153 Harbourne Street, Wembley 87 3408

NEXT GENERAL MEETING (SEPTEMBER)

Our next General Meeting will be held at the National Fitness Council Annexe, 50 James Street, Perth on Tuesday the 8th September 1964 and will commence at 8 p.m. SHARP.

INSTRUCTION PERIOD

At a recent meeting of another fishing club, a member (who is also a member of our club) gave an extremely interesting talk on various aspects of angling. Our worthy President - never one to miss an opportunity - immediately prevailed upon Ian Brown to give another similar talk at our September General Meeting.

Ian's talk is to cover many aspects of reef fishing and the use of the Alvey Reel, which should make this evening a must for most members.

Whilst on the subject of Instruction Periods, it was very distressing to observe the conduct of some members at the June General Meeting when a guest speaker was invited to give a talk. It is extremely bad manners to arrive after a meeting has commenced and as all members know that standing orders are normally suspended to allow a visitor to proceed with the lecture, punctuality is even more essential on these evenings. Perhaps those members who find it so hard to leave what they consider more congenial surroundings would be better advised to remain where they were!

PAST COMMITTEE MEETING (AUGUST)

Acting upon a suggestion from Jack Harvey the August Committee Meeting was held in a hall, very kindly made available by the association of which Jack is a member. Business of the evening was quite extensive and the meeting finally closed at approx. midnight.

NEXT COMMITTEE MEETING (SEPTEMBER)

To be held on Friday 18th September at the Master Painters Association premises, 80 Hay Street, West; Subiaco.

### CLUB FEES

The annual subscriptions of £2. 2. 0. for seniors and 10/- for juniors (under 17) were due at the Annual General Meeting in July and should be paid without delay to the Treasurer, Ted Savage.

### XMAS HAMPER RAFFLE

Following the success of our raffle last year, the committee have applied to the Lotteries Commission to run another, along similar lines, with the proceeds to go towards our building fund.

Once again members are to be called upon to help make up the hampers with donations of non perishable goods, and these will be thankfully accepted at General Meetings.

There are to be three hampers as prizes and tickets will be 1/- each.

### GENERAL MEETINGS

As many members realize to their discomfort the premises where our meetings are held are somewhat cramped especially when a guest member is conducting an instruction period. It has been suggested that we endeavour to obtain the use of a larger hall, and to this end, while still trying to retain the central location of our meetings, the Jolimont Hall at the west end of Hay Street has been mentioned. The matter will come up for general discussion at the next meeting and members are invited to offer their views.

Whilst on the subject of meetings, it is proposed to invite Roley McKay to give a full evening of slides and discussion on fish identification, on the October meeting night, and to this end the Jolimont Hall mentioned above has been reserved.

If the sample given by Mr. McKay at the June Meeting was any indication, this is one evening that is a must for all members who have an interest in the piscatorial pastime..

DRY CASTING - 3RD AUGUST, 1964

Wow! What a day - we should change the name to "Wet" Casting, the rain didn't stop all day and I was, along with others, quite damp even though I had my wet gear on. Noticed Ron Shirley with jackets on to try and keep dry.

Even with all the rain 26 seniors and 3 juniors came along to test their skill and skill there was. The S.H. record for the Sportsman of the Year was broken twice - by Bob Tichbon and Bill Bridger. The D.H. Accuracy record for the same event was also broken twice - by Allan Bunnett and Bob Tucker and there was a new record established by Rick Jensen for the Juniors in the D.H. Accuracy with 65/80.

The best casts in the Level Line Distance event were Bill Bridger 389ft., Allan Bunnett 366ft. and Norm Clark casting well 345ft. Jack Harvey eventually won this event with 307 - 171 - 478 from Doug Talbot (a much improved castor) with 297 - 167 - 464. Norm Clark was third with 332 - 130 - 462 just pipping Tom Smith by one point.

