CLUB ETIQUETTE AND MEMORANDA

MEETINGS

The monthly General Meeting is usually held on the second Wednesday of each month at 8 pm. All members should endeavour to attend the meeting so as to keep upto date on club matters.

DRYCASTING

Casting is usually conducted on the first Sunday in the month. Here instruction is given to new members and a competition conducted to improve and maintain the standard of our members casting.

FIELD DAYS

These normally follow each General Meeting on the ensuing weekend. Signing on and weigh-in is compulsory and failure to do so may mean the loss of all points for that Field Day.

Entries for Game Fish Badge, Club Records and Open Fishing Competitions must be lodged with Recorder within thirty (30) days of capture.

COMMITTEE MEMBERS

Please notify the Treasurer and Reel Talk Editor of any change of address or phone number.

If for any reason you intend to resign from the club, please send a letter of resignation to the Secretary.

Please assist the Treasurer by paying your subscription within 28 days of the Annual General Meeting. Members may lose their membership if payment is in arrears for 3 consecutive months.

REEL TALK

CLUB NEWS

VISITORS:-

Visitors at the September Meeting were:-

Alan Hogan and family

SUBSCRIPTIONS:-

Our Treasurer advises that there are still some outstanding club fees due and accounts will be forwarded. This is the final notice and payment not received by the next meeting will mean that unfinancial members will no longer receive the "Reel Talk".

INSTRUCTION PERIOD:-

A thanks to George Holman for a most informative and interesting talk on fishing rods.

MOON PHASES:-

4th October	New Moon	4.55 am
10th "	First Quarter	11.28 pm
18th "	Full Moon	5.22 am
26th "	Last Quarter	8.25 am

PRESIDENT'S COLUMN

A bright note to start with. It was good to see Bert Payne's bright and cheerful face at our last meeting, especially after the rough time he has been having.

Noticed a few other familiar faces at the last meeting even though it's been a while between drinks. Alby Norman and "Freddo" Fredericks to name two and even Alan Carr was there to have his two bobs worth!

I was a little disappointed with the response to our discussion at the last meeting regarding what the members wanted in our field day activity. With the ever increasing cost and the fact that fish are harder to find we must make sure in future that we are more selective in our venues so that club members get the best value from our outings and then have the maximum attendance and enjoyment. Attracting new members would be enhanced with a good balanced field day programme. Our attendances have been a lot better of late but we still have a long way to go.

There are a few of the suggestions put forward at the last meeting along with a few of my own suggestions that we need to look at when planning next year's field days:-

1. Getting together more on field days - (We do have three events I can think of where this is achieved and they are Greenough, Rottnest and Bluff Creek).
2. School Holidays - This year's Greenough field day will give us a further insight into how this will work.
3. Fishing twelve field days - One suggestion was to cut back the number of events per annum. This would have to be a last resort although a valid point. Another was to have local events during the winter months (June, July, August) thus not wasting money travelling for very minimal returns during that time and this would mean that members resources would be better spent on the more productive months and locations.
4. Cost - This is a major factor to consider and if members can get maximum benefit for their dollar we will get good attendances. Making sure we have full passenger loads in our vehicles is another factor and also makes for good comradeship.

(Contd/....2)

REEL TALK

6

- 2 -

5. Family and Competitive Venues - How many family venues should we have versus purely competitive. Family meaning somewhere near caravan park facilities or camping facilities. Competitive meaning out-of-the-way locations where we hope the best results may be achieved.
6. Long weekends - How many long weekends do we use. Also consider school holidays which invariably seem to fall on these weekends with the new school term format.
7. Other Clubs - Whether we would like to combine with other clubs in some events.
8. Short and long Venues - How many short and long venues should we have

These are a few of the things we need to consider when selecting our venues along with any other points you may think of. We also need to remember our senior members, wives and children as well. They are part of our club as well.

The President of the Anglers Association, W.A. Division, Lindsey Harbord, has kindly consented to attend our next meeting and put to us his plans for our association for the future as well as answer any questions you may wish to ask. He will stay on after the meeting to enjoy some refreshment and talk individually to members.

Next month's discussion will be on our social activities and I look forward to some constructive suggestions - such as how many functions you would like, the type of functions, whether you would like to combine one with a field day or drycasting day, have an outing with another club or association (such as trout association). Thinking caps on?

The club is going to purchase a large esky for our social organiser for all our future functions.

Congratulation to Peter and Sharon Osborne on their selection as State Captain and State Drycasting Captain respectively for next year's Australian Championship in Queensland. Also to Sharon on winning the top lady title over last year's four championships.

(Contd/.....3)

REEL TALK

- 3 - ⁷

I would like to thank Tony Richardson and Eric Parker for taking on the position of Drycasting Organiser and Assistant respectively owing to Malcolm Head having to stand down due to personal commitments. How about a few more members coming down to our drycasting days - the more the merrier. Our combinations of surfcasters and Fremantle Clubs at our drycasting days appears to be going along smoothly.

