**Reel Talk Editor:**

All going well with the Reel Talk, all reports required by 29 August.

**Property Officer:**

Thanks to Peter, Marcia, Andrew and Stephen Pekaar for laying down new lino at the Kalbarri House in the second bedroom.

There are several problems at the Kalbarri House that will come at a dollar cost.

- 1) There is a problem with the Septic Tank and it needs to be emptied out – Vix to contact Water Corporation for more details.
- 2) Toilet cistern needs attention.
- 3) Trees need trimming, hanging near the power lines – Western Power has quoted.
- 4) Fridge needs urgent attention - temperature is fluctuating (reported by Marcia).

All bookings are still going well since Christmas with no cancellations to date.

**Secretary's Report:**

Surf Casters Club Colors still available for purchase. Several sizes are available – contact John.

**Field Day Officer:**

Peet Wessels thanked Mark Hansen for helping out on the past year's Field Days. Last Field Day was Cape to Cape (north) all went well with a few problems as reported in the Reel Talk

**Meeting Closed:** 9.35 pm

#### **Notice of Motion**

I hereby give notice that I intend to move the following motion at the September 2008 General Meeting:

“That the date for the field day planned for the 11-12 of October 2008 be moved to one week later to the 18-19 October 2008.”

**Moved:** Malcolm Harris

**Seconded:** Mark Hansen

The reasoning behind this motion is that the previous field day (September 2008) has been moved out of its usual spot which is in the middle of the month to the end of the month to coincide with the AAA Rock and Beach event. The AAA event is to be held in the Walpole area and our October Field Day is to be held in the Margaret River area. As both of these events require some considerable driving to participate and as they are currently only two weeks apart, I am concerned that the cost of attending both these fields days will be prove to be prohibitive to most. Field days work well when there is the maximum number of members attending and with these two field days so close together, I think we are not going to get very many members able to attend both events.

***Malcolm Harris***

## **Rottnest Field Day Report – 15-17 August 2008**

The weekend started off on a beautiful sunny Friday afternoon. Driving down South Street and listening and singing to playbacks from wayback I said to Sandra, "I think we are in for a Ripper of a week end". Thinking back now, that was exactly how it was. Who would have imagined that we would be able to spend almost two full days out on Radar Reef?

At the ferry terminal, things went smoothly and by 6:15 pm the smiling and happy faces of Ian Cook, Malcolm Harris, Vix Alexander, Ian Taggart, Wendy & Mark Hansen, Tino Baiardo, Hadley Markus, Greg Keet, Lea Taylor, Peter Osborne, Peet & Sandra Wessels were all onboard. After a very comfortable 25 min we moored at Thompson Bay. While waiting for our rods Sandra went to reception to sort out our

accommodation and arrangements for the rest of the weekend. By 7:30 pm we were at our newly painted and renovated Caroline Thompson cabins. The cabins were great and by renting an extra one we had enough space making it so much more comfortable with all the fishing gear. 8:15 pm and we all sat together in the restaurant having a very tasty dinner and

talking about whatever came to mind.

Saturday morning 6 am and we packed the bus with enough rods and gear to hardly leave us a place to sit. Most of us decided Wilsons was the first place to try out. The conditions for fishing were just perfect.

Everybody was bait casting and tried their best but Wilsons only surrendered two Tailor for the first hour.

Soon the guys went on to other spots. A few Herring, Wrasse and Tarwhine were caught for the morning session. After a good lunch and a lie down on the warm bitumen the guys slowly made their way back to the reef. The sea was so calm with just about no swell, allowing us to go out to places that we had never fished before; this was very relaxing and enjoyable fishing.

Sunday morning only saw a few fisho's on the bus, the rest of us sleeping in and waiting for the afternoon session. It was another glorious day, but the sea had other ideas for the day with intermittent high swells coming through, catching the unwary angler every time. Many of us had an unplanned dip or swim, with a few of us going for a dip more than once. Fishing was generally slow through the day with the odd fish landed. The fishing did, however, pick up late in the afternoon and with people like Ian Cook and Tino Baiardo prepared to fish the reef in the dark, had great success with bag limits of good size Skippy.

At scale time a fair amount of good fish was weighed in. Peter Osborne won the prize for best scale fish with a beautiful Yellowtail Kingfish of 3.2 kg. Greg Keet won the prize for heaviest bag with a mixed bag of 4.624 kg.

Again this was a very successful and memorable Rottne weekend. We are already planning for our next two Rottne Field days in 2009 and I will encourage you all to put your names down early. Our next Field day runs together with the AAA Rock and Beach down at Walpole/Denmark on the long weekend of 27-29 September 2008.

***Following is our Mal Harris's, speech from our Annual Trophy Night.***

**President's Report for Annual Dinner and  
Presentation Night 2008**

Good evening ladies and gentlemen and welcome to the annual dinner and presentation night, which, if I have my maths right, is the Club's 56<sup>th</sup>.

