The May Meeting of the above Club will be held on Wednesday May 13th at the National Fitness Council, 50 James Street, Perth commencing at 8 p.m. sharp.

INSTRUCTION PERIOD: The Instruction Period for the above meeting will be a talk given by either Mr. Bramley or Mr. Munro of the Fisheries Department.

FIELD DAY APRIL 1959: After considerable discussion of motions and amendments to motions, at the last Meeting, the Field Day to the Moore River was abandoned and the Venue eventually settled as Garden Island.

At one stage of the proceedings, it appeared as if there was NOT going to be a Field Day through the inability of Club Members to come to an agreement as to the Venue. In fact, most of the night was taken up with discussion on the Field Day and it would appear at this stage, that the Venue might better be left in the hands of the Committee.

As it was, the weekend was such a "Rip Shorter" it wouldn't have mattered where the Venue was - Fishing was practically impossible - and personally, I think the members did the right thing in abandoning the Moore River Trip.

(ED)

A howling Nor'wester sprung up on Saturday afternoon and grew progressively worse as the weekend went on and all SANE humans should have been indoors.

However, our members are hardy, if not QUITE sane and 14 members, 1 junior and 1 visitor caught the morning boat and made the Island safely.

6 members and 1 visitor waited in vain for the afternoon boat and were eventually told that owing to the adverse weather the boat wouldn't be making the crossing.

Disappointed and disillusioned, these unfortunate members turned homewards, but being good club members, they decided that something had to be done. Ann, Bob Tucker, Alf Rotland, Arthur Backhouse and visitor Toby Page decided to go prawning. Bob and Arthur dragged the net, whilst Alf and Toby picked 'em out. At 8 p.m. we had about 4 lbs. of King Prawns in the bag. - we adjourned to Alf's home for supper and with the prawns and the steak that Alf was to have had for his evening meal on the Island, Bob's Pork Patties and Arthur's ham sandwiches, together with the usual liquid refreshments - yes! we had a very enjoyable evening.

Whilst these frivolities were going, those 14 "Not quite sane" members had made a safe landing on Garden Island and dispersed reluctantly to their favourite fishing haunts.

I say reluctantly, because they were all waiting back to see what direction "Magic Mick" was going to take - for they all reckoned that if anyone was going to catch fish "Old Magic" would do the trick, and naturally they all wanted to be in at the kill - but "Old Magic" (Late Ming the Merciless) took so long pruning his bait, inspecting his gear and sorting out his hooks that the "mob" impatiently went their several ways.

"Old Magic" looking on these poor, misguided fools, sauntered off to inspect the beach at his leisure and finally settled down after studying the beach, waves, wind, sun, moon, tides, birds, charts and the heavens (or so he says) and after discarding all the portents they had to offer, decided to rely on his "Magic Touch" to land 1 snapper, 21 lbs. and 5 Tailor weighing 13 lbs. - a total of 34 lbs. of fish.

What a mighty effort and Mick is to be congratulated on his capture. He certainly has been in grand form in the past few weeks and it is fitting to see his keenness and enthusiasm being rewarded in such a practical manner. Once again - Congratulations Mick - but are we all green with envy? - and How!!!

Naturally, conditions being very adverse, the boys didn't fish as long as usual and the catch wasn't up to the usual Garden Island yield. The full tally was as follows:

Mick Doscas	1 snapper 5 Tailor	34 lbs.
Bob Lilly	4 Tailer	9 lbs.
George Hampton	24 Herring	8 lbs.
Jim Strong	2 Tailer. 1 Herring	5 lbs.
Murray Cornish	Herring	4 lbs.
Norrie Cross.	Herring	2 lbs.
Noel Knight	Rock Fish	2 lbs.
Mick Crouch.	Skipjack and Herring	3 lbs.
Keith Martin	Rock Fish	2 lbs.
Steve Hampton (Jnr)	Herring	2 lbs.
Bob Pim	Rock Fish	1 lb.
Ted Savage		
Bob Tichbon		
Bob Jensen.		

Mick Doscas scooped the pool and the largest scale fish and best bag - no sharks or Rays were caught and Mick received the Total Prize money available.

The unlucky members who could not get transport across to the island were:-

Alf Rutland
Bob Tucker
Irvine Price
Ray Spooner
Frank Van Zalen
Arthur Backhouse
and one visitor- Toby Page.

The total catch of 76 lbs. was quite good, considering the atrocious weather - even though "Old Magic" totaled up nearly half that total on his own.

One member who must be commended on his enthusiasm, is our Air-Force friend Norrie Cross from Bulls Brook - to travel all that distance to attend the Field Day is keenness of the highest order - it's a pity your enthusiasm didn't meet better weather and success Norrie - but in this

game there is always a next time - and who knows?

ARTHUR BACKHOUSE  
FIELD DAY OFFICER.

NEXT FIELD DAY:

THE CASTING DAY.- APRIL.

The Casting Day was to be held at Floreat Park Recreational Ground on Sunday 19th April, 1959 - Unfortunately, when the early birds arrived at the ground we found the gates closed and a very solid looking lock on them. Unfortunately, the only member who could have solved this problem was Hal Cook - and he was away working, but no-one knew where to contact him.

