## **President's Report - October 2020**

Thanks to everyone who attended our Presentation night in September, It was great to see a good number of members there and enjoy a meal together, Well done to all those that received Trophies and certificates and thanks John Curtis, Victor Schilo, Ron Thomas and Peter Osborne for helping to organise the night, Thanks also to the Croatian Club for the food.

I have just returned from our field day at reef beach and it was great to see so many Salmon there. With the warmer weather starting I hope to see a few more heading to the beach to wet a line. Remember if fishing outside a field day please be aware of the open competition that is now listed in the reel talk, if you catch an eligible fish you can download the form from the website or ask the secretary to send one to you.

Sad news from AAA WA at the September special meeting it was voted that the association will close due to no one nominating for the 4 roles needed on the committee.

*Martin Wearmouth; President*

---

## **Membership Fees**

The SCAC Membership Fees for the 2020/21 year are due as at the 1st July.

But there is good news, fees for 20/21 are now:

Single Membership                      \$70

Family Membership                      \$80

Concession Membership                \$50

Concession Family                      \$60

Payment can be made via EFT (Please note your name in the remittance), Cheque or Cash at the monthly meetings.

The Secretary has sent out Membership Forms for all members to complete and return.

Please return them promptly, with all details completed in full.

**Bank details:**                      **Surf Casting and Angling Club**

*Enjoy your special day*

As I sat, strapped in my seat waiting during the countdown, one thought kept crossing my mind ... every part of this rocket was supplied by the lowest bidder.

**-John Glenn**

## **Surf Casters September 2020 Reef beach field day report by Martin Wearmouth**

We had decided on an early start at our September meeting so 5 Surf Casters met at Armadale at 6am on Friday to make the trip to Reef Beach Bremer Bay. Vince, Gary, Stuart, Sri and myself set off on time for the drive, after a stop at Katanning we arrived at the beach about 11.30am, Ron was already there and had managed to get the shack again which was a great bonus with the strong winds forecast for the next day.

After setting up and unpacking the cars we had lunch then headed off to check the beach conditions, we drove to the eastern end which was sheltered from the wind, the beach was soft in a few spots but we could drive all the way to the cliffs on the eastern side, with strong easterly winds forecast for Saturday and a storm coming in on Friday night this would be a good spot to fish and get some protection from the wind.

We fished at the eastern end out of the wind and Vince managed to catch 3 skippy and a few wrasse, I caught a herring, on the way back we fished a nice gutter but only I caught a 4.8kg Salmon. We returned to the shack and fired up the pot belly and had dinner and a few drinks as we all socialised and made plans of where to fish on Saturday.

When we went to bed the wind was strong and through the night as the storm went through the tin on the shack was quite noisy, It has been there since the 1960s and not much work has been done in the last few years, this made sleeping difficult as it sounded like the wind was going to rip the tin off.

Well we made it to Saturday morning with a lot less sleep than we would like and the wind had dropped but it was still very strong from the east. Ron headed off first and set up close to camp in a nice gutter. The rest of us headed to the eastern side to fish with mixed results but it was pleasant fishing with no strong wind. I managed to catch a few species on my float rig casting onto the submerged reef area: Western Rock Blackfish, Herring, Banded Sweep, Whiting, Wrasse & Cod, But those fishing the beach did not catch much in the protected bay.

Mark and Wendy Hansen arrived Saturday morning after having been to Bluff Creek on Friday and put a memorial plaque on the rocks for Mark Nurse. They set up camp at the eastern end.

After lunch we again fished the eastern side but with low tide did not catch much, I moved to a spot close to camp that was close to the outer reef and managed to catch 6 skippy but with the strong wind it was hard fishing and the fish only came on the bite for about 20 minutes and for the next half hour not even a bite so I headed back to camp to warm up by the fire.

Saturday night was a much better night in the shack, the wind was not making any of the tin rattle so we all slept much better. On Sunday morning I tried my Skippy spot but caught nothing. Ron and Vince fished a nice gutter and caught some Salmon, Vince caught and release a 83cm salmon, we decided to drive further east and spotted a salmon school but after a couple got caught they moved out to deeper water and stayed just out of reach for a couple of hours. We set up in front of them and still managed a few salmon each until we returned to camp for lunch, Ron had left late morning to head home.

After lunch we went back to the spot, we saw the salmon and found another smaller school that again was out of casting distance. We set up on the beach close to them and again picked up some stragglers over the next few hours.