The rain didn't seem to worry anyone in the D.H. Accuracy as no less than 11 members scored with all four casts. Noel Knight scored the only bull. This event was won by Bob Tucker with 65/80 who now shares the club record for the D.H. Accuracy - weight with myself. Allan Bunnett was second with 62/80 and Bill Utting and Noel Knight with 54/80 were equal third. Nice to see Noel coming good after his recent accident.

The S.H. Accuracy resulted in a crop of bulls - these were scored by R. Tucker, W. Utting, W. Bridger, I McLennan, R. Jensen, R. Tichbon and J. Strong. Bill Bridger established a new club record of 34/40 beating Bob Jensen's record by two. Bob Tichbon was second with 30/40 and Ian McLennan third 29/40.

SENIOR HANDICAPS ADJUSTED

J. Harvey	171 - 129	N. Clark	130 - 118
D. Talbot	167 - 139	T. Smith	164 - 146

Allan Bunnett is slowly consolidating his position on top averaging 102 for the four casting days so far. Following is a list of scores as they now stand with August scores first:

A. Bunnett	117 - 407	A. Ticklie	49 - 150
W. Bridger	100 - 389	K. Martin	(A) - 143
R. Kildahl	90 - 362	J. Harvey	93 - 142
N. Clark	107 - 353	E. White	36 - 135
R. Tucker	113 - 347	H. Bester	(A) - 130
K. Jones	76 - 330	A. Horton	(A) - 117
W. Utting	102 - 302	R. Ellis	(A) - 109
C. McLennan	86 - 295	K. Hunt	(A) - 109
L. Tate	64 - 268	R. Lilly	(A) - 74
R. Jensen	84 - 262	G. Greenham	(A) - 74
R. Shirley	90 - 257	H. Gregory	(A) - 64
D. Talbot	104 - 242	E. Walsh	25 - 64
R. Tichbon	84 - 234	D. Rodgers	53 - 53
J. Strong	21 - 215	M. Dawson	16 - 40
H. Barrot	95 - 215	D. Beadon	(A) - 36
B. Payne	(A) - 209	H. Neil	36 - 36
N. Knight	81 - 209	T. Walsh	(A) - 10
E. Sullivan	65 - 206	T. de Jussing	10 - 10
T. Smith	58 - 180		

#### JUNIOR SECTION

Don Bridger cast 301ft. in the L.L. Distance (putting many seniors to shame) and eventually won this event with 291 - 185 - 476. As already stated Rick Jensen established a new record for the D.H. Accuracy with 65/80 which incidently is also the senior record. Rick also won the S.H. Accuracy with 21/40. Both Rick and Don scored a near miss in both events.

R. Jensen	132 - 482	N. Knight	79 - 127
D. Bridger	126 - 434	A. Barrot	(A) - 64

<u>H. OPEN</u>	D. Bridger	162 - 303	R. Jensen	145 - 288
----------------	------------	-----------	-----------	-----------

<u>HANDICAPS ADJUSTED</u>	D. Bridger	185 - 152	N. Knight	270 - 257
---------------------------	------------	-----------	-----------	-----------

S. H. OPEN

R. Tucker	238 - 508
N. Knight	221 - 453
A. Bunnett	230 - 447
E. White	194 - 392
R. Kildahl	182 - 383
K. Jones	180 - 364
J. Harvey	192 - 360
R. Jensen	147 - 342
R. Tichbon	151 - 341
D. Talbot	150 - 339
J. Strong	173 - 338
E. Sullivan	175 - 334
L. Tate	149 - 333
W. Utting	165 - 314
I. McLennan	151 - 310
H. Barrot	157 - 301
H. Gregory	(A) - 227
B. Payne	(A) - 216
R. Shirley	211
A. Ticklie	203
R. Lilly	(A) - 201
T. Smith	195 - 195
A. Horton	(A) - 187
K. Martin	(A) - 177
R. Ellis	(A) - 177
G. Greenham	(A) - 174
H. Bester	(A) - 170
D. Beadon	(A) - 153

Next casting day includes another OPEN event, the D.H. Level Line Distance. In future, in all events swivels or rings will be allowed - to be attached direct to sinkers.

