"REEL TALK"

NOVEMBER, 1974

General Meeting

The next meeting will be held at the Buffaloes Hall, Onslow Rd, Shenton Park on Wednesday 13th November, 1974 at 8.00 pm.

Instruction Period

Geoff Wright, a member of the Four Wheel Drive Club, is to give away a few trade secrets on the care, maintenance and use of four-wheel drives.

Committee Meeting

The next meeting will be held at the Mirrabooka High School, Room 17, on Wednesday 20th November, 1974 at 8.00 pm.

November Field Day - 16th/17th - Cervantes area

South boundary	:	Shag Rock - approx. 9-10 miles south
North boundary	:	Hill River - approx. 9 miles north
Sign-on	:	Cervantes - on the main road 1-2 pm Sat.
Weigh-in	:	Cervantes - close to town 9-10 am Sunday
Fishing commences	:	Saturday 4 pm
Fishing ceases	:	Sunday 8 am

November Dry Cast

The cast will take place at Floreat Oval on 3rd November at 9 am sharp.

Usual events plus S/H Open.

"REEL TALK"

NOVEMBER, 1974

Field Day Report - 12/13/14th October - Wagoe

After an uneventful and quick trip up, Mark Tucker (J) and F.D.O. ploughed straight through to Port Gregory and completely missed the ruins and so had to back track. The ruins found, camp was made and sleep in big demand. The Dennis Green party arrived shortly after but no words were exchanged until morning.

At 5.30 on Saturday morning "Tea Cosy" woke the entire neighbourhood with a friendly bellow and a small party were discussing whether or not to venture in to see how bad the track was. Arthur Horton's note had been discovered and Bob Klein's addendum had been read and a gloomy prospect seemed to be awaiting us all.

While waiting for a possible 8.00 bulletin from Bob Klein the bikies unloaded their machines for a quick check on the Port Gregory beaches where Rudy Lerch and son were plugging away in a murky heavy sea with little result for their efforts.

So back to the ruins where a sizeable convoy of vehicles had gathered and where it was discovered that the Flynn-Rowland party with Dennis Green and Ron Kildahl had ventured forth to see for themselves about an hour beforehand.

No word from Bob so with an appropriate sign erected it was off to Halfway. A mile or so down the track the gloom again descended when Bob and Ron Shirley arrived to inform us that Dennis had been stuck and things were just a little messy up ahead. The convoy was to wait at the mud hole for Bob's return from Gregory with John Speak. Three gates and some dust further on we saw it - a boggy mess with enormous ruts in the road and nice greasy soft ground on each side. There was Dennis, Brian, Ron Kildahl, Ron Flynn, Neville Risbey and party on one side and the convoy on the other. Things looked a little bleak!

However, with so much man power available and with Bill Morrow telling everyone how easy it was - "a piece of something or other" he said - the F.D.O. tried it and with physical and verbal urging made it with a little mud slinging and some well chosen words. Stan Renshaw and Tony Richardson followed with young Grant Singleton doing one of the most spectacular 10 metre slides in the tuck position to complete the movement with

"REEL TALK"

NOVEMBER, 1974

Field Day Report - continued

a reverse flick-out landing on his back in the ooze. The Range Rover came through next with difficulty and that was that.

Alby led by 'lead-foot' Baskerville the convoy turned tack to come in by another route to meet up with the rest at the gate. With more information supplied it was decided to go into Lucky Bay and give Halfway a miss - all except Ron Kildahl, Neville Risbey and T. Richardson who pressed on into Halfway - and made it!

It was by no small effort on the part of Bob Klein that the party - all of them - reached their destination. He had spent many hours endeavouring to see us all safely through. The Club is greatly indebted to such a member for this great help. Thanks a million Bob - we could not have made it without you.

With camp established and gear unloaded the members were faced with a half mile drive, hike or whatever to the beach at Lucky Bay where the wind was in but not strong and the water looking pretty good. Wagon was already turned on but that didn't deter the Fremantle anglers who by now had gathered in force. The afternoon and evening promised some fine results.

56 Surfcasters signed on and a great deal of organising took place by people like Dennis Green, Lofty, Ron Flynn in a buggy and many others to see that no members had to walk - and none did! This is great Club spirit a little reminiscent of what often takes place on our field days in particular at Flinders Bay. The Fremantle club anglers also did the same.

