Roy Lundy has been appointed acting Field Day Officer for this field day and all enquiries should be addressed to him on 24 8680.

MAY GENERAL MEETING:

Our President chaired the June meeting and I think that makes it a 100% attendance. (Our Vice President hasn't got much practice this year!) I arrived late I'm afraid, and missed the early part of the meeting for which I apologise.

George announced the formation of a new position of Property Officer (now that we own some!) and advised members that the Committee had appointed K. Jones to the job.

Graham Baskerville our F.D.O. announced that Tony Richardson would be F.D.O. for the May field day and that Roy Lundy would handle the June field day at Walpole.

Rick Parker gave his D.C.O. report and mentioned in passing that the sinker bar now offered buck tail jigs (without the bucktail) for 40 cents each. Ric would also appreciate any donations of lead as stocks are running low.

Brian Leicester asked for all bookings for the dinner to be confirmed by the June meeting- see separate notice.

A vote of thanks was moved and passed at the meeting for work done by two club members.

Allen McLoughlan has made a large number of key rings and ash trays in plastic with club badges set into them and these have been raffled off by a busy social committee, netting \$18 for club funds. A fine effort Allen. Thank you.

Not to be outdone, Trevor Stam, has been flogging whale oil and has donated the profits to the club amounting to \$17 (and we all thought it was a Stam benefit show!) Your work is appreciated by your Committee and fellow members. Thanks Trevor.

Selwyn Bessell Brown raised the point about the use of Public open space and the fact that in Mandurah the locals were taking the law into their own hands and ordering visitors off the grass back onto the road. It is the wish of a small section of the public that all vehicles should stay on the roads and be banned elsewhere. The Bill before Parliament is all about this very thing. I recently wrote to my Local Member, The Hon. Clive Griffiths, asking about the progress of the Bill and I quote a portion of his reply.

"As a result of the numerous representations made, the Minister has informed me that it is not his intention to proceed with the Bill during this year. He has also advised that any subsequent proposal will be in a somewhat modified form".

Keep hammering away at this matter. Write to your Local Member expressing your point of view and we may yet be able to use the beaches and keep on fishing.

Bob Klein showed us some fine Reel Bags large enough for 7 inch Alvey available at \$3 each; if we order more than 50 we get a discount and the club will make \$25. Contact Bob for orders on 46 8762.

Fishing Reports:

Reg Noble reported catching 2x3lb skippy at Rottnest Eagle Bay Point and went on to say March to May has proved to be the best time to fish Rottnest.

Stan Renshaw fished Greenough River at Easter and had good hauls of tailor. He felt the best times for Greenough were March, April and May.

Phil Ishbister and Albey Norman had a good haul of Kingie at Kalbarri at Easter; 7 at 25 to 30 lb, but then the word got round and Frustration was like Hay Street the next two nights with no more fish caught.

The question of inexperienced anglers on rocks was raised again. Some of the one's mentioned above had narrow escapes and it was asked where does our duty lay in warning such people. Do we take the chance of being insulted and told "mind your own *" business" (and it happens!!) or do we say nothing?

At Christmas I was present when Hew told a man at Frustration "get off there- you'll get killed". The man thanked him afterwards and said he didn't realise how dangerous it was.

One response like that would make up for a score of insults in my book!

Ric Parker fished Lucky Bay at Easter and got stuck into the Snapper. Lofty was there to and did his best to empty all the NorWest Blowies out of the Indian Ocean!!

The \$2 sweep was won by Ron Kildahl who donated it to the Building Fund- thanks Ron- every little helps!

Our Guest Speaker, Alleston Allen, gave a lecture on fire extinguishers and laid on a demo with a bucket of petrol out in the back yard. It was very interesting and Mr. Allen was able to offer club members a "Chubb" 500gm Dry Powder extinguisher for \$11.50 with 50 cents going to the Club. George Holman is taking orders if anyone is interested (the same unit is \$14 odd at the R.A.C.).

MAYCAST:

With threatening grey clouds at hand, the May cast got under way attended by 21 members plus Lofty who arrived late.

Competition was keen and some good scores were chalked up by those sometimes referred to as "A" graders.

For those newcomers who have perhaps thought of coming to dry casting and "having a go", please don't be deterred by any reference you may hear to A and B grade. The term A and B grade are completely unofficial and arose as a consequence of the fact that members are usually split into two groups to facilitate ease of management for the two officials.

Competition seems to attract those of roughly equal ability, thus we see one group boast the better casters, however, this in no way reflects on the potential or ability of the members in the other group.

A.D.C.O. noted with some concern the trouble Hewie was experiencing with his strange line holding device. However, the concern was unfounded as he still managed second top in the distance. Worthy of particular note was the effort of young Ralph Lerch, recently I believe turned Senior.

Beware all you A graders, Ralph finished second and sounded fair warning that he was going to give the '76 competition a good shake.