Events for 6th September at Floreat Park Oval 9.45 a.m. SHARP

FIELD DAY - LANCELIN - 15TH & 16TH AUGUST, 1964

Weather conditions:- South easterly winds, low tides and the fish very hard to locate. An excellent attendance of 42 members, 3 juniors, 4 visitors and one junior visitor for a grand total of 50 indicated many members appreciated the opportunity to wet a line in the enjoyable conditions, especially after the cancellation of the last two field days.

I noticed amongst the visitors, a former club stalwart and top caster George Green. Mick Doscas, Bert Payne, Horrie Muirson, Gil Clohessy and Keith Mulvey were observed enjoying the outing and Ian Brown - with his special brand of humour - making tea and toast at 4.30 a.m. and asking where were all the other members.

The late afternoon and early morning were very cold and waders were essential especially when fishing the channel by Edward Island where it was necessary to wade well out to be able to reach the deeper water when casting. At one time I counted at least a dozen members, up to their waist in the freezing water trying their utmost to defeat the persistent blowies, while off the Point to the north, a dot way out in the water turned out to be Ian Brown - this boy sure is keen.

As the evening wore on the ranks of anglers standing out to sea thinned out, although Doug Talbot and Eric Sullivan tried hard, landing their baits well out in the channel without results. Bob Tichbon was also busily engaged casting far and wide as were Arch Ticklie, Arthur Horton and Allan Bunnett but once again the blowies won the day.

Phil Neri and I took our single handers out on the jetty to try for some herring. The jetties have certainly taken a pounding in the recent storms and with many planks missing and twisted are extremely hazardous to negotiate. Phil of course is master of this type of fishing and I'm afraid I sorely tried his patience, for as well as using up most of his leaders, I left the lid off the tin of wogs and when my torch failed, the job of catching them as they marched up and down the jetty was almost as difficult as catching herring.

At the weigh in next morning, Norm Clark looked a picture of satisfaction with his fine Salmon and Jack Harvey's Mulloway was a beauty and took everyone's eye. Though our poundage of fish caught was low I am sure everyone enjoyed themselves and were glad to see a break in the weather at last.

The camping area appeared quite satisfactory and Rangers fee of 2/- each was reasonable as firewood, dustbins etc. were provided and he was prepared to assist any way he could. Bob Klein was observed showing his cooking prowess when Ron Shirley and Ron Kildahl returned from the beach, and I must say Bob's caravanette is a neat outfit.

Many thanks to all who assisted on the venue especially Horrie with the camera and if any member has any titbits of happenings on future Field Days I would appreciate them to assist in compiling this report. Our tally of fish caught so far this year is only 253lbs. so here's hoping things improve at Garden Island next month. Congrats. to the Award winners - who really earned them - and hoping to see you all next venue.

JIM STRONG F. D. O.

DON'T FORGET

CLUB FEES

NOW DUE

CLUB NEWS AND NOTES

The picnic day at Yanchep was such a success last year that Ken Wiggins, the Social Organiser has been encouraged to arrange a similar outing on 11th October next. Ginger beer and icecream will be turned on for the kids and plenty of competitions for everyone - more details later.....

Nick Crouch continues to bag a few Salmon from the North Mole, mainly with spinners. He also reported on one angler who hooked a good sized Mulloway but lost it on the rocks when his line chafed through.....

A friend of Eric Sullivan has just returned from a trip to Darwin, and, at Eric's suggestion, met up with Norrie Cross. Norrie's latest effort is a 38lb. Barramundi.....

Ron Shirley covered 408 miles by road in two successive weekends looking for the elusive finny ones without getting a bite. So last weekend, accompanied by 3 other club members he visited Garden Island and put in six hours of concentrated effort, but has still to get a bite. Nevertheless it is helping to run in his brand spanking new car.....

