next Committee Meeting will be held in the Masters Painters Association Hall, 80 Hay Street West Subiaco on Friday 18th June. 7.30 p.m.

DINNER DANCE & PRESENTATION OF TROPHIES.

As it is necessary for our Social Organiser Hugh Gregory to complete final arrangements for our Dinner, Dance, and Presentation of Trophy night, would those members who have been on holidays and indicated to Hugh or treasurer Ted Savage that they would be there, please let Hugh or Ted know definitely as soon as possible so that details can be finalised, and we can guarantee a most pleasant evening.

NEW COMMITTEE AND VACANCIES.

Just a reminder members that in only a few short weeks your election of Officers is due to take place once again, and it is up to you, the Members, to elect the Officers of your Committee. This is very important, and most serious thought needs to be given. Please don't forget that all applications for Committee must be in writing before the election.

There may be several vacancies, and these positions will have to be filled, so give it some thought. Ask your mates whether they would like to go on the Committee, or maybe you would yourself, it's an interesting job as well as doing a bit for your Club. Any vacancies will have to be filled, for we do not wish to overburden the willingness of present Committee-men. If you would come on Committee, we guarantee you a job, you won't just be a name.

2/- in.

It has been decided by the Management Committee that in future members will be entitled to TWO numbers for their 2/- in. The lucky number has not been picked for quite a while, and although the building fund is benefiting, it is thought that more members should be encouraged to pick a number, so there will not be as many blanks on the sheet.

REMEMBER ANNUAL GENERAL MEETING -- JULY
ELECTION OF COMMITTEE.

DRY CASTING MAY 2ND 1965

Our current Dry casting competition started with only 17 members, but even if we lacked members, the competition is still keen.

Pride of place in the Drycasting story must go to Bill Bridger for his mighty effort in the Leven Line Distance event. Bills three casts were 444 ft., 466 ft. and 441 ft., and only one outside the Lane. The longest cast, 466 ft. broke his own L.L. distance record by 28 ft., and his OPEN distance cast by 8 ft. Bill started this year's competition with a handicap of 35, but after averaging 450 ft. in his three casts, he now becomes the first member to cast from scratch, and so wins the Norrie Cross Trophy. Congratulations Bill, a fine effort.

Bob Tichbon, casting well, took 1st place in this event with 313-172-485, just pipping Bill who finished with 443-35-478. (Bill lost an average of 7 ft. for putting one outside the lane) Hew Hoy Yew was third with 365-102-467.

Five members scored all four casts in the D.H. Accuracy event, they were Allan Bunnett, Don Bridger, Norrie Cross, Bob Tichbon and Bill Utting. There were no bulls recorded, but Noel Knight was pretty close with a near miss. A. Bunnett is making the pace a cracker, top scoring with 63/80. Bill Utting was second with 52/80 and Bob Tichbon third with 44/80.

The S.H. Accuracy event resulted in a win for Bob Jensen 29/40. A. Bunnett second with 23/40 and myself third 22/40. Bob Jensen, A. Bunnett, R. Kildahl and N. Cross all scored a bull, but only Bob Jensen and Noel Knight scored with 4 casts.

The Senior total points for the day are in the centre page.

Next Casting Day will include an OPEN EVENT, the S.H. Distance event, so roll up and see just how far you can cast. Events for 13th June at Floreat Park Oval 9-45 a.m. sharp.

N.B. Drycasting has been changed with Field Day. R. KILDAHL D.C.O.

MARMION ANGLING & AQUATIC CLUB ANGLING OUTING.

As mentioned at our last General Meeting, the above Club was to conduct an angling outing to which an invitation was offered to any of our members who could make it, but unfortunately, this was to be on the same weekend as we were scheduled to go to Yallingup for our Field Day.

By all reports, a most successful outing was conducted by the Marmion Angling & Aquatic Club. On this occasion, Hal Cook who unfortunately could not make the Yallingup trip, not to be done out of a little angling, availed himself of the generous offer from the Marmion people and went along as our only club representative, and apart from having a good time, catching fish, and meeting new members of the angling fraternity, he also had the good fortune to knock off a Trophy donated by Marmion. Good work Hal, and our thanks go to the Marmion club for their progressive thinking and for putting on such a good show. These outings are not conducted without a good deal of trouble, inconvenience to some and work effort.

Lets hope that next time they have such an event, it will not clash with one of ours, and we can be represented by a few more members. Possibly if they have a few rod and reel boys, some of their members would like to grace one of our Field Days and observe how our Club operates.

Clubs progress by ideas and examples, and a closer co-operation between clubs is one way for a club to progress even further.

CLUB BADGES, CLOTH BADGES AND CAR STICKERS.

As several new members have requested where they can buy the above, it is advised that both Club Badges and Car Stickers are available from our club Treasurer Ted Savage. Cloth Club Badges for fishing jackets etc., are available from Boans Tackle Dept., Perth at 12/6d. each.

YALLINGUP FIELD DAY 15-16TH MAY 1965

Weather Conditions: North Easterly winds and a dangerous ground swell which made unsafe such places as Wyadup etc., and also ruled out Smith's Beach the Pallisades and most other productive spots, and as a consequence most of our anglers fished the safer areas, and although they worked hard, the Salmon etc., were in the main conspicuous by their absence, though several of the lads connected with a few at Canal Rocks and Eagle Bay, and some of the Collie members had exceptionally good bags of herring at weigh-in time which they generously handed out to those less fortunate.

On this venue we had an excellent roll up of 40 Seniors 3 Visitors plus 7 juniors giving a total of 50. 14 members of the Collie Club were present plus 6 members of the Harvey Club which all in all was an exceptionally good roll up of avid anglers. No difficulty was encountered at any part of our combined field day, things went very smoothly, and although the bags of fish caught were not records, I think that most will agree that the venue was most successful, one that must be repeated in the future.