Sri had just bought a drone so he set that up and dropped a bait out next to the salmon school, it did not take long and he was onto a salmon. After that one was beached he sent the drone out again and this time landed in the salmon school as soon as the slack was taken up the salmon was already on but this time on the way to the beach the fish tangled up in 3 other lines, this was the first time Sri had used the drone so a great start.

Just before dark I moved back to the spot I had caught the Skippy the day before but did not catch anything. Vince and Mark fished with me and both caught some Herring before we packed up and headed back to camp, we again had the pot belly going and everyone sat and socialised as we kept warm by the fire.

Mark and Wendy joined us ready to drive home early on Monday morning.

Gary left early Monday morning but 4 of us stayed on to fish another day. After breakfast we fished a gutter close to the track onto the beach but all I caught was a stingray, we headed east again to try and find a salmon school. I spotted a small school and cast into it but the fish just ignored the bait and moved on, this happened about 5 times over the morning so we moved to the sheltered bay under the cliffs at the eastern side but again not even a bite.

After lunch we fished the gutter close to camp that Ron and Vince had caught the salmon, it looked good but again no fish, Vince did catch a stingray (I was fishing next to him and was glad it was not on my line 😊), Sri put out some more drone baits but no bites this time so we headed back just on dark to fire up the pot belly and have dinner.

We had all four seasons again this trip, starting with strong wind and storms then finished with a nice sunny Sunday, a good variety of species with Mark Hansen getting 9.

Thanks to all those that attended the trip and I hope to see everyone back at another field day soon.

## **First Fishing trip to Reef Beach by Stuart Waterman**

Early Friday morning, half a dozen keen anglers headed off towards Reef Beach for a weekend of fishing and camping. We were hoping to jag the shed for a bit of protection, hence the early get away. Little did we know the advanced party was ahead of us, securing the shed campsite, checking out the fishing report on our arrival, and preparing morning tea (that last bit may not be true, but would have been nice) thanks Ron, well done mate.

The weather the first 24 hours was pretty ordinary, as was the fishing. The wind during that first night was relentless the fear of the stability of the shed a concern to all, however eventually it settled and some sleep was achievable. We also had a couple of human alarm clocks to get us going each morning, however I think they were in South Australia time zone, as the hours of sleep seemed to be reduced.

The weather did ease over the next few days making fishing a little easier at times, with a variety of species being caught along the beach.

Salmon were a welcome sight with their large black schools cruising the beaches, frequently sitting just out of casting range for most of us, anyway.

There was a good catch of herring caught at the eastern end of the beach by Mark, with a variety of assorted species.

Sri managed to score 2 nice salmon from his first two drone drops, an enviable record.

I managed to score a salmon on a white richter lure, a first for me.

Martin scored several nice salmon, long cast helps reach them.

Vince was excitedly fighting the only hookup on our last afternoon after a very fishless day, only to be disappointed as the stingray waved its flaps at him.

Field Day Sections up to and including September

## **Open fishing competition 2020/21**

The Open Competition is for fish caught between 1 May 2020 and 30 April 2021, other than on Club gazetted Field days, Entries for the Open competition close **30 days after capture**. See Competition Rules Section 4.

Section	For	Minimum weight	Entry
1	Most meritorious capture	None	To be awarded by Committee
2	Best shark	4.5 kg	
3	Best mullet	5 kg	
4	Best salmon	3.5kg	Peet Wessels, 6kg Reef Beach 1/6/20
5	Best flathead	0.5 kg	
6	Best tailor	1.5 kg	
7	Best samson fish	5 kg	
8	Best fish on single handed rod maximum 4kg line class (Bait)	Legal size	
9	Best pink snapper	2 kg	
10	Best tarwhine	0.5 kg	
11	Best mackerel	4 kg	
12	Best skipjack trevally (southern)	1 kg	
13	Best trevally (northern)	2 kg	
14	Best snook or pike	0.5 kg	
15	Best black or yellow finned bream	0.6 kg	
16	Best scale fish other than sections 3-15	2 kg	
17	Best fish caught on fly rod.	Legal size	
18	Best fish caught using a soft plastic or hard body lure on a single handed rod (4kg line max.)	Legal size	
19	Best Fish caught by Drone	Legal size	

## **Barron Lure Competition**

The Barron Lure competition is sponsored by Eric Parker, who donates the trophies. Try Eric's Poppers, you will not be disappointed. The rules for this competition are the same as for the clubs open fishing competition, plus the fish must be caught on a popper lure and a single fish cannot win more than one Barron lure section