The record capture of a Wirrah, published last month as being 3lb. was a mistake and should have been 2 lb.  $7\frac{1}{2}$  oz.....

Jim Strong has taken over the duties of Publicity Officer so all outstanding captures etc. can be passed on to Jim by ringing 71 2126. At the same time don't forget to let the Editor have interesting Club News by ringing 74 1041.....

If identification is required by a tackle store when you want discount on your purchases, the current receipt for your fees is sufficient proof of membership.....

There were fish to be caught at Garden Island last weekend, Alan Livesey and Hugh Gregory proved by catching  $4\frac{1}{2}$  and  $3\frac{1}{2}$  doz respectively, good sized Skippy around the  $1\frac{1}{2}$  lb mark.....

SEPTEMBER FIELD DAY

The venue this month is to again be Garden Island and the arrangements are as follows:-

Boat departure 9.30 a.m. and 2.00 p.m. Saturday at Palm Beach, returning from Garden Island at 10. 0. Sunday. Fishing commences at 4.00 p.m. and ceases at 8.15 a.m. with the weigh in from 8.15 to 9.15 a.m. at the large hut.

Fees are 2/- sweep, 1/- registration, beds in the hut 5/- for seniors and 1/- sweep and 2/6 for beds for juniors, payable to Jim Strong on the early boat or Norm Clark on the afternoon boat. Boat fare, payable to the skipper, is 8/- seniors and 4/- juniors and transport arrangements on the Island can be made with Jim Hawkins.

NOVEMBER FIELD DAY

Long week-end 14th, 15th and 16th November!

As most members realize, this venue will entail a fairly lengthy trip over roads which may not all be plain sailing, so the Field Day Organiser, Jim Strong is endeavouring to draw up arrangements which will assist everyone to enjoy the outing safely.

Subject to discussion by members at the next couple of meetings it is planned to assemble at the Muchea turn-off at 10.00 p.m. Friday night and, depending upon which route is finally chosen, proceed to the overnight camping spot. We will then proceed in convoy next morning, through Jurien Bay and over the difficult track to North Head.

The venue will commence at 12.00 a.m. Saturday and finish at 9.00 a.m. Monday, with weigh in times at 10.00 a.m. Sunday and 9.00 a.m. Monday.

To make the weekend a success, the full co-operation of all members is essential and commonsense and assistance on the road will make the trip easier for all. It is suggested that members get together to try and keep transport costs down, the overall distance being about 380 miles, so don't forget to carry extra water and petrol.

FIELD DAY VENUES FOR 1964 - 65

MAY	Yallingup
JUNE	Garden Island
JULY	Garden Island
AUGUST	Lancelin
SEPTEMBER	Garden Island
OCTOBER	Moore River or Ledge Point
NOVEMBER	North Head (Jurien Bay)
	- long weekend -

DRY CASTING RULES

RULE 1.

Casting shall be under the direct supervision of the Casting Day Organiser. Officials ( starters and markers etc., ) shall be appointed by him as required. His decision shall be final.

RULE 2.

Any member who has not placed his name on the starters "List of Competitors" before the commencement of the first event shall thereby eliminate himself from that event.

RULE 3.

Practice casting shall cease when the competition commences. Any member infringing this rule, except with the direct permission of the Casting Day Organiser, who may give this permission, if requested, to clear line after an overrun etc., shall forfeit his next cast.

RULE 4.

Casting shall be in the correct order as per "List of Competitors" Any member not responding to the call by the starter by the time he is due to cast, shall forfeit that cast. Provided however that the "Casting Day Organiser" has the right to waive this rule in respect to officials or upon request by a member having an overrun etc.

RULE 5.

Members are to line up to the rear, left hand corner of the casting arena in their correct order when called by the assistant starter.

RULE 6.

Only that member actually casting is allowed in the casting arena.

RULE 7.

No cast shall be made until permission is given by the starter who shall wait until the all clear is signalled by the marker and he has replied with the same signal before giving that permission. Any defaulter of this rule shall not be credited with a score for that cast.