After some discussion, during which Hacksaws, Wire cutters and bangalore Torpedoes were mentioned and "Noisy" had a wicked gleam in his

(cont)

eye - we decided to adjourn to the adjacent McLean Park and owing to time and the safety angle we decided to eliminate the open event.

Some poor golf enthusiast had been hitting golf balls up and down the park, but when he saw us bearing down on the Oval and starting to cast smokers and blobs in all directions - he hastily evacuated in the interests of Self Preservation (I think)

Even though we didn't have all the casting gear, the Committee soon had the course measured and the first event, the Bait, was soon under way.

( This being the last casting day of the present competition, all expected a keen battle between the three leaders Noel Knight, Bob Tucker and John Bellman, but maybe these three were trying too hard and had to be content to see the first three places filled by other members. Bob Jensen showed improved form to win this even from Les Shand and Ken Matthews and Bob Tucker tied for third place.

Mick Doscas took the honours of nearest the pin with an excellent cast of 5ft. John Bellman was very unlucky in this event when he missed his first cast and then had two very excellent casts of 7 and 8 feet.

After this event, Bob Tucker had picked up two points on Noel and their scores were: Noel 220, Bob 207 and John Bellman remained at 188.

Congratulations to Bob on his comeback in this event.

The Full details of the event were as follows:

The second event was the Blob Accuracy and saw some very accurate casting indeed. Once again, the "Stars" had to concede the first three places to other members and Ron Flood (making a re-appearance at our casting days) cast particularly well to record a very low 21 (Alan Livesey has the Record with 20ft) Frank Van Zalen ran second with 33ft. and Bob Jensen (very consistent) with 35ft.

It is very pleasing to see Ron in such good form and Frank Van Zalen in particular, should be very pleased with his effort in running second. Frank is a comparative new-comer with Rod and Reel and he has improved immensely since the start of the season.

Noel Knight scored 6 points in this event to John Bellman's 4 and Bob Tudker's 1, this putting the end to his two rivals chances for the season.

The honours for the Nearest to the Pin went to Hal Screech with an excellent cast which landed right on top of the pin:- closely followed by Ron Flood with one 1ft. away. Not bad casting at 75 yards!

Full details of the event are as follows:

D.H. BLOB ACCURACY:					
	1st.	2nd.	3rd.	Total	Points

20. W. Webster	59	100	22	181

The final event was the single-handed Blob Accuracy and just to show that he could do it, John Bellman won the event with a total of 19 ft. but was hotly pressed by John Sillilides and Alan Livesey.

Tom Robinson took the honours of closest to the pin with one within 1 ft.

The casting in general in this event was well below standard, which is surprising as it is by far the easiest of all the accuracy events.

The girls had a throw in this event and Kath Knight, not to be out-done by husband Noel won from Alice Shand and Alma Livesey.

In the Junior event, Rick Jensen won from Bill Shand and Patricia Shand.

Full details of the single handed event was as follows:

S.H. BLOB ACCURACY:

The full result of the day were as under:- Bob Jensen is to be congratulated for his eclipse of the Stars in winning the day:- Noel Knight was up there with his usual consistency and it is very pleasing to see Johnny Sillelides in there with third place with Les Shand (Gosh, what happened to him). All in all, a very good day - considering the bad start.

Now that the President's Trophy has been won - congratulations must go to Noel Knight on his clean Cut Win - it was a well deserved victory as we all know Noel as a good caster and very consistent in all events. - The day Noel doesn't score points - he just ain't at the Casting. To Bob Tucker, Runner - congratulations on the fight you gave Noel Bob. In all Competitions there has to be a 2nd. and this year it had to be you - maybe you can turn the tables next year. If it is any consolation to you Bob - you led the egg-Beater Brigade in.

To John Bellman, in running third - congratulations also on a very good effort. We all know John as a very stylish caster who is always a danger in all events.

To Les Shand on running fourth - Noel just pats him on the head and says "you finished so far behind us Sonny - but keep trying you will learn --- someday".

To the rest of the competitors - well, without your regular attendance, there would be no competition.

If you don't book your party early How can we arrange your tables and seating accommodation.

Early bookings have already been made for approximately 100, so don't dally, get your parties made up and advise Les and IMMEDIATELY.

Whilst on the subject of the Dance, we would like to see all parties in attendance by 9.30 p.m. as this is the time set down for the Presentations of those well earned trophies - and Trophy Winners - whoever you may be - please make a special effort to attend the night to receive your Trophy. It's not very nice for all concerned to see half a dozen trophies to be presented and no-one there to present them to.

MING'S PARAGRAPH:

What an unco-operative sort of guy this chap has turned out to be in the last few months. He has studiously avoided all sorts of trouble (although I did think he was taking a chance being on his old enemy the Sea, in that howling Nor'Wester on the Last Field Day) Instead of running into trouble he has run into all sorts of success (and all club members will agree with me that it is certainly deserved success) in his latest fishing ventures. That 21 lb. Snapper was the crowning of it all - I can imagine Mick's smile of satisfaction when he saw that beauty lying on the beach - good luck to you Mick - I hereby write "Finis" to Ming's Paragraph.