Heaviest Tailor on lure	No Entry
Heaviest Salmon on Lure	No Entry
Heaviest Scale fish on lure	No Entry

Top scores up to September		
Rank	Angler	Total points
1	Martin Wearmouth	1285.5
2	Ron Thomas	822.2
3	Peet Wessels	805.5
4	Mark Hansen	767.6
5	Vince Tomazin	616.3
6	Sandra Wessels	435.8
7	Theo Van Niekerk	302.4
8	Shane Wignell	257.5
9	Gary Parkinson	255.7
10	Sabby Pizzolante	224.4
11	Stuart Waterman	220.5
12	Brad Zaknich (visitor)	161.2
13	Chris Stickells	152.2
14	Dom - visitor	120.0
15	David Wilding	59.0
16	David Trainer	30.0
17	Sri Srigandan	20.0
18	Ian Taggart	10.0

## Recorder Report

It was good to see the competition year kick off in May with some great fish caught. A couple of new faces David Wilding added a Salmon to his species badge and at 3.6kg to his Master's badge, David Trainer also added Herring to his species badge

In the open competition the ledger has been wiped clean to start fresh and the first entry was a solid salmon weighing 6kg at Reef Beach from Peet Wessels, There were some great photos taken on that trip and the gutters looked superb. The Salmon was caught outside of the competition "lines down period" hence eligible for the Open Competition. During the field trip amongst a large bag and plenty of points Peet also caught a large Tailor 3kg gilled and gutted. Well done Peet

Now the borders are open people can take a break and head away to some fishy destinations, do not forget to keep the Open Competition in mind.

If you're unsure of any fish caught for eligibility just give me a call.

*Justin Rose*

## DRY CASTING – 6<sup>TH</sup> SEPTEMBER 2020

Not much to write about this month with only four members turning up for what was supposed to be a wet day, but once again, no rain.

I think Father's Day was the culprit for the lack of attendance. I think we will lay the blame on that anyway.

Hendo had a good day in both accuracy events with 153m in the DHA and 135m in the SHA, along with 3 bulls eyes. Good to see.

Chas threw both 56gr casts out but made up for it with the longest artificial bait at 138.25m and the longest 112gr at 169.00m.

The first Sunday in October will be our last Sunday for the next 5 or 6 months, so it's back to a week day. You will be informed if there are any changes.

Ron Thomas DCO

Geoff Ratftis

## Time to stop WHINING and to start WINING

I don't understand why prescription medicine is allowed to advertise on TV or why anyone would think of trying one of the medicines after listening to the laundry list of warnings of possible side effects. But this is definitely an exception!

Do you have feelings of inadequacy?

Do you suffer from shyness?

Do you wish you were a better conversationalist?

Do you sometimes wish you were more assertive?

Do you feel stressed?

If you answered yes to any of these questions, ask your doctor or pharmacist about

### *Cabernet Sauvignon*

Yes, Cabernet Sauvignon is the safe, natural way to feel better and more confident.

It can help ease you out of your shyness and let you tell the world that you're ready and willing to do just about anything.

You will notice the benefits of Cabernet Sauvignon almost immediately and, with a regimen of regular doses, you'll overcome obstacles that prevent you from living the life you want.

Shyness and awkwardness will be a thing of the past. You will discover talents you never knew you had.

Cabernet Sauvignon may not be right for everyone. Women who are pregnant or nursing should not use it, but women who wouldn't mind nursing or becoming pregnant are encouraged to try it.

### **Side Effects May Include**

Dizziness, nausea, vomiting, incarceration, loss of motor control, loss of clothing, loss of money, delusions of grandeur, table dancing, headache, dehydration, dry mouth, and a desire to sing Karaoke and play all-night Strip Poker, Truth Or Dare, and Naked Twister.

### **Warnings**

The consumption of Cabernet Sauvignon may make you think you are whispering when you are not.

The consumption of Cabernet Sauvignon may cause you to tell your friends over and over again that you love them.

The consumption of Cabernet Sauvignon may cause you to think you can sing.

The consumption of Cabernet Sauvignon may create the illusion that you are tougher, smarter, faster and better looking than most people.

Chardonnay, Sauvignon Blanc, Pinot Grigio, Scotch, Vodka or Bourbon and of course, Beer may be substituted for Cabernet Sauvignon, with similar results.