RULE 8.

Upon completing a cast, the caster is to immediately vacate the casting arena and move clear to wind in.

RULE 9.

All events will be contested with:- Standard fishing gear using level line throughout. (Line of same gauge or breaking strain - no heavier leaders allowed). Any infringement of this rule will subject the offender to loss of all points for that day's casting and he will forfeit his right to complete the programme.

RULE 10.

Weights, except when used with baits, and spinners, must have attached not less than twelve inches of half inch yellow tape. Tape is to be attached by one end, not tied in the middle. (This rule also applies to practice casting and must be strictly adhered to). Penalty for non-compliance - no score for that cast.

RULE 11.

The object being cast (weight, blob, spinner, etc.,) must leave the rod tip to count as a cast.

RULE 12.

Mis-casts, such as backlash, breakoffs or failure to put reel into free spool or trip the bail wire, shall count as a cast.

RULE 13.

In the event of a breakoff it is the responsibility of the caster concerned to retrieve the weight etc., immediately the course is clear.

RULE 14.

All markers shall wear protective headgear at all times when marking. No junior is permitted to mark.

RULE 15.

Markers are to move clear of the target area and when ready, signal the "All clear", to the starter, by waving a green flag from side to side above the head. Casting may be stopped by the markers in an emergency by raising the red flag above the head.

RULE 16.

Markers shall stand to the side of the target area in accuracy events, not behind, and shall stand perfectly still while the cast is being made.

RULE 17.

Points are to be allocated from where the weight or blob strikes the ground, not to where it bounces.

RULE 18.

Marking shall be to the nearest foot in distance events. In accuracy events, the target area will be either a 10 or 20 ft. radius circle and scoring using the accuracy marking tapes shall be as follows:-

"Within a 1 ft. radius of the target, 10 points in the 10 ft. target area and 20 points in the 20 ft. target area.

Within a 1 ft. and a 2 ft. radius circle of the target, 9 or 19 points respectively.

Within a 2 ft. and a 3 ft. radius circle of the target, 8 or 18 points respectively."

Scoring shall continue in a like manner until either the 10 or 20 ft. radius circle is exceeded when no points shall be registered.

RULE 19

The accuracy marking tapes shall consist of 10 and 20 ft. lengths of the best quality tape available and at one end shall be attached a ring of sufficient size to allow the shaft of the target to pass through. The tapes shall be graduated in feet.

Between the first and second foot graduations, the figures 9 or 19 respectively shall be marked.

The markings shall continue in a like manner until between the last graduation and the end of the tape, the figure 1 is marked.

Rule 20.

Handicaps for distance events shall be assessed, in feet on the "True Average Distance" for any such event. If three casts are successful, the total distance of those three casts shall be divided by three, to find the "True Average Distance". If only two casts are successful, the total distance of those two casts shall be divided by two to find the "True Average Distance". In the event of only one cast being successful, the distance cast shall be the "True Average Distance".

The "True Average Distance" shall be subtracted from the base of 450 ft. for double-handed rod events or the base of 300 ft. for single-handed rod events and the figure so obtained, shall be Handicap, provided that no handicap for double-handed rod events shall be greater than 180 ft. and no handicap for single-handed rod events, shall be greater than 150 ft.

Handicaps shall be checked everytime a member casts in any handicap event.

If the base figures are exceeded, the handicap shall be revised by reducing the handicap by the figure obtained when the base figure concerned is subtracted from the sum of the average distance recorded and the current handicap.

In the event of a member not exceeding or equalling his handicap after having cast in six similar handicap events, his handicap shall be reassessed on the highest "True Average Distance" cast in those last six events.

RULE 21.

In both double-handed and single-handed accuracy events juniors will cast at the close targets from the normal casting position. When casting at furthestmost targets they will cast from a position 30 ft. in front for the double-handed and 15 ft. in front for the single-handed events.