So, in the setting sun, some eighty or so anglers settled down to drown mulies, mullet, etc in preparation for the weigh-in on Sunday morning.

The F.D.O. and his partners Mark Tucker took over an hour to do the trip back to the camp on this night - a distance of about $1\frac{1}{2}$ miles. They were hopelessly lost for some time. It is interesting to note that they weren't the only ones. Lofty Griffiths - lost - tailed onto a Landrover which in turn tailed on to a 3-wheeler ridden by Bon Fardig - lost - who in turn tailed onto another rover - also lost; and this merry convoy drove around for some time each thinking - incorrectly -

"REEL TALK"

NOVEMBER, 1974

Field Day Report - continued

that one of the group knew where they were going! Doug Newton's party and Ron Flynn's buggy also had navigational problems, but all ended well after some star-gazing, wind testing, sea listening and loads of luck.

All arrived back at camp tired and reasonably early. It had been a long day and for many an even longer trip back from the beach. Besides, no member wished to venture out from the camp too far at night for fear of a sabre-toothed sand flea that roamed the area. The gentleman who reported hearing this beast howling at the moon was mistaken - that was Snow snoring again!

The Sunday weigh-in brought forward only fair catches on the whole. The tailor weighed-in were of a good size but not plentiful. Fremantle anglers fared much better, producing snapper, tailor and one big mulloway 17.1K. Gary Gildersleeve who fished all night caught S.C.A.C.'s best fish a 16.5 K mulloway. The other kingie won the carton of cans which was promptly disposed of among members of both Clubs - Fremantle Anglers reciprocated beautifully with a block of cooked prawns. The barbecue had to be abandoned because of the danger of fire at this campsite but much friendly co-operation took place on the beach, tracks and at the campsite all through the weekend. Good catches were in from the Lerch father and son team, Gary Gildersleeve, Phil Isbister, and Wayne Shaw - this comparatively new junior weighed in the heaviest tailor - 3.0 K.

Sunday afternoon was sleep and eat time in preparation for the final onslaught that evening. With a weather change imminent anything could happen and all sorts of strange things did:-

1. Ernie Bailie mixed up the goulash for the Flynn-Rowland contingent using super grade petrol instead of water - lucky he didn't light the gas!
2. F.D.O. and Mark fell off the bike - second time.
3. Lofty and co-pilot Hewie towed a chain for 3 miles through the sand hills before realising that the Flynn buggy was not attached.
4. A Northampton farmer stalked and shot the notorious flea making the bush country safe once more.
5. The buggy blew up.
6. Len Singleton was seen staggering up the beach near his 3-wheeler after having cramp in the thighs. Some of our members

"REEL TALK"

NOVEMBER, 1974

Field Day Report -continued

may not catch much fish, but they sure can turn on the entertainment.

The Monday morning weigh-in was again fairly quiet but pleasing in so far as more members who had missed out before picked up their 2 to 3 tailor. The only shark, a 19.1 K whaler, was caught by a Fremantle angler - he wins the clock donated by Jim Strong, but the F.D.O. forgot to tell him. All in all the anglers from the port did very well and are looking forward to their next trip up. Apart from Ken Jones' argument with a roo - tick and Sharon Lee's collection of one too, nothing else exciting seemed to happen. It was feverish packing for the trip home - sunburnt, tired, dusty and with pleasant memories of another Wago field day to take back, and a few fish too.

This Club's total of 143 K (about 312 lbs) compares with the previous effort of last year, as does the attendance. Best captures were made by Gary Gildersleeve 21.9 K (Mulloway and Tailor), Rudy Lerch 14.8 K (Tailor), Phil Isbister 11.9 K (Mulloway and Tailor), Ralph Lerch 10.0 K (Tailor) and Wayne Shaw's 3.0 K (Tailor) - the rest of the catch was in the main, made up of 1 to 2 K (2 to 4 lbs) Tailor.

Once again, thank you Bob Klein for your help and thank you to those members who assisted in transporting other members to and from the beach - without such help the field day could have been disastrous.

Until Cervantes in November when a record attendance is expected to bring in a record catch - see you.

Toaster and Tea Cosy

NOVEMBER, 1974

The Halfway Bay Mob

After reaching the main sign-on/weigh-in camp and seeing how far we were from the water Neville (Ribs) Risbey and myself had a big conflag and decided to try this mud patch and water hazard we had been told about by Ron Shirley and Bob Klein which had to be traversed to get into Halfway Bay, which was where we wanted to camp.