Before we proceed into tonight's formalities I would like to acknowledge the longevity of this Club and all those people who have played an active role in shaping it into what it is today. Sadly, not all those people are still with us, so I would like you to join me in raising a toast in their honour. So, if I can ask you to charge your glasses and stand and drink a toast to absent friends. Absent Friends.

Before we start the presentations, I would like to say a few words on my first year as President of your Club. I would have to say that it has been a bit of a surprise I have found myself in the President's position at all. When Vix and I joined the club in the beginning of 2002, we were just looking for a way in which we could improve our fishing and meet like-minded people and maybe get an opportunity to fish some of those secret spots that you only hear rumours about. But there was more to this Club that we didn't know at the time. If you had said to me then that I would get right into this strange practice of casting lumps of lead around an oval once a month, and not only that I would be involved in this bizarre practice but that I would be part of a team that would represent the State in this sport, I would have seriously doubted your sanity. It just goes to show that you can never predict what life has in store for you.

As President, this year has in the main been very enjoyable, albeit with a few bumps along the way; I must say it's been an education.

So just summarising the year just gone:

**Social**

Our annual night cast and Christmas get-together was again another hit with a good number of members attending. As in past years, it was held at Kay and George Holman's house which has easy access to the park behind their house. It's a great night, a few drinks and a BBQ while waiting for the sun to go down before the casting action could commence. The scoring of this event has always been suspect I think; somehow I seem to always end up right down the bottom of the score sheet, but it's always a great night. Not forgetting of course our annual dinner and presentation night where we had over 40 members and friends attend for a good night.

We have also enjoyed a number of specialty dinner nights right here at the Marmion Angling Club. These have been organised by John Crompton who is a member of the Marmion Amateur Angling Club and it's been a great opportunity to get together outside of our Club activities.

**Dry Casting**

Our dry casting events have, I think, become a much more relaxed and enjoyable event than in previous years. The day now has improved attendances which is a good indicator of an affordable and enjoyable day with your club mates with a little bit of competition thrown in. This is due in no small part to the Pekaar family who between them set up (with the help of some early birds) and run the day very well indeed. As mentioned, the numbers are up, especially in the Veterans. This may be a sign of the times with our membership ageing and a few of our Seniors moving over to the Vets every few years. Also we have a couple more ladies competing now, which make for good competition.

We have also seen a number of our club records tumble over the year and vast improvements in the performance of a number of our members. This level of skill and commitment across the dry casting events can easily be demonstrated by the results of last year's State Dry Casting competition where our Club won the teams events in Veterans, Ladies, Seniors and Junior divisions.

### **Field Days**

Although the field days don't seem to attract the numbers that they did in years gone by, we did fish in some great spots throughout the year. Places like Bluff Creek, the Cape to Cape region; Rottnest; Cervantes; Port Gregory and Steep Point have all seen some great times. The Steep Point Safari sticks in my mind the most, as this was the first time Vix and I had fished this area which has developed an iconic status over the years. Although the land based fishing was not that productive, just being there in what is rightly classified as a world heritage area was reward enough. Trips like these don't get organised by themselves and people like Greg Walker, Mark Hansen and Ian Cook deserve special mention for their efforts in making this trip successful. By the way, there's another trip planned for next year so see Greg to reserve a spot.

Going back to what I said about the small number of people attending field days, you would have to say that for one of our members, attending the Cervantes field day is of particular importance to him. Peter Osborne has been working in the Middle East for some time now and has timed his last couple of returns to Perth with the Cervantes field day; now that's dedication to your fishing.

Now just in finishing, there are a number of people whom I would like to thank for their help and assistance throughout the year. Firstly, the Committee, without whom the Club would simply not operate.

You all know who they are but I think that they need individual recognition.

**Ron McPhee** from Ozflex

**Ric Parker** from Baron Lures

**George and Kaye Holman**

**Morris and Elana Kolman**

**Peter Osborne**

**Trevor Stam** who wanted to remain anonymous

**Melvin Wee**

**Ian Pereira**

**Mal Head** for his ongoing fund raising throughout the year via his collection of aluminium cans and for the manufacture of his burley cages.

Unfortunately, our Social Officer is retiring this year so I would like to take this opportunity to thank Peter and Jenny for their contribution over the last few years. Although you don't see Jenny's name on the list of committee persons I think we all know she has been the one who has been responsible for the delicious sandwiches that we enjoyed at the end of each general meeting. She also played a big part in the organising of the dinner and presentation night and as far back as I can remember, the crafting of the cross stitch that goes to make up the Club Person of the Year Award.

So without any further ado, I would invite you all to enjoy the meal before the commencement of the awards.