In the L/L distance, competition was very keen with some very good scores being posted from our big guns, i.e., Graham Baskerville 42, H. Hew 41 and B. Leicester 38. In the D/H Accuracy, competition brought out the best in aiding five casters to record 50 and over, G. Holman 50, R. Kildahl 51, B. Leicester 51, D. Latto 51 and top scoring was Ralph Lerch with 54.

The Single Hander was also an all A grade affair with G. Holman 32, D. Green 26 and G. Baskerville 26.

A 2oz open was also run, but at the time of writing, no information was available; however, for those interested the statistics page will give you all the facts.

The Longest Cast was a very fine 146 metres by G. Baskerville.

The Day Winner was our ever consistent Club Pres., G. Holman with 128 points- a good start for George for the new casting year.

The Junior Winner was R. Ingram with 55 points.

"WIPEOUT" (A.D.C.O.)

PERSONAL ACCIDENT COVER:

It has been the practice of the Club to carry personal accident cover for members on club activities.

Unfortunately the cost of this cover has climbed 300% since last year and your Committee has reluctantly decided not to take out the cover for the coming year.

Members are asked to check that their private insurance covers them on club activities.

ANNUAL DINNER DANCE:

Well members our next big event is the ANNUAL PRESENTATION OF TROPHIES AND DINNER NIGHT to be held on June 26.

This function will be held at the WEMBLEY LODGE and will be run on similar lines to that of other years. With the aid of the fund raising activities, we are able to offer you a choice of either ROAST CHICKEN or ROAST LAMB for your main meal. To those members who have never been to these annual does, make this one; you will never regret it.

"REMEMBER MEMBERS THIS IS YOUR NIGHT".

The price of admission will remain the same as last year which will be \$12 per couple; \$6 single; \$3 juniors and pensioners. With today's ever increasing costs you cannot afford not to attend. For \$12 a double you will receive sherries and savouries from 6.00 p.m. to 6.30 p.m., then the main meal consisting of the menu (as shown) dancing to a six piece band (not too loud) till 12.00 p.m. with beer and soft drinks supplied throughout the whole evening, plus the pleasure of seeing your fishing mates collect their well earned trophies.

Those who will be attending this annual dinner would they please pay their attendance money and indicate their choice of meal at the next June General Meeting. Those who are unable to attend this meeting, would

PLEASE NOTE:

The Fire Extinguisher demonstrated at our last General Meeting by Mr. Allen, was one of the approved units on a recently held survey, results of which were shown on T.V. and also in the local press.

MAY FIELD DAY REPORT:MARGARET RIVER:

Despite clear skies our enthusiasm was quickly dampened when we beheld the ocean with a huge swell pouring through and high winds, it seemed fishing would be quite difficult in most of the regular spots.

Thirty-one members and visitors signed on and headed off to look for fishable conditions. Trevor Stam, John Reeley and A.F.D.O., followed "Killer" and "Ike" to Boranup to find it unfishable then on to Hamelin Bay where we met Darryl Retallick and Alan Hair with John Lee and his wife.

Parting company we met Brian Rowland and Ron Flynn on the way to Cosy Corner where it was decided we would camp for the night along with the Renshaws, Singletons, Doug Baker and Alan Roberts with friends; and a good evening at least was in the making. Few fish were caught at this location.

Next morning, at the River Mouth, George Holman came good again with Heaviest Bag (9.1) with Don Bibby, Roy Lundy and Brian Leicester breathing down his neck.

Heaviest Scale Fish- Phil Isbister's giant Sea Trump (.6kg).

Heaviest Junior Bag went to Craig Norman who along with Alby & Phil, also caught Sea Trump.

A.A.A. REPORT:

The May meeting was Chaired by Mr. J. Strong as the President, Mr. George Brown, was in Sydney on a A.A.A. Convention to organise the 1977 Championships and also the Secretary was taken ill with the flu.

Owing to the President and Secretary not been available, we could not press for more information as to the Records decision which appear to have been lost contrary to my report last month owing to there not being a 2/3 rds majority in the voting.

The Notice of Motion from the Offshore Angling Club to have the Competition score method set at 4 points per kilo and 1 point per fish was passed at 20 votes for 6 against.

Laurie Birchall presented a report on behalf of the Boat Ramp Committee regarding the latest proposal for a boat ramp at Trigg Island. There is a plan available for view at the City of Stirling offices. I will endeavour to get a copy for our members who are interested to have a look at, and the Committee would appreciate it if members could write to the City of Stirling stressing the need for a boat ramp in the area.

There is also a meeting on the proposed ramp to be held at the Hammersley Hall on the 24th June.

Fish Records passed were:

Caught by N. Sudah	Girth 31.2cm
	Weight 1.2kg

Skipjack Striped Tuna	Length 58cm