So we set off in a convoy of Holden Van (Neville Risbey, Craig Risbey (J), Michael Ogley (J) and myself) and Volkswagen (with Tony a visitor and his wife Jackie) and a Holden sedan (with some of Tony's friends).

The mud patch didn't look too bad and after we had walked over it and jumped up and down to find out how deep it was we set across in the vehicles. This seemed pretty easy and feeling quite confident we drove on to the water hazard where we began to wonder if this was actually the start of the Indian Ocean. We knew it couldn't be though as there were three tracks going into the water and way over on the other side, the tracks came out of the water again and we knew, although it was a long way across, that South Africa was a bit further.

We rolled up our pants and having been told that the middle track was the shallowest we waded into the water to see how deep it was. About halfway across we were battling to keep our pants dry but then it started to shallow off again and we reached the other side without trouble. The only thing was our vehicle and all the gear was still on the other side where we left them.

Neville reckoned he would have a go so I suggested we take the fan belts off and at a very slow pace Neville started to cruise through, setting up a nice bow wave as he went. We all breathed a sigh of relief when the Holden floated up on the other side. Then it was Tony's turn and it was quite interesting to see a little V.W. beetle blowing bubbles out of its exhaust pipes. About halfway across his wife said how much fun it was but by the look on Tony's face he didn't seem to agree. Next the other Holden came, it too setting up a decent sort of bow wave.

Once we were all across it was off to Halfway Bay to set up

"REEL TALK"

NOVEMBER, 1974

The Halfway Bay Mob - continued

camp where we were hoping to camp in the first place.

I think Ron Shirley and Bob Klein had the right idea suggesting to have the main camp where they did as I don't think the track would have held up for all the vehicles to get in.

After we had a good lunch and some well earned cold cans, we turned our attention to the fishing but not with much success.

On the Sunday Dennis Green and Ron Kildahl and their groggy mates, Graham, Drew and Doug stopped by on the way to the weigh-in and offered us a lift to weigh our fish in.

With Dennis at the helm we were soon buckjumping our way over sandhills and when Tony remarked how much the chap driving, drinking and swearing reminded him of the Club President I heard a slight mention about a twin brother only a much more sober and quieter chap.

Sunday night saw all of our mob, Dennis's mob, Ron's mob and Colin Buchanan, his wife and son Alan all fishing the same bay but apart from a well off course Tailor that caught itself on Graham Baskerville's rod, a few tailor caught by the Buchanans and some big sharks that couldn't be stopped it was another quiet night's fishing.

Monday morning we packed up all the gear and thinking about the water hazard were just about to drive off when Neville found he didn't have his car keys. I don't know how cars with steering locks are stolen and neither did the rest of us, so the six of us started searching through the car and all the gear. Then Neville had an idea that it might have been put in the rubbish hole so he started shovelling away till he came to the rubbish and after going through all the rubbish there they were wrapped up in some old kleenex paper.

The trip out through the water and mud was no worry after the key effort and we drove through it with ease.

A good field day but we sure could have done with some fish.

Eric Sullivan

Application for Membership

The following applications for membership to our Club have been received. Any member having any reason why these persons should not be accepted as members of the Club, are invited to contact any Committee member:-

RICHARDSON Terry, 17/43 Camberwell Road, BALGA. 6061.

ROBERTS Allan, 92 Hamersley Avenue, MORLEY. 6062.

Be Prepared

Social Organiser, Neville Risboy, is running a raffle for a Colour T.V. and a Black and White Portable T.V. Tickets are .50¢ and will be distributed at the next General Meeting. 5,000 tickets are being printed and obviously not all of them will be sold directly through members. Neville is lining up a few shopping centres to be invaded by the S.C.A.C. members and needs plenty of helpers, wives, mistresses and girlfriends will also be quite acceptable as sellers.

Lead wanted urgently, straight away, if not sooner. Bring it along to the next meeting and make a friend in Tiny Parker. Buyers also required, so give generously when making your donation to the sinker fund.

NOVEMBER, 1974

October Dry Cast Report

Sunday turned out quite well weather wise with mainly cloud and a bit of wind around.