Thank you

## **DRY CASTING OFFICER'S REPORT 3 AUGUST 2008**

The decision to delay the start time for Dry Casting was a good choice, as it gave us a chance to have a sleep in after our Annual Presentation Night. Despite the later than usual start, most members were only too willing to assist in setting up the accuracy and V Court for the day's casting. The 26 casters present (which included four visitors), were treated to a beautiful morning, but unfortunately had to contend with a light easterly wind all day, which kept distances down.

Mal Harris's 109 points in D/H Accuracy was the best in the Seniors, and the only one to break the ton. Andrew came in second with 93 points. The Veterans were showing us how to do it with six casters managing 125+ points. The stand out this month was George with 164 points followed by Gary with 157 points, and Mal Head is back on track with 141 points. The Ladies D/H Accuracy was very close, only six points separated Vix, Marcia & Wendy. Marcia was the eventual winner by one point. It was great to Michelle Walker casting alongside Holly and the other ladies, let's hope she becomes a regular competitor.

In the S/H Accuracy events, Peter Pekaar won in the Seniors, George again was the best Veteran with 34 points followed by Bob with 28 points. Marcia Pekaar won the Ladies Division.

The sound of lead weights hitting the metal cone rang three times on the day – Marcia Pekaar with the only bull's eye in D/H Accuracy; George and Cookie each scored a bull's eye in S/H Accuracy.

### ***Points of Note***

- Holly Walker's improvements in her distance casting. Nearly all of her casts were over 50m.
- Vix Alexander is now regularly casting over 100m in 56g and 112g events.
- We can't help but notice Ian Cook's distances improving over the last few months. In fact, he had the longest Veterans cast of the day with 143m.
- New Seniors Entrant, Andrew Pekaar's 130m cast in Artificial Bait.
- Dean Stewart's 138 points in D/H Accuracy shows his practise sessions are paying off.
- One of our visitors, 16-year-old Chris McFarlane, competed with the Seniors in all events, earned a total score of 133 points and cast over 100m on his first day with the Surf Casters.

Top points for the day go to George Holman with an impressive 299 points. Congratulations, George. Well done to everyone who competed on the day, and thank you to all the helpers.

Thank you to Greg and Michelle Walker for making both breakfast and lunch available during and after casting.

## **IS IT A FAIR COMMENT ?**

*The following are comments to all Club Members for them to peruse.  
THEY ARE NOT MINE*

You see, I've just caught up with a former Club Member who informed me he will not be renewing his membership. He was forthright in expressing why he is leaving the Club (his intensity and emotion put me back a bit) and it struck me that maybe he has a point or two, so I'll put his comments to you all.

The main points he said:

- Why should I pay \$200-\$400 to go on a Field Day? (His pricing on getting to some of our Field Day locations).
- Why should I need to purchase a 4x4 to get to most of the locations? (His explanation of getting to the good locations).
- Why do I have to drive anywhere up to 200-600km (one way) to go to a fishing spot? (His interpretation of our Field Day locations).
- Why is it that if I do go, I then have to fish by myself? (Everyone nicks off and does their own thing and do not stay together).
- Why are the boundaries so far apart? (This encourages separation).

He went on quite animatedly that it is supposed to be a "Fishing Club" which should encourage togetherness, fellowship and membership. Why do we distance ourselves from each other at a Field Day? Gone are the days of enjoying each other's company, he stated; we all want to win, we don't share, we are individuals, not a "Club". He commented that even the "Local" Field Days are "spread from kingdom come to the outback", so how can you unite on a local (sorry, but I said a simple phone call can always fix that, hey it's called communication).

He went on that what in the hell is the Club about these days. It seems more important to have lots of money in the bank and not spend it on the members who raised the funds. He made the comment, "We are not a profit making Club, we are an amateur fishing club". We have a Club property that is worth a lot, now used by so few members, yet no Club House where all the Club Members could meet, share and display our memorabilia, display our history. We have no place to present to new members to take part in and belong. We share venues belonging to others (a footy club, a bowling club, church halls, etc). Where is "Our Clubroom"? It's time to get our own.

He also stated that for so many years our Club Members have gone to great lengths to represent their Club at AAA State Titles and the AAA National Titles, yet the Club has never ever put its hand in its pocket and given the slightest donation to Team Members. Why did we all put in so much effort into raising funds for our Members? (I did disagree on this one).

Another big gripe was the "Presentation Night". He commented that the location was a good one, yet we failed to enjoy the view; the drinks were very pricey (and where are our pre-dinner drinks?); the food was good once (a couple of selections) but to watch the staff wait until the trays were empty before replacing them after everyone had sat down was an utter waste of food and service. Boy, was he excited in expressing that better food and service at a better price could be found elsewhere.

He went right off telling me in no uncertain terms that it looked very shabby to watch the Presenters and the Winners struggle with arms full of bits and pieces up front. Why do we insist in bringing a person up numerous times to give him armsful of prizes; why not group some awards together and make one good prize? Why can't the Club buy one decent prize to give?