See you all at our next meeting.

GEORGE HOLMAN
PRESIDENT

REEL TALK

8

FISHING CLUB LIBRARY

Your club library has a number of books available for loan to club members, and will be available at each general meeting. Books taken out at a general meeting are recorded and MUST be returned to the club librarian at the following general meeting.

If any club members have a book at home, gathering dust in the bookcase, and relating to fishing and you may wish to donate the book to the club library, it would be most appreciated.

The following list shows the books available:-

"Understanding Fishing Tackle"

Dick Lewers 1974 reprint

A definite text for beginner and expert alike. Would be of value to recently joined members.

"Advanced Custom Rod Building"

Dale P. Clemens 1978

Illustrated with diagrams and with photographs in black and white and full colour.

"The Australian Fisherman"

Harold Vaughan 1982

Contains 400 pages of maps, fish photographs and informative text.

"Anglers Omnibus"

Roger Hungerford 1978 Edition

Contains 101 chapters of saltwater fishing tips.

"Guide To Fishes"

E.M. Grant 1975

Contains 307 coloured plates and 257 plates in black and white.

(Contd/.....2.)

REEL TALK

9

- 2 -

"Fish and Fisheries of Australia"

T.C. Roughly 1966

A survey of fish and fisheries with 59 colour plates and 29 plates in black and white and 11 text figures.

"The Scream of the Reel"

Edited by Jack Pollard 1966

A book of humour, yarns about famous catches and tales about battles between fish and anglers.

"Maneater Man"

Colin Thiele 1979

The life of Alf Dean, the worlds greatest shark hunter.

"Practical Fishing With Lures"

Vic. McCristal 1979

A book with text and photographs on fishing with lures.

"Australian Seashores"

William Dekin 1956

A guide for the beach lover, the naturalist, the shore fisherman and the student.

"Blue Fin"

Colin Thiele 1979

Made into a film and shown again recently on T.V.

"Memoirs of the Queensland Museum"

A revision of the fishes of the family SILLAGINIDE.

(Contd/..... 3.)

REEL TALK

10

- 3 -

"Cooking Australian Fish"

Bay Books Sydney 1979

Mouth watering receipts with colour plates.

"Marron of Western Australia"

Department of Fisheries 1970

"Dangerous Fishes of Western Australia"

J.B. Hutchins. W.A. Museum 1980

Booklet covering the most dangerous fishes plus information on first aid and preventative measures.

Bas Marsh
LIBRARIAN

A.A.A. MEETING REPORT
17th SEPT '86

ANGLER OF THE YEAR:-

This event will be held at the Sportsman Association on 29th November 1986.

FREMANTLE FISHING:-

During the America's Cup period vehicles will not be allowed entry to the North and South moles, although you may be allowed to walk there.

A fee of \$2.00 will apply to people going to Victoria Quay in Fremantle Harbour - This fee will remain after the Cup.

FEEES:-

Unfinancial clubs within the A.A.A. means that delegates will not be in a position to vote nor will club members be able to fish competitively.

FUTURE EVENTS:-

- Mandurah 500 10-11th Jan 1987 (Public)
- Fremantle Fishing Club 21st Mar 1987 (Boat)
- Bunbury 25th - 26th April 1987 (Estuary)
- Drycasting 28th June 1987 - Venue to be advised

COMPETITIONS:-

The Angler of the Year System on point scoring will remain Champion of Champion Club will be over the four (4) competition events utilising the best ten (10) bags/score from particular club members competing.

QUEENSLAND CHAMPIONSHIPS 1987:-

Team Captains are:-

- | | |
|-----------------|--|
| Peter Osborne | - State Captain |
| Don Schmidt | - Beach Captain |
| Dave Valentine | - Estuary Captain |
| Sharon Osborne | - Drycasting Captain |
| Adrian Boogaard | - Boat Captain (Subject to acceptance) |

(Contd/.....2.)

REEL TALK

- 2 -

MOTION:-

The motion put by surfcasters and as amended by Bunbury was carried, viz. the nominee Sportsman of the Year is selected from the combination of the Angler of the Year and the National Championships for that year, the latter is held.

REPRESENTATIVE:-

A delegate from the A.A.A. is required to attend the Stirling Shire Council for persons involved in the use of the Stirling beaches. Person is to express the A.A.A. point of view to Stirling Council.

A.A.A. COMPETITION:-

The A.A.A. is looking at a competition where clubs send in a report each month on a field day result on the heaviest 12 bags.

This will allow feedback on fish captures by the clubs and will only involve sending in the paperwork.