On this occasion, we had three additional competitions to compete for, in that the Harvey Club donated a Trophy which was one by E. Brown, "Mine Host" Bill Copley donated one for Buff Bream which was won by Bill Corker of Collie, and we had a Mystery poundage donated by Perth Sports Store which was one by the same Collie Member. Andy Mulgrave won the Heaviest Scale Fish with a Salmon of 8 lb 6 oz. The heaviest bag of scale fish was won by Wally Syska of the Collie Angling Club with his capture of two Salmon and Herring which totalled 57 lbs., and Allan Bunnett just missed a whack at the dough by losing the only Shark. Bad luck Allan.

After an uneventful trip down arriving at 10.30 and expecting to be one of the first to arrive, it was indeed gratifying to see Norm Clark already there and on the job. Norm had even constructed the new Club tent and this will I feel sure be an acquisition to the Club.

contd.

Eventually the lads started to arrive, and it wasn't long before the area took on the appearance of a construction camp.

The morning gave promise to be an excellent day, as far as the weather was concerned, though we could have done better if the breeze had have been from the West, giving a bit of chop on the water instead of the flat sea with the heavy rollers. As the morning progressed so did our number of members attending, and it was indeed good to see such a good roll up from Collie. The Harvey Club were down in members because as explained, most of their members were working.

A few of the lads availed themselves of the 25 mile radius to have a look around, amongst these were Don Webb, Terry Fuller and Gerry Windus who elected to fish down towards Margaret River, though their efforts were not rewarded, even though they gave the area a good working over.

Quite a few of the lads fished Eagle Bay, and amongst these were Authur Horton, Andy Mulgrave, H. Muirson, Tom Vivian, John Tobin, Ted Ellis, Doug Talbot, Eric Sullivan Allan Bunnett, Bill and Don Bridger, Tom Badhouse, Norm Clark Bob Tichbon and the Salt brothers. Although the numbers were great, the Salmon were unco-operative, and these lads really churned the water with their baits without much luck in the way of Salmon. Several locals were observed handlining and these bods put our members to shame by catching four or five. Still as the saying goes, "thats the way the penny drops" and goes to prove that you have to be where they are. Apart from Andy's 8 lb 6 oz Salmon, the only other fish of note caught in the area was Bob Tichbon's 2 lb. 5 oz Skippy. Bob Tucker was not to be outdone, and after returning to base decided to take off with Wal Minnett to Canal Rocks and in the morning caught two Salmon, the second at 10 minutes to 9. Ian Brown also caught two at Canal Rocks and a very nice Pike of 3 lb. 7 oz. though Bill Utting who was angling with Ian couldn't

contd.

get a strike.

Observed Bert "Panther" Payne discussing his recent tour of the North with Hugh Gergory, Ted Savage and a few of the other lads, while they were warming themselves around the fire that Stewart Scott had built, and which served a multi-purpose. Scotty doesn't do things by halves when he makes a fire its a beaut, and naturally becomes the focal point for discussions where all the likely angling spots from Murchison to Augusta get kicked around, and it would appear that as the fire burns brighter, so the fish get bigger. At any rate, it was a cold night, and that fire was appreciated by all.

With the assistance of Norm Clark, Ron Kildahl, Ron Shirley and Bob Tichbon, the weigh-in got underway with members of the Collie Club coming to the fore with good bags. After the finalising of the weigh-in the Awards were made and the Trophies presented, and so concluded the first Field Day for this year. If the following Field Days are as successful as this one, it augurs well for the Club, for even though the fish generally may have been few, I think that all members enjoyed the outing, and I hope that I will be seeing you all again over the June long weekend, and I hope that those who missed out this time will be in the thick of it at Hamelin Bay.

JIM STRONG F.D.O.

A.F.A.W.A. REPORT.

At the monthly meeting of the above main interests as far as our Club was concerned, was the presenting for State Records three entries from two of our Club Members which were Hugh Gregory's claim for his 121 lb. Black Tip Whaler caught at the Murchison and Bert Paynes 46½ lb. Spanish Mackarel caught at Monkey Mia and Black Bream of 4 lb. caught at Walpole. Both of the above entries are waiting for photos before being considered. So it looks like more State Records coming to our Club Members in the near future. Congratulations.

HAMELIN BAY VENUE. WEEKEND 5-6-7th JUNE.

Field Day to commence at 4 O'clock Saturday and conclude Monday morning at 8 O'clock. The Weigh-in at Base Camp at Hamelin will be between 8 a.m. and 9 a.m. The fishing radius for this venue will be 20 miles, so allowing members the maximum fishing spots in the Hamelin area that they may care to fish.

The Club tent will be erected in the Hamelin Bay area and will be the Base camp where members are to be signed on, and where the Weigh-in will take place. A Club sign will be erected close by, and members MUST report here to be on Field Day.

A Club sign will be placed at turn-off to Hamelin Bay and it is anticipated that other signs will be placed along the track to show members the way in, who are not conversant with the area, though there is little likelihood of anyone being side-tracked, as it is quite a good road.

The distance to Karridale just out of Hamelin Bay is 197 miles. Road maps clearly indicate, so members should have no trouble.

It is anticipated that there will be two weigh-ins, the first between 12 and 1 p.m. Sunday and the second and Final as mentioned above. If any member catches a record fish a Committee member may weigh the fish in question and Record same in fish capture book in the event of F.D.O. not being available.

Cards will be issued to all members and visitors and it is advised that they be retained as on this occasion there will be a lucky number trophy.

In the event of members arriving late, the attendance book will be left inside Tent on table. Members to sign on and pay their fee the following day.

Hoping for a good roll-up and to see you all there,

JIM STRONG F.D.O.