Funny, he didn't have a bad comment on our Dry Casting. He said it's the best Club Day as we are all together sharing the event. He pointed out that in the past the Committee deferred and made many decisions for the Club Members at their meetings instead of long, drawn out club meetings. Club meetings drag out so long and get boring (I disagreed as otherwise how can good debate be obtained?)

He was very animated that the SCAC is an "Amateur Fishing Club". We should get back to fishing together (he said look at the Fremantle Club and how many go on their Field Days and their short travel locations). We should look at our Field Day locations and understand today's financial environment by making the Field Days not so far away, break down those large boundaries to encourage togetherness. Have only one or two Field Days that require a reasonable travel distance.

Free the Club of its property that's so far away; get rid of the hassles of achieving maintenance through others. Get our own place to call *Our Club House*.

"I can't afford it any more. How can a few fish be worth \$400? A week away is better investment; how can I be proud to be a member? It's nothing any more, I have lost interest". The only real benefit I have garnered from this Club is some everlasting mates and good friends. (Now I reckon he has the greatest prize).

Please consider what I have reported on. It's from a former, disgruntled Member (NOT ME although I agree with some comments) and I believe we now have quite a few. Is he right on any of these things? Are we wrong? We need to unite and put our heads together and come up with some small solutions that will repair our Club for it to continue into the future. We have a good leadership group that can move our Club into the future.

#### **Wanted - Aluminium Cans**

Wanted - Aluminium cans. Please bring them along to the General Meeting or to Mal Head's home, but not to Dry Casting. Mal saves them up and takes them to the recyclers when he has enough, and the price is right, and donates all the proceeds to the Club.

## **HENDO'S HEAVENLY CALL**

The day had finally arrived. Hendo had carked it and hesitantly heads for Heaven. He is at the Pearly Gates, met by St Peter himself. However, the gates are closed and Hendo approaches the gatekeeper very sheepishly.

St Peter said, "Well, Hendo, it is certainly a surprise seeing you. We have head a lot about you. I must tell you, though, that this place is filling up fast and we have been administrating an entrance examination for everyone. The test is short, but you have to pass it before you can get into Heaven".

Hendo responds, "It's good to be here, St Peter, Sir. But nobody told me about an entrance exam. I sure hope it ain't too hard. My bloody life was a big enough test as it was!"

St Peter continued, "Yes, I know, Hendo, you have tried but the test is only three simple questions":

First One:           What two days of the week begin with the letter "T"?

Second One:       How many seconds are there in a year?

Third One:          What is God's first name?

Hendo asks for time to think these over and returns the next morning and sees St Peter who waves him up and says, "Now that you have thought the questions over, tell me your answers".

Hendo replies, "Well the first one was easy and the answer is "Tooday ana Tomorra". St Peter's eyes are open wide and He exclaimed, "Hendo, that is not the answer I was thinking, but you do have a point and I guess I did not specify, so I will give you credit for that answer. How about the next one?" "How many seconds in a year?" "Geez, that one is harder", sez Hendo, "but I thunk and thunk about that one for a while and I guess the only answer is 12". Astounded, St Peter said "Twelve; Hendo how in Heaven's name could you come up with 12 seconds in a year?" With a smug look, Hendo replies "Any silly bugger knows there has to be 12: There's 2<sup>nd</sup> January, 2<sup>nd</sup> February, 2<sup>nd</sup> March and so on." "Hold it", interrupts St Peter. "I see where you're going with this and I see your point. Though not quite what I had in mind, I will have to give you credit for that one too. Well, what's your answer to the final question? Can you tell me what is God's first name? "Well blow me down", says Hendo, "that took a lot of tinkin but then I remembered my mate Willo and his music ona Field Day. Yep, the answer is ANDY". "ANDY?" replies an exasperated St Peter. "I can come to terms with your first two answers, but this one's a doozy; how do you come up with ANDY?" "Cor blimey" said Hendo. "I remember the song ana it was a crappy one but aint you heard the song ... "ANDY WALKS WIF ME, ANDY TALKS WITH ME, and ANDY TELLS ME I AM THE ONE".

(Not nice being called a smart arse from someone in authority is it?)

## **Kalbarri House For Rent**

The Club has a house in Kalbarri. The house is situated close to the river, beaches and town. It has two bedrooms and will sleep up to eight (max) in 1 double bed and 3 bunks, has reverse cycle air conditioning and ceiling fans to keep you cool in the summer months. Users need to bring their own linen, blankets and towels, tea towels, etc. It has a radio and television, stove with oven, microwave oven, crockery and cutlery and all cooking utensils, fridge and freezer. It does not have a washing machine, but there is a laundromat in town. Outside has a fish cleaning facility and a full width verandah. Rates are:-