COUNCIL GROYNES:-

A definition of the rights of fishermen and surfers (swimmers and board riders) will now be a Perth City Council regulation. Brochures will be published and signs erected at the City Beach and Floreat Groynes. If you fish the Groynes watch out for this information.

FISHING NEWS:-

John Curtis is to provide info on a weekly bases to Radio Station 6PR. Clubs having interesting details on Field Day results to contact John on phone numbers 401-3131 (home) 420-6972 (work).

STATE A.A.A. ESTUARY CHAMPIONSHIPS
23rd-24th AUGUST (1986)

We were represented by a senior's team, Jim MacDougall, Captain, with George Holman, Peter Osborne, Tony D'Alonzo, Dennis Stiglmayer and Ric Parker. Ladies were Philomena D'Alonzo (Captain), Helen MacDougall and Sharon Osborne.

The catch was mainly cobbler, with only a few bream making an appearance. Surfcasters didn't take any honours, but sure learned a lot about fishing the river.

Points to remember for next year's State Championships:-

- Blowies bite in the day time.
- Cobblers don't.
- Blowies have big teeth and eat hooks with or without bait.
- Bream don't, they gently suck the bait off your hooks and wait for the next serve.
- Fresh river worms or fresh prawns scrapped off the sides of the pylons are the best bait (just don't fall in).
- Following rains like we had this year, the best fishing is from the Narrows Down.
- Blowies can be caught anywhere.
- To fish the river successfully, you have to search for the fish. Your best bet is to find proven anglers like the Bunbury mob and stick as close as possible to them.
- Fish until the bitter end. The biggest bream was caught by a Melville lady at 8.40 am Sunday. Lines up time was at 9.00 am.
- It's considered angling courtesy to remove the cobbler bag before you put your bag in for weighing. It's considered stupid to use anything shorter than 12 inch sidecutters to do this.
- It's also stupid to measure your cobbler from the forward dorsal fin, as this can mean your bag gets disqualified for undersized fish. Always measure from the rear dorsal fin.

(Contd/.....2.)

17
WEEKEND DAY REPORT

VENGE:- SEPTEMBER 13TH-14TH, 1986
JURIEN BAY - OPEN

1. SEA AND WEATHER CONDITIONS:-

Smooth to slight seas, low swell.

Fremantle Tides: Low - Saturday, 0.3m at 3.11 pm. High - Sunday 0.9m at 6.24 am. Moon half and rising.

Wind: E/NE 10/12 Kts, SW 8/12 Kts in the afternoon.

2. BEACH CONDITION

Jurien Bay beaches were soft but comfortable driving.

3. WEEKEND REPORT:-

It was a generally quiet weekend. With our long weekend trip to Greenough coming up in a fortnight, most people decided to stay close to home for this trip. Joe Curulli brought back a couple of nice flat head from Long Point, an encouraging sign for our White-Hills/Mandurah competition in December (don't forget the barbecue after!). Graham got stitched up and had the tip of his rod snapped off. Something big and powerful!! What do you think Graham - a Shark or a Sampson? Michael caught some Tailor, but felt they were a bit on the small side. Nicola apparently had a nice Whiting but didn't make the weigh-in as no juniors weighed-in, the knife trophy will be kept for the biggest junior/mini-junior at Greenough. So come on kids - show the seniors up!

D. Alonzos and Osbornes went up to Jurien. They found some fish, but not in great numbers. What they did find in great numbers were giant mosquitoes, so take your fly spray to Greenough. Peter collected some sand from Jurien Bay groyne in his eyes and had to be carted off to hospital after the Sunday weigh-in. The resultant bandage looked like Sharon had kept her promise and patted him for making so much noise when he was catching all those fish while she managed to get only one! Tony of course took the heaviest bag, also the largest scale-fish. The Tailor caught averaged 500-600GMS.

Everyone else had a quiet weekend. Dennis Stiglmsayer absolutely refused to pet any visiting dogs, so is now walking upright again.

(Contd/.....2.)

18

- Cobblers are beautiful eating fish if you can talk your better half into cleaning them for you.
- River fishing still doesn't measure upto rock and beach, but it does have it's charms.

F.D.O.

TENT AND CAMPING EQUIPMENT SALE

Saturday and Sunday 11/12th October. All items are ex-hire and offered at low prices first to fishing club members. Items not sold on this weekend will be offered to the public the following weekend.

REEL TALK

20

- 2 -

Eric Parker didn't surprise us with another Salmon, and Basil Marsh didn't show up with his usual display of good Whiting. Incidentally Basil, there are some very nice Whiting up at Jurien, but they're gourmets and prefer expensive 90c a pop blood worms above everything else.

Keep in mind the Rock and Beach Championships October 25th & 26th (Cervantes to Greenhead boundaries). Teams will be formed at the October General Meeting. We hope to put up complete teams, so if you're interested be at the meeting or else let Sharon or Cookie know before hand.