This month's cast was highlighted by two good happenings:-

1. A good attendance of 1 J.V. ; 3 J ; 27 Seniors for a total of 31 - as the weather improves, more casters will start to appear.
2. A near record - this was achieved by Graham Baskerville with 155 m or 508.53. Good to see Graham finally get some good casts away. Keep the good work up Graham and stop pussyfooting around! For the benefit of those who don't know the record in the L/L distance is 156.06 m. In the next few months we should see this broken I hope.

Good to see not so many B/O's this month but as usual there were the regulars doing their thing, these were; Graham Baskerville, Les Reid. There were a few in the S/H open too, these being Tom Corcoran and Brian Leicester.

High scores of all events was again evident with 8 casters getting over 100 on the day, keep the good work up chaps.

L.L. Distance

This turned out to be quite close as usual with John Devitt 43 taking this event off, next was Hew Hoy Yew 41, D.C.O. 37, Bob Brown 34 and Dennis Green on 33.

D.H. Accuracy

This event turned out to be a cliff hanger as usual with George Holman first with 56, D.C.O. 54, Brian Leicester 51, Bill Utting 49 and Sten Renshaw 48.

S.H. Accuracy

First in this event was Rudy Lerch on 31, George Holman 26, Jim Oxley 26, Graham Baskerville 23 and Ron Kildahl also 23.

The top twenty has taken some drastic changes, so have a look where you stand and keep trying for that spot just above.

"REEL TALK"

NOVEMBER, 1974

October Dry Cast Report - continued

The longest cast of the day was Graham Baskerville 155 m.

My good A.D.C.O. Roy and I have compiled a half-yearly progressive score on all events for your convenience and give you some idea how close the scores are and how great the competition is, so tell your mates to get out of bed on Sunday 3rd November and get down to the oval for a good morning of DRYCASTING - see you there.

Eric and Roy

November Field Day - 16th/17th - Cervantes

After a lean Jurien Bay field day in September and a long one in October, members are assured of good catches this month at Cervantes and surrounding country. All the fish will have started to move down the coast for summer and substantial catches of Tailor, Mulloway, Shark, etc. etc. are there for the taking.

For specific details refer to Page 2 of the Reel Talk and please remember what has been said regarding:- (a) Speed limits on beaches and tracks.

adequate flags.

(b) Necessity of adequate

(c) Burying of rubbish.

(d) Snakes and bush

fires.

See you all in November when the pre-summer fishing is at its best.

F.D.O.

Yallingup State Championships

The Club entered a senior team comprising George Holman, Hew Hoy Yew, Reg Noble, Eric Parker, Neville Risbey and Don Bibby and a junior team comprising Craig Risbey, Mike Ogley and Robert Ingram in the 1974 State Angling Championships held at Yallingup in September.

The weather for the Championships was, as usual, rough, windy and wet.

Both teams worked together and arrived at Canal Rocks check-in on the Friday night to ensure an early position in the start on the Saturday.

Eric Parker, Don Bibby and myself travelled down together, Reg Noble and Hew Hoy Yew and Neville Risbey took on the responsibility of looking after the juniors, who travelled with them.

The senior team didn't fair very well at all, Don being the only member to weigh-in. However, the junior team, under Neville's capable supervision and after a lot of running around on Neville's part in an endeavour to find suitable fishing spots, were rewarded handsomely.

Even though the quality of their fish was not that which they usually catch (Buffs and Rock Cod made up their bags) they were good enough to win the teams' event and also young Robert Ingram won the Junior Championship.

I don't think I have ever seen three more proud boys go forward to be presented with their trophies and looking so smart in their Club T-Shirts. There were some proud and enviable senior team members there to witness the presentation and one very proud father - Neville Risbey - son Craig ran third to Robert Ingram in the Junior Championship.

Congratulations boys from all members of the Club and keep it up. Only hope the senior team can take a leaf out of your book next year.

The junior team's win has brought a lot of prestige and honour

Yallingup State Championships - continued

to our Club and in turn the Club should realise the worth of good, interested and keep juniors and do all possible to foster them and look after them, even though sometimes it may mean putting ourselves out a little, as these are the members of the future.

I would like to thank all team members for their participation and co-operation and it is an honour to be associated with them

One member who put a good deal of work into the preparations and who was unable to participate at the last minute, was John Devitt and to him goes my personal thanks. Hope you can make it next year John.

George Holman
Team Captain S.C.A.C.

Acknowledgement of Trophy Donors

We would like to express our thanks to the following trophy donors for making available trophies for our Club Competitions and at the same time, extend an invitation to anyone else who would like to add his name to our list of donors.

A.A.A. of W.A. Report

A very lengthy meeting was held for October of the above Division and a full compliment of Surf Casters' delegates and Association Patron Jim Strong were present.

The main item of the business for the night was the selection of this year's nominee for the Sportsman of the Year award. The final vote saw Murray Pope of Rockingham Club the winner for 1974. Murray has been runner-up for the last two years and he is a very popular winner and very deserving, as other than being a good angler, he does a terrific amount of work for his Club, for the State and for the Juniors. Congratulations are extended to Murray from the Surf Casters.

Two State Records were passed this month:-

Nanighi (shore) caught by Barry Donald Cross at Rottnest, weighing 1.588 K.

Yellowtail Sea Kingfish (shore) caught by Osker Johnson at Rottnest weighing 4.896 K.

Walpole Club applied for and was granted permission to run the South West Championships at Walpole next Easter (1975). This is only one week after the conclusion of the Australian Championships, but Walpole anticipate a number of the eastern staters to stay over and patronise the Championship.

Age of Juniors fishing in boat competitions must be between 15-17 years if accompanied in the boat by parent or guardian for all A.A.A. of W.A. competitions.

The Fisheries and Fauna answered a letter of request regarding the imposition of bag limits from the Association. In future the Fisheries and Fauna will consult with the Association if contemplating a further bag limit, so thus the amateur angler will have his points put.

Three more Clubs forwarded substantial donations towards the carnival at Albany. They were:- Melville \$115 : Offshore \$100 and Whitfords Sea Sports \$100.

Roy Lundy gave a brief report on the forthcoming State Championships to be held late in November at Yokine Reserve (corner Wordsworth Avenue and Alexander Drive).

"REEL TALK"

NOVEMBER, 1974

A.A.A. of W.A. Report - continued

Fremantle Sailing Club became members of the W.A. Division of A.A.A. at this meeting. The Club has a membership of 700 and one of the activities is angling events in which all members can participate.

Phil Boeclecher has been reconciled once again as a news correspondent of the W.A. Division as the incident which caused the displeasure has had sufficient time to settle and it was felt that it was time to once again get on with "good" publicity.

A motion has been tabled for next month that State team members be given a State Pocket. Also that a person may only be eligible for one State team. This will be voted on at the November meeting.

An estuary championship will be conducted from Guildford Bridge to Fremantle Traffic Bridge with the centre being at Point Walter on Saturday 23rd November from 4 - 9 p.m. There is no entry fee and it is for individuals only. No team events. The event is not as well organised as has been the case for other events, thus the informal approach, plus the fact that time is running out. This event will help the State selectors in selecting their teams so if you want to be a State Estuary team member - be in it !

The legislation on four-wheel drives is still progressing and when another draft is completed it will be brought back to the C.R.C. and the A.A.A. of W.A. will be given the opportunity of having a look at it before it goes further. It could be a while apparently before it will finally be passed by Legislation.

George Holman.

Fishermen's Fables

This is the Life

O come all you fellows that love the old sea,
Drop all your work, come fishing with me.
Put down the Ledger, cast far the file;
We'll sneak off afishin' and tarry a while.

Down where the sand is crisp and so firm,
The air is so clean, let's take a long term.
The world is all yours served up on a plate;
What else can one want - but a rod and a mate.

Far from the City and traffic's foul roar,
Where the Gulls wheel aloft, then skim over the shore;
And the sun sinks slowly in sheer golden gloss,
For this is the life, it's so hard to toss.

Noisy.

Sixteen Years Ago This Month

October Field Day : The October Field Day was held on Sunday 12th October in the Serpentine-Jarrahdale area in pursuit of those elusive trout - the idea being to combine a picnic day in the hills for our families while we indulged in a spot of spinning for trout.

Unfortunately the fish were scarce and only three members landed fish. Phil Oldfield with his 2 lb 12 oz won, followed by Nick Crouch with a 1 lb 13 oz and Norrie Cross with a 1½ lb. Three fish might not appear a lot but the Trout Society boys only logged four - so I think our Club did pretty well. Phil's fish was the largest caught in the area on the day (and even though some members insist on calling him "Jagger") we sincerely congratulate him and the other two members on their success.
